Dear <Name>:

Social Security is continually working to provide secure online services that best meet our customers' needs. Our customers can currently take care of many types of business on our website (www.socialsecurity.gov). For example, they can file an application for benefits or change their address.

We are writing to you today to ask you to share your opinions about doing business online so we can serve you better in the future. While you are not required to respond, your opinions are very important to us and we would like to hear from as many people as possible. The survey should take around 5 minutes to complete.

The survey can only be completed online. Please give us your opinions as soon as possible by using the following link:

<http://www.socialsecurity.gov/survey/ea.htm>

Social Security will report the survey results by summarizing the answers of everyone who takes the survey. All responses will be anonymous. We will not report any individual responses. Your answers will be shared only with the researchers working on the project. Your participation in the survey will not affect your eligibility for benefits or any business you have with Social Security.

If you have any questions regarding this survey, or any other Social Security business, please call Social Security's toll-free information line at 1-800-772-1213. If you write to us at the address shown on the envelope this letter came in, it will take longer for us to answer you.

Your opinions are important to us and we appreciate your taking the time to share them.
