Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of the CSP is to increase  
national understanding of the charter school model and to expand  
the number of high-quality charter schools available to students  
across the Nation by providing financial assistance for the

planning, program design, and initial implementation of charter schools, and to evaluate the effects of charter schools, including their effects on students, student academic achievement, staff, and parents.

The purpose of this competition (CFDA 84.282M) is to award grants to eligible applicants to enable them to replicate or expand high-quality charter schools with demonstrated records of success, including success in increasing student academic achievement. Eligible applicants may use their CSP funds to expand the enrollment of one or more existing charter schools by substantially increasing the number of available seats per school, or to open one or more new charter schools that are based on the charter school model for which the eligible applicant has presented evidence of success.

Priorities: This competition includes one absolute priority and three competitive preference priorities. We are establishing these priorities for the FY 2010 grant competition and any subsequent year in which we make awards from the list of unfunded applicants from this competition, in accordance with section 437(d)(1) of the General Education Provisions Act (GEPA), 20 U.S.C. 1232(d)(1).

Absolute Priority: This priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

Experience Operating or Managing High-Quality Charter Schools.

The applicant must have experience operating or managing more than one high-quality charter school. For purposes of this priority, a high-quality charter school is a school that shows evidence of strong academic results, based on the criteria described in Selection Criterion (a), and has no significant issues in the areas of student safety, financial management, or statutory or regulatory compliance. For purposes of this competition, significant issue means something that did, will, or could lead to the revocation of a school's charter.

Competitive Preference Priorities: These priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i) we will award up to an additional 30 points to an application, depending on how well the application meets one or more of these priorities.

Note: In order to receive preference under these competitive preference priorities, the applicant must identify the priority or priorities that it believes it meets and provide documentation supporting its claims.

These priorities are:

Competitive Preference Priority 1 -- Low-Income Demographic (up to 10 points). To meet this competitive preference priority,

the applicant must demonstrate that at least 60 percent of all students in the charter schools it operates or manages are individuals from low-income families.

For purposes of this priority, the term individual from a low-income family means an individual who is determined by a State educational agency (SEA) or local educational agency (LEA) to be a child, ages 5 through 17, from a low-income family, on the basis of (i) data used by the Secretary to determine allocations under section 1124 of the Elementary and Secondary Education Act of 1965, as amended (ESEA), (ii) data on children eligible for free or reduced-price lunches under the National School Lunch Act, (iii) data on children in families receiving assistance under part A of title IV of the Social Security Act, or (iv) data on children eligible to receive medical assistance under the Medicaid program under Title XIX of the Social Security Act, or (v) an alternate method that combines or extrapolates from those data (see section 1707(3) of the Elementary and Secondary Education Act of 1965, as amended (ESEA)).

Competitive Preference Priority 2 -- School Improvement (up to 10 points). To meet this competitive preference priority, the applicant must demonstrate that its proposed replication or expansion of one or more high-quality charter schools is in partnership with, and designed to assist, one or more LEAs in implementing academic or structural interventions to serve

students attending schools that have been identified for improvement, corrective action, closure, or restructuring under section 1116 of the ESEA, and as described in the notice of final requirements for the School Improvement Grants, published in the Federal Register on December 10, 2009 (74 FR 65618).

Competitive Preference Priority 3 -- Matching (up to 10 points). To meet this competitive preference priority, the applicant must commit to provide matching funds in an amount equal to or greater than 25 percent of the grant award to support its proposed project under this program. In order to secure matching funds and meet this competitive preference priority, the applicant may enter into a partnership or otherwise collaborate with other entities, including philanthropic organizations.

In order to receive points under this competitive preference priority, the applicant must include in its application assurances documentation demonstrating that it will be able to secure the specified matching funds. An applicant that is approved for a grant must have the proposed matching funds in place prior to receiving the grant award.

Requirements:

(1) Grantees under this program must use the grant funds to replicate or substantially expand an existing high-quality charter school that is based on the model or models for which the applicant has presented evidence of success.

For purposes of this competition, the term replicate means to open one or more new charter schools that are based on the charter school model or models for which the applicant has presented evidence of success.

In addition, in the context of this competition, the term substantially expand means to increase the enrollment of one or more existing charter schools by more than 50 percent or to add at least two grades to an existing charter school over the course of the grant.

(2) Applicants approved for funding under this competition must attend a two-day meeting for project directors in the Washington, DC area during each year of the project. Applicants are encouraged to include the cost of attending this meeting in their proposed budgets.

Waiver of Proposed Rulemaking: Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed priorities, selection criteria, application requirements, and definitions. Section 437(d)(1) of GEPA, however, allows the Secretary to exempt from rulemaking requirements, regulations governing the first grant competition under a new or substantially revised program authority. This is the first grant competition for the replication and expansion of high-quality charter schools under the Charter Schools Program authority, as

described in the Consolidated Appropriations Act, 2010 (Pub. L. 111-117), and, therefore, qualifies for this exemption. In order to ensure timely grant awards, the Secretary has decided to forgo public comment on the priorities, selection criteria, requirements, and definitions in this notice under section 437(d) (1) of GEPA. These priorities, selection criteria, requirements, and definitions will apply to the FY 2010 grant competition and any subsequent year in which we make awards from the list of unfunded applicants from this competition.

