The narrative portion of an application should not exceed 25 pages in length. Documentation supporting the assertions made in the narrative portion may also be provided, but should be limited to relevant information. At the applicant's discretion, relevant materials provided previously to a Cognizant Modal Administration (as defined below) in support of a different DOT discretionary program (for example, New Starts or TIFIA) may be referenced and described as unchanged. To the extent referenced, this information need not be resubmitted for the TIGER Grant application.

### **B. Contact Information**

An application should include the name, phone number, e-mail address and organization address of the primary point of contact for the applicant. The Department will use this information to inform parties of the Department's decision regarding selection of projects, as well as to contact parties in the event that the Department needs additional information about an application.

### **C. Project Description**

An application should include a detailed description of the proposed project and geospatial data for the project, including a map of the project's location and its connections to existing transportation infrastructure. An application should also include a description of how the project addresses the needs of an urban and/or rural area. An application should clearly describe the transportation challenges that the project aims to address, and how the project will address these challenges. This description should include relevant data such as, for example, passenger or freight volumes, congestion levels, infrastructure condition, or safety experience.

### **D. Project Parties**

An application should include information about the grant recipient and other project parties.

### **E. Grant Funds and Sources and Uses of Project Funds**

An application should include information about the amount of grant funding requested, sources and uses of all project funds, total project costs, percentage of project costs that would be paid for with TIGER Grant funds, and the identity and percentage shares of all parties providing funds for the project (including Federal funds provided under other programs).

### **F. Selection Criteria**

An application must include information required for the Department to assess each of the criteria specified in Section II(A) (*Selection Criteria*), as such criteria are explained in Section II(B) (*Additional Guidance on Selection Criteria*), and each of the relevant criteria specified in Section II(C) (*Program-Specific Criteria*). Applicants are encouraged to demonstrate the responsiveness of a project to any and all of the selection criteria with the most relevant information that applicants can provide, regardless of whether such information has been specifically requested, or identified, in this notice.

Any such information shall be considered part of the application, not supplemental, for purposes of the application size limits identified above in item A (*Length of Applications*). If an applicant is unsure whether any of the program-specific criteria apply to its project and should be addressed in its application the applicant should contact the Department pursuant to the procedures specified below in Section X (*Questions and Clarifications*). Information provided pursuant to this paragraph must be quantified, to the extent possible, to describe the project's impacts on the Nation, a metropolitan area, or a region. Information provided pursuant to this paragraph should include projections for both the build and no-build scenarios for the project for a point in time at least 20 years beyond the project's completion date or the lifespan of the project, whichever is closest to the present.

#### **G. Federal Wage Rate Requirement**

An application must include a certification, signed by the applicant, stating that it will comply with the requirements of subchapter IV of chapter 31 of title 40, United States Code (Federal wage rate requirements), as required by the Recovery Act.

An application must detail whether the project will significantly impact the natural, social and/or economic environment. If the NEPA process is completed, an applicant must indicate the date of, and provide a website link or other reference to, the final Categorical Exclusion, Finding of No Significant Impact or Record of Decision. If the NEPA process is underway but not complete, the application must detail where the project is in the process, indicate the anticipated date of completion and provide a website link or other reference to copies of any NEPA documents prepared.

#### **I. Environmentally Related Federal, State and Local Actions**

An application must indicate whether the proposed project is likely to require actions by other agencies (e.g., permits), indicate the status of such actions and provide a website link or other reference to materials submitted to the other agencies, and/or demonstrate compliance with other Federal, State and local regulations as applicable, including, but not limited to, Section 4(f) *Parklands, Recreation Areas, Refuges, & Historic Properties*; Section 106 *Historic and Culturally Significant Properties*; Clean Water Act *Wetlands and Water*; Executive Orders *Wetlands, Floodplains, Environmental Justice*; Clean Air Act *Air Quality (specifically note if the project is located in a nonattainment area)*; Endangered Species Act *Threatened and Endangered Biological Resources*; Magnuson-Stevens Fishery Conservation and Management Act *Essential Fish Habitat*; The Bald and Golden Eagle Protection Act; and/or any State and local requirements.
