

Narrative of Revisions

The purpose of the Narrative of Revisions is to clearly indicate revisions to a collection since the previous approval

Collection Title: Audit Reports under the International Safety Management Code

OMB Control No.: 1625-0084

Current Expiration Date: 09/30/2010

Collection Instruments: Instructions

There are no changes in the information being submitted. The change in burden hours is an adjustment. The reporting and recordkeeping requirements and the methodology for calculation burden remain unchanged.

The following listed below are revisions to the collection:

- Increase in burden (responses/burden hours). The increase is due to a change in the inspected vessel population.
- Update about the use of technology.
- USCG has created printable instructions for this collection of information.
