

The following information shows the line number(s) on the draft FERC Form 556 (in the final rule in Docket No. RM09-23) and the proposed “help” verbiage that will display

when a user clicks on the  to the right of the indicated line number.

1h and 1i

Please note that you must clear any entry from line 1i before you can uncheck your selection in line 1i.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

1k

Please note that you must clear any entries from sections 8 and 9 on page 10 before you can clear the “Qualifying small power production facility status” checkbox in line 1k. You must also clear any entries from sections 10 through 15 on pages 11 through 17 before you can clear the “Qualifying cogeneration facility status” checkbox in line 1k.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

1l(1)

Please note that you must clear the expected installation and operation dates before you can uncheck the “Original certification” checkbox in line 1l.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

1l(2)

Please note that you must clear the change effective date before you can uncheck the “Change(s) to a previously certified facility” checkbox in line 1l.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

1l(3)

Please note that you must clear the previous submittal date before you can clear the “Supplement or correction to a previous filing” checkbox in line 1l.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

1m

Please note that you must clear the order date in line 1m before you can clear the first checkbox in line 1m.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

2e

Please note that you must clear any entries from lines 2e through 2i before you can check the checkbox in line 2e.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

3b

Please note that you must clear any entry in line 3b before you can check the checkbox in line 3b.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

3f

Please note that you must clear any entry in line 3f before you can clear the checkbox in line 3f.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

4b

Please note that you must clear any entry in line 4b before you can check the checkbox in line 4b.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

4c

Please note that you must clear any entry in line 4b before you can check the checkbox in line 4c.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

4d

Please note that you must clear any entry in line 4b before you can check the checkbox in line 4d.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

5b

Please note that you must clear any entries from line 5b before you can check the “Check here if no such upstream owners exist” checkbox in line 5b.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

7f and 7g

Please note that the values in lines 7f and 7g are automatically calculated based on the data you provide in lines 7a through 7e.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

8a

Please note that you must clear any entries in line 8a before you can check the “Check here if no such facilities exist” checkbox in line 8a.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

8b

Please note that you must clear any entries in lines 8c through 8e before you can clear the Yes checkbox in line 8b.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

Section 10 (at top of page 11)

Please note that you must have indicated in line 1k that you are seeking qualifying cogeneration facility status for your facility before you can respond to the items on pages 11 through 13.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

10a

Please note that you must clear any entries in sections 12 and 13 before you can clear the “Topping-cycle cogeneration” checkbox in line 10a. You must also

clear any entries in sections 14 and 15 before you can clear the “Bottoming-cycle cogeneration” checkbox in line 10a.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

11a

Please note that you must clear any entries in lines 11c through 11j before you can change your responses in lines 11a and 11b.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

11b

Please note that you must clear any entries in lines 11c through 11j before you can change your responses in lines 11a and 11b.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

11c

Please note that you must clear any entries in lines 11d through 11j before you can change your response in line 11c.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

11d

Please note that you must clear any entries in lines 11e through 11j before you can change your response in line 11d.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

11e

Please note that you must clear any entries in lines 11f through 11j before you can change your response in line 11e.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

11f

Please note that you must clear any entries in lines 11g through 11j before you can change your response in line 11f.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

11i

Please note that the value in line 11i is automatically calculated based on the data you provide in lines 11g and 11h.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

Section 12 (top of page 14)

Please note that you must have indicated in line 10a that your facility represents topping-cycle cogeneration technology before you can respond to the items on page 14.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

Section 13 (top of page 15)

Please note that you must have indicated in line 10a that your facility represents topping-cycle cogeneration technology before you can respond to the items on page 15.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

13c

Please note that the value in line 13c is automatically calculated based on the data you provide in line 13b.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

13e

Please note that the value in line 13e is automatically calculated based on the data you provide in line 13d.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

13g13h

Please note that the values in lines 13g and 13h are automatically calculated based on the data you provide in lines 13a through 13f.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

13j

Please note that you must clear any entries in lines 13k and 13l before you can change your response in line 13j.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

Section 14 (top of page 16)

Please note that you must have indicated in line 10a that your facility represents bottoming-cycle cogeneration technology before you can respond to the items on page 16.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

Section 15 (top of page 17)

Please note that you must have indicated in line 10a that your facility represents bottoming-cycle cogeneration technology before you can respond to the items on page 17.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

15c

Please note that the value in line 15c is automatically calculated based on the data you provide in line 15b.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

15e

Please note that the value in line 15e is automatically calculated based on the data you provide in line 15d.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.

15g

Please note that the value in line 15g is automatically calculated based on the data you provide in lines 15b through 15f.

Please contact Commission staff at Form556@ferc.gov if you require any assistance.