Program Authority: 20 U.S.C. 7221-7221j; Consolidated Appropriations Act, 2010, Division D, Title III, Pub. L. 111-117.

Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 76, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99.

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

Note: The regulations in 34 CFR part 86 apply only to institutions of higher education.

Note: The regulations in 34 CFR part 99 apply only to an educational agency or institution.

5. Funding Restrictions: Pursuant to section 5204(f)(3) of the ESEA (20 U.S.C. 7221c(f)(3)), grantees under this program must use the grant funds for--

(a) Post-award planning and design of the educational program, which may include: (i) refinement of the desired educational results and of the methods for measuring progress toward achieving those results; and (ii) professional development of teachers and other staff who will work in the charter school; and

(b) Initial implementation or expansion of the charter school, which may include: (i) informing the community about the school; (ii) acquiring necessary equipment and educational materials and supplies; (iii) acquiring or developing curriculum materials; and (iv) other initial operational costs that cannot be met from State or local sources.

Note: Use of up to 15 percent of grant funds for initial operational costs associated with the expansion or improvement of the eligible entity's oversight or management of its schools is permitted provided that: (i) the specific schools being created or expanded under this grant are beneficiaries of such expansion or improvement, and (ii) such expansion or improvement is intended to improve the applicant's ability to manage or oversee the charter schools created or expanded under this grant.

A charter school that receives funds under this competition is ineligible to receive funds for the same purpose under section 5202(c)(2) of the ESEA, including for planning and program design or the initial implementation of a charter school (i.e., CFDA 84.282A or 84.282B).

We reference additional regulations outlining funding restrictions in the Applicable Regulations section of this notice.

6. Other Submission Requirements. Applications for grants under this program must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

While completing your electronic application, you will be entering data online that will be saved into a database. You may not e-mail an electronic copy of a grant application to us.

Please note the following:

- You must complete the electronic submission of your grant application by 4:30:00 p.m., Washington, DC time, on the application deadline date. #### Application Deadline Date Extension in Case of e-Application

Unavailability: If you are prevented from electronically submitting your application on the application deadline date because e-Application is unavailable, we will grant you an extension of one business day to enable you to transmit your

application electronically, by mail, or by hand delivery. We will grant this extension if--

(1) You are a registered user of e-Application and you have initiated an electronic application for this competition; and

(2) (a) E-Application is unavailable for 60 minutes or more between the hours of 8:30 a.m. and 3:30 p.m., Washington, DC time, on the application deadline date; or

(b) E-Application is unavailable for any period of time between 3:30 p.m. and 4:30:00 p.m., Washington, DC time, on the application deadline date.

We must acknowledge and confirm these periods of unavailability before granting you an extension. Agency Contact) or (2) the e-Grants help desk at 1-888-336-8930. Extensions referred to in this section apply only to the unavailability of e-Application.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may

submit your application in paper format, if you are unable to submit an application through e-Application because--

#### V. Application Review Information

1. Application Requirements: Applicants applying for CSP grant funds must address both the following application requirements, which are based on the statutory requirements under the program, and the selection criteria described in this notice. An applicant may choose to respond to the application requirements in the context of its responses to the selection criteria.

(a) Describe the objectives of the project for replicating or substantially expanding high-quality charter schools and the methods by which the applicant will determine its progress toward achieving those objectives.

(b) Describe how the applicant currently operates or manages the charter schools for which it has presented evidence of success, and how the proposed new or expanded charter schools

will be operated or managed. Include a description of central office functions, governance, daily operations, financial management, human resources management, and instructional management. If applying as a group or consortium, describe the roles and responsibilities of each member of the group or consortium and how each member will contribute to this project.

(c) Describe how the applicant will ensure that each proposed new or expanded charter school receives its commensurate share of Federal education funds that are allocated by formula each year, including during the first year of operation of the school and any year in which the school's enrollment expands significantly.

(d) Describe the educational program to be implemented in the proposed new or expanded charter schools, including how the program will enable all students to meet challenging State student academic achievement standards, the grade levels or ages of students to be served, and the curriculum and instructional practices to be used.

(e) Describe the administrative relationship between the charter schools to be replicated or expanded by the applicant and the authorized public chartering agency.

(f) Describe how the authorized public chartering agency will provide for continued operation of the proposed new or expanded charter schools once the Federal grant has expired.

(g) Describe how parents and other members of the community will be involved in the planning, program design, and implementation of the proposed new or expanded charter schools.

(h) Include a request and justification for waivers of any Federal statutory or regulatory provisions that the applicant believes are necessary for the successful operation of the proposed new or expanded charter schools and a description of any State or local rules, generally applicable to public schools, that will be waived for, or otherwise not apply to, such charter schools.

(i) Describe how the grant funds will be used, including how these funds will be used in conjunction with other Federal programs administered by the Secretary, and with any matching funds.

