

SUPPORTING STATEMENT  
FORMS RELATING TO FDIC OUTSIDE COUNSEL,  
LEGAL SUPPORT, AND EXPERT SERVICES PROGRAMS  
(OMB. No. 3064-0122)

INTRODUCTION

The FDIC requests OMB approval to extend without revision the above-captioned information collection. The collection has a current expiration date of June 30, 2010.

The information collected enables the FDIC to ensure that all individuals, businesses and firms seeking to provide legal support services to the FDIC meet the eligibility requirements established by Congress. The information is also used to manage and monitor payments to contractors, document contract amendments, expiration dates, billable individuals, minority law firms, and to ensure that law firms, experts, and other legal support services providers are in compliance with statutory and regulatory requirements. As currently approved, this collection consists of 22 forms.

A. JUSTIFICATION

1. Circumstances and Need

The Federal Deposit Insurance Act (the “Act”) authorizes the FDIC to enter into contracts using private sector contractors to provide goods or services (12 USC 1819). The Act and its implementing regulation also set forth certain minimum standards of contractor competence, experience, fitness, and integrity (12 USC 1822(f)(4), 12 CFR Part 366), and mandate inclusion, to the extent possible, of women and minorities and women- and minority-owned entities in all contracts (12 U.S.C. 1833e, 12 CFR Part 361).

The FDIC Legal Division has developed the forms in this collection to facilitate its procurement of and payment for outside counsel, expert, and legal support services and to ensure compliance with the aforementioned statutory and regulatory requirements.

2. Use of the Information Collected

The information collected is used to permit the FDIC to make determinations with respect to disqualifying conditions or conflicts of interest, to budget and reimburse for services, to assess cost-effectiveness, to measure progress, and to monitor the participation of women and minorities in legal services contracts.

3. Use of Technology to Reduce Burden

The forms in this collection are on the FDIC's external web site, available for on-line completion and electronic submission, as well as view-and-print capability.

4. Efforts to Identify Duplication

The information collected does not duplicate information existing elsewhere.

5. Minimizing Burden on Small Entities

The forms have been designed to minimize burden on small entities, limiting the questions to those minimally necessary to obtain sufficient information to establish program eligibility and to reimburse legal contractors for services and expenses.

6. Consequences of Less Frequent Collection

The forms are required when a law firm, expert or other legal support services provider enters into a contractual agreement with the FDIC, when changes occur that affect the contractor's initial representations, and when the contractor seeks payment for services and/or expenses. Less frequent collection would compromise the FDIC's ability to ensure compliance with statutory and regulatory requirements, and to effectively monitor contract compliance and expenditures. The information is collected only on an as-needed basis.

7. Special Circumstances

There are no special circumstances.

8. Consultation with Persons outside the FDIC

A first Federal Register notice of the proposed revision was published on March 16, 2010. No comments were received. A second Federal Register notice of the proposed revision was published on June 1, 2010.

9. Payment or Gift to Respondents

No payments or gifts to respondents are involved in this collection.

10. Confidentiality

The forms are subject to the normal confidentiality provisions of the Freedom of Information Act and the Privacy Act.

11. Information of a Sensitive Nature

Questions about prior convictions, patterns or practices of defalcation, and prohibitions from participating in banking activities are required by the RTC Completion Act statute.
