

species-specific dealer-reported information. Reducing the number of unknown and improperly identified sharks will improve quota monitoring and the data used in stock assessments. These workshops will train shark dealer permit holders or their proxies to properly identify Atlantic shark carcasses.

Protected Species Safe Handling, Release, and Identification Workshops

Since January 1, 2007, shark limited access and swordfish limited access permit holders who fish with longline or gillnet gear, have been required to submit a copy of their Protected Species Safe Handling, Release, and Identification Workshop certificate in order to renew either permit (71 FR 58057; October 2, 2006). These certificate(s) are valid for three years. As such, vessel owners who have not already attended a workshop and received a NMFS certificate, or vessel owners whose certificate(s) are due to expire in 2009, must attend one of the workshops offered in 2009 to fish with, or renew, their swordfish and shark limited access permits. Additionally, new shark and swordfish limited access permit applicants who intend to fish with longline or gillnet gear must attend a Protected Species Safe Handling, Release, and Identification Workshop and submit a copy of their workshop certificate before either of the permits will be issued.

In addition to certifying permit holders, all longline and gillnet vessel operators fishing on a vessel issued a limited access swordfish or limited access shark permit are required to attend a Protected Species Safe Handling, Release, and Identification Workshop and receive a certificate. The certificate(s) are valid for three years. Vessels that have been issued a limited access swordfish or limited access shark permit may not fish unless both the vessel owner and operator have valid workshop certificates onboard at all times. Approximately 70 free Protected Species Safe Handling, Release, and Identification Workshops have been conducted since 2006.

Workshop Dates, Times, and Locations

1. October 14, 2009, from 9 a.m. – 5 p.m., Hilton Garden Inn, 1101 U.S. Highway 231, Panama City, FL 32405.

2. October 28, 2009, from 9 a.m. – 5 p.m., Hilton Garden Inn, 5353 North Virginia Dare Trail, Kitty Hawk, NC 27949.

Registration

To register for a scheduled Protected Species Safe Handling, Release, and Identification Workshop, please contact Angler Conservation Education at (386) 852-9137, 1640 Mason Avenue, Daytona Beach, FL 32117.

Registration Materials

To ensure that workshop certificates are linked to the correct permits, participants will need to bring the following items with them to the workshop:

Individual vessel owners must bring a copy of the appropriate permit(s), a copy of the vessel registration or documentation, and proof of identification.

Representatives of a business owned or co-owned vessel must bring proof that the individual is an agent of the business (such as articles of incorporation), a copy of the applicable permit(s), and proof of identification.

Vessel operators must bring proof of identification.

Workshop Objectives

The protected species safe handling, release, and identification workshops are designed to teach longline and gillnet fishermen the required techniques for the safe handling and release of entangled and/or hooked protected species, such as sea turtles, marine mammals, and smalltooth sawfish. The proper identification of protected species will also be taught at these workshops in an effort to improve reporting. Additionally, individuals attending these workshops will gain a better understanding of the requirements for participating in these fisheries. The overall goal of these workshops is to provide participants with the skills needed to reduce the mortality of protected species, which may prevent additional regulations on these fisheries in the future.

Grandfathered Permit Holders

Participants in the industry-sponsored workshops on safe handling and release of sea turtles that were held in Orlando, FL (April 8, 2005) and in New Orleans, LA (June 27, 2005) were issued a NOAA

workshop certificate in December 2006 that is valid for three years. These workshop certificates may be expiring in 2009. Vessel owners and operators whose certificates expire prior to permit renewal in 2009 must attend a workshop, successfully complete the course, and obtain a new certificate in order to renew their limited access shark and limited access swordfish permits. Failure to provide a valid NOAA workshop certificate could result in a permit denial.

State Broadband Data and Development Grant Program

AGENCY: National Telecommunications and Information Administration, U.S. Department of Commerce.

ACTION: Notice of funds availability; clarification of period of performance.

SUMMARY: The National Telecommunications and Information Administration (NTIA), U.S. Department of Commerce, publishes this Notice to provide clarification regarding the period of performance for awards under the State Broadband Data and Development Grant Program as set forth in the Notice of Funds Availability and Solicitation of Applications (NOFA) published on July 8, 2009.

DATES: NTIA implements this notice as of September 10, 2009. All amended budgets *must* be submitted to NTIA no later than 11:59 p.m. ET on September 15, 2009, as more fully described in this Notice.

ADDRESSES: All amended budgets must be submitted through the online Grants.gov system. NTIA requests that Applicants also submit a courtesy copy to broadbandmapping@ntia.doc.gov.

FOR FURTHER INFORMATION CONTACT: Anne W. Neville, Program Director, State Broadband Data and Development Grant Program, National Telecommunications and Information Administration, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Room 4716, Washington, DC

20230; by telephone at (202) 482-4949 or via electronic mail at broadbandmapping@ntia.doc.gov. Information about the State Broadband Data and Development Grant Program can also be obtained electronically via the Internet at http://www.broadbandusa.gov/broadband_mapping.htm.

SUPPLEMENTARY INFORMATION: On July 8, 2009, NTIA published a Notice of Funds Availability (NOFA) in the **Federal Register** to announce the availability of funds for the State Broadband Data and Development Grant Program pursuant to the authority provided in the American Recovery and Reinvestment Act of 2009 (Recovery Act), Public Law 111-5, 123 Stat. 115 (2009), and the Broadband Data Improvement Act (BDIA), Title I, Public Law 110-385, 122 Stat. 4096 (2008).¹ In the NOFA, NTIA provided that the period of performance for awards under the Program would be five years from the date of award.²

NTIA's highest priority with respect to this Program is to facilitate the development and maintenance of a national broadband map. The Agency seeks to develop the map in such a way that encourages continually improved data collection efforts while maintaining fiscal responsibility, resulting in a map that meets the requirements of Congress and the needs of all stakeholders, including policymakers and consumers. To that end, NTIA has determined that it will at this time fund mapping and data collection efforts for two years and will assess lessons learned, determine best practices, and investigate opportunities for improved data collection prior to obligating funding for subsequent years. NTIA now clarifies that the initial period of performance for funds allocated to Broadband Mapping purposes will be two (2) years from the date of award and any subsequent funding will be subject to and contingent upon the agency's review of program priorities and the availability of funds.

NTIA will review and negotiate awards based on the five-year budget that applicants have already submitted. In light of this clarification, however, NTIA will allow an applicant to submit a new budget on SF 424A reflecting any revisions necessary for the first two years of the award period (2009-2010, 2010-2011). Any revised budget must be submitted no later than 11:59 p.m. on September 15, 2009, through the online

² 74 FR 32550.

Grants.gov system. NTIA requests that Applicants also submit a courtesy copy to broadbandmapping@ntia.doc.gov.

The period of performance for funds allocated to Broadband Planning purposes will remain five (5) years from the date of award. All other requirements provided in the Notice published on July 8, 2009, remain unchanged.

Dated: September 4, 2009.

Lawrence E. Strickling,
Assistant Secretary for Communications and Information.
