Core Activity Reporting Instructions

Instruction Text #3

Paperwork Reduction Act Statement. The information collection requirements contained in this document have been approved by the OMB under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520) and assigned OMB Control Number (2506-018). In accordance with the Paperwork Reduction Act, HUD may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless the collection displays a currently valid OMB control number. The public reporting burden for the collection of information is estimated to average 2 hours per annum per respondent.

The American Recovery and Reinvestment Act (ARRA) was signed into law on February 17, 2009, with the goal of stimulating the economy by providing billions of dollars for federal agencies to allocate through grants and loans. According to ARRA Section 1609 (c), organizations receiving grants must provide information about the environmental impact of their projects and how they comply with the requirements of the National Environmental Policy Act (NEPA) Environmental Review.

To make it easy for grant recipients, like you, to provide NEPA compliance information related to your projects, HUD built the Recovery Act Management and Performance System (RAMPS).

Award List

Award ID	Appropriation Program	Obligation Amount	Core Activity Report Completed	
08SH0116100	0327	\$208,342	No	Core Activity
AK06S00150109	0305	\$3,306,953	No	Core Activity
R-094JY-12-0007	0161	\$799,727	No	Core Activity
HC51551	0306	\$3,918,000	N/A	N/A
KS16T861014-09I	0303	\$203,340	N/A	N/A
M09-ES010100	0203	\$31,952,086	No	Core Activity
S09-DY-01-0001	0193	\$13,328,942	No	Core Activity
VALHB0417-08	0177	\$1,406,633	No	Core Activity

2. The recipient will have the ability to enter new project information (selection on the right) or updated and existing project by selecting from their list.

EXPIRATION DATE:

Instruction Text #4

Under each Award (Grant), a recipient will add at least one environmental review project for reporting purposes although multiple projects can be added to each Award.

NOTE: An environmental review project is defined as the subject of a single specific Environmental Review.

Performance Project List

Note: All ARRA funded activities must be included in an environmental review, even if the review results in a determination that the activity/project is exempt.

An environmental review project can be in two different states:

- Submitted Project » a fully completed environmental review project form that *has* been submitted to HUD for NEPA reporting
- Project in Progress » a partially completed environmental review project form that has yet to be completed and has *not* been submitted to HUD for NEPA reporting

Legend

Energy Efficiency Measures
Project Funding
Section Review and Submission

Energy Efficiency Unit Counts: Report the following: 1) energy efficiency unit counts planned for the life of the project and 2) energy efficiency total unit counts completed by the end of the previous quarter (e.g., December 31, 2009 for the January reporting cycle). All reporting is cumulative, rather than incremental. Enter the number of units affected by each type of major energy efficiency category. Then enter the number of units that received specific energy conservation measures using the detailed list below each major energy efficiency category.

For example, if you installed new storm doors in 70 units and new storm windows in 10 of those units, check the box for Doors and Windows, and enter 70 units. Under the detailed list for each category below, enter 70 units for Storm Doors and 10 units for Storm Windows. If you installed new storm doors in 30 units and new storm windows in a different set of 40 units, check the box for Doors and Windows, and enter 70 units. Under the detailed list for each category below, enter 30 units for Storm Doors and 40 units for Storm Windows. In this section, you should count each unit as many times as applicable- do not worry about double counting in these fields.

Energy Efficiency Measures

Do you have any Energy Efficiency Measures to report? Yes No

of units that will receive any of the Energy Efficiency Measures listed below:

of Completed units that will receive any of the Energy Efficiency Measures listed below:

Energy Efficiency Measures - Enter both planned number and total completed number in the appropriate columns.

Detailed Information	# of Planned	# of Completed
# of units receiving ENERGY STAR qualified Replacement Windows	<input type="text" value="0"/>	<input type="text" value="0"/>
# of units receiving ENERGY STAR qualified Replacement Exterior Doors	<input type="text" value="0"/>	<input type="text" value="0"/>
# of units receiving Energy Efficient Storm Doors	<input type="text" value="0"/>	<input type="text" value="0"/>
# of units receiving Energy Efficient Storm Windows	<input type="text" value="0"/>	<input type="text" value="0"/>
# of units receiving Energy Efficient Window Film	<input type="text" value="0"/>	<input type="text" value="0"/>
