DLSGP is authorized by section 204, Title II of the REAL ID Act of 2005, Division B of the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Tsunami Relief, 2005 (Pub. L. 109-13) (49 U.S.C. 30301) The program utilizes the "Minimum Standards for Driver's Licenses and Identification Cards Acceptable by Federal Agencies for Official Purposes: Final Rule," January 29, 2008, 6 CFR part 37.

Collection of Information

Title: FEMA Preparedness Grants; Driver's License Security Grant Program (DLSGP).

Type of Information Collection: New information collection.

OMB Number: 1660-NEW.

Form Titles and Numbers: No Forms.

Abstract: The DLSGP is an important tool among a comprehensive set of measures to help strengthen the Nation against risks associated with potential terrorist attacks. FEMA uses the information to evaluate applicants' familiarity with the national preparedness architecture and identify how elements of this architecture have been incorporated into regional/state/local planning, operations, and investments. The Program Narrative and Program Management Capabilities Work Plan provide the State with a Driver's License Security Grant Program implementation roadmap and tells the Department of Homeland Security (DHS) how grant funding will be used. The Program Narrative is a separate document from the Program Management Capabilities Work Plan, both of which help to assess program implementation potential and a State's management procedures and capabilities. The Program Narrative and the Program Management Capabilities Work Plan are required upon grant application and are reviewed by FEMA and the DHS Policy Office to determine funding decisions and assists with project oversight.
