

## Commonly Asked Questions

### **Q: How did you get my address?**

A: Your address was randomly selected from among all of the home addresses in the nation. It was selected using scientific sampling methods to represent other households in the U.S.

### **Q: If there are no children or anyone currently in school in my household, should I respond?**

A: Yes, you should respond to this survey. Once you return the questionnaire, the study will be able to see if anyone in your household is eligible for the next and final survey. If no one is eligible, you will not receive another survey.

### **Q: Why don't you ask more questions about education in this questionnaire?**

A: The purpose of this questionnaire is to find out if anyone in your household is eligible for the next stage of the survey. If so, we will send a second questionnaire that will ask about educational experiences of a member of your household.

### **Q: Why should I take part in this study? Do I have to do this?**

A: You represent thousands of other households like yours, and you cannot be replaced. Your answers and opinions are very important to the success of this study. Your participation is voluntary.