(j) Describe how students in the community will be informed about the proposed new or expanded charter schools and given an equal opportunity to attend such schools.

(k) Describe how the proposed new or expanded charter schools that are considered to be LEAs under State law, or the LEAs in which such charter schools are located, will comply with sections 613(a)(5) and 613(e)(1)(B) of the Individuals with Disabilities Education Act.

(l) Provide information on any significant issues in the areas of student safety, financial management, and statutory or

regulatory compliance. As noted in the absolute priority, for purposes of this competition, "significant" means something that did, will, or could lead to the revocation of a school's charter.

2. Selection Criteria. We are establishing these selection criteria for the FY 2010 grant competition and any subsequent year in which we make awards from the list of unfunded applicants from this competition, in accordance with section 437(d)(1) of GEPA, 20 U.S.C 1232(d)(1). The maximum possible score for all the criteria in this section is 100 points. The maximum possible score for each criterion is indicated in parentheses following the criterion.

In evaluating an application, the Secretary considers the following criteria:

(a) Quality of the eligible applicant (50 points). In determining the quality of the applicant, the Secretary considers the following factors:

(i) The overall strength of the academic results of all charter schools operated or managed by the applicant relative to other schools serving similar populations.

(ii) Whether all charter schools operated or managed by the applicant have made significant progress in closing historic achievement gaps between various groups of students.

(iii) Whether the applicant has demonstrated success in significantly increasing student academic achievement and

attainment for all students served by charter schools operated or managed by the applicant.

Applicants are invited to submit objective data that they believe would provide relevant information in support of these three factors, along with comparison data for similar schools, where available. In particular, the Secretary is interested in the following data: 1) performance on statewide tests of all charter schools operated or managed by the applicant as compared to all students in other schools in the State or States at the same grade level, and as compared with other schools serving similar demographics of students; 2) annual student attendance and retention rates, and comparisons with other similar schools; 3) where applicable and available, high school graduation rates, college attendance rates, and college persistence rates of students attending schools operated or managed by the applicant. When reporting data for schools in States that may have particularly demanding or low standards of proficiency (for example, see the report available at <http://nces.ed.gov/nationsreportcard/pdf/studies/2010456.pdf>), applicants are invited to discuss how their academic success might be considered against applicants from across the country.

(b) Contribution in assisting educationally disadvantaged and other students (15 points). The contribution the proposed project will make in assisting educationally disadvantaged and

other students served by the applicant to meet or exceed State academic content standards and State student academic achievement standards, and graduate college- and career-ready.

Note: The Secretary encourages the applicant to include a description of how the charter schools to be created or expanded will serve a high concentration of low-income students.

(c) Quality of the project design (10 points). The Secretary considers the quality of the design of the proposed project. In determining the quality of the design of the proposed project, the Secretary considers --

(i) The extent to which the goals, objectives, and outcomes to be achieved by the proposed project are clearly specified, measurable, and attainable. Applicants proposing to open schools serving substantially different populations than those currently served by the model for which they have demonstrated evidence of success should address the attainability of outcomes given this difference.

(ii) The extent to which the design for implementing and evaluating the proposed project will result in information to guide possible replication of project activities or strategies, including information about the effectiveness of the approach or strategies employed by the project.

(d) Quality of the management plan (25 points). The Secretary considers the quality of the management plan and

personnel to replicate and expand high-quality charter schools. In determining the quality of the management plan and personnel for the proposed project, the Secretary considers:

(i) The adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks.

(ii) The business plan for increasing, sustaining, and ensuring the quality and performance of charter schools opened under this program beyond the initial period of Federal funding, including, but not limited to facilities, financials, central office, academics, governance, oversight, and human resources of the schools.

(iii) A multi-year financial and operating model for the organization, as well as a demonstrated commitment of current and future partners, and evidence of broad support from stakeholders critical to the project's long-term success.

(iv) A plan for closing charter schools supported, overseen, or managed by the applicant that do not meet high standards of quality.

(v) The qualifications, including relevant training and experience, of the project director, CEO/organization leader, and key project personnel, especially in managing projects of the size and scope of the proposed project.

## VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary in 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on

reporting, please go to

[www.ed.gov/fund/grant/apply/appforms/appforms.html](http://www.ed.gov/fund/grant/apply/appforms/appforms.html).

4. Performance Measures: The goal of the CSP is to support the creation and development of a large number of high-quality charter schools that are free from State or local rules that inhibit flexible operation, are held accountable for enabling students to reach challenging State performance standards, and are open to all students. The Secretary has two performance indicators to measure progress towards this goal: (1) the number of charter schools in operation around the Nation, and (2) the percentage of fourth- and eighth-grade charter school students who are achieving at or above the proficient level on State examinations in mathematics and reading/language arts. Additionally, the Secretary has established the following measure to examine the efficiency of the CSP: Federal cost per student in implementing a successful school (defined as a school in operation for three or more consecutive years).

All grantees will be expected to submit an annual performance report documenting their contribution in assisting the Department in meeting these performance measures.
