AWSR

Version 3.0.0

The Cooperative Forestry Assistance Act of 1978 requires the U.S. Department of Agriculture (USDA), Forest Service to collect information about wildfire suppression efforts by State and local fire fighting agencies to ensure that Congress has adequate information to implement its oversight responsibilities and to provide accountability for expenditures and activities under the Act. The Forest Service works cooperatively with State and local fire fighting agencies and provides supplemental funding to these agencies to support their fire suppression efforts through the Forest Service State and Private Forestry Cooperative Fire Program. The Annual Wildfire Summary Report, FS-3100-8 form, is used to record and report State reportable wildfires and all qualifying non-Federal acreages burned.

The Annual Wildfire Summary Report application (AWSR) enables State Foresters to electronically maintain the required data on the Annual Wildfire Summary Report (FS-3100-8 form). The data is stored in an Oracle database that resides on an AIX database server at the National Interagency Technology Center (NITC).

Non-Discrimination Statement (OMB 0596-0025 Exp: 6/2010)

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0596-0025. The time required to complete this information collection is estimated to average 30 minutes/hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD).

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, SW, Washington, DC 20250-9410 or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer.
