

African-Americans, Hispanics, and other racial and ethnic minorities.”

In addition, section 906(d) of the act (21 U.S.C. 387f(d)) gives the Secretary authority to impose restrictions on the advertising and promotion of a tobacco product that the Secretary determines are appropriate to protect the public health.

Section 105(a) of the Tobacco Control Act (21 U.S.C. 387f-1) requires the Secretary to develop and publish an action plan to enforce restrictions on the sale, distribution, promotion, and advertising of menthol and other cigarettes to youth. The provision requires that the Secretary develop this plan in consultation with public health organizations and other stakeholders with demonstrated experience and expertise in serving minority communities. The action plan must also include provisions designed to ensure enforcement of the restrictions on the sale, distribution, promotion, and advertising of menthol and other cigarettes to youth in minority communities.

More information about tobacco advertising, promotion, and marketing to minority population groups will assist FDA in implementing the public health goals of the Tobacco Control Act. To assist FDA in carrying out the previously mentioned provisions in a manner that will protect the public health, FDA seeks information about the advertising and promotion of tobacco products to particular racial and ethnic minority populations. A better understanding of this advertising and promotion will help FDA understand what steps, if any, may be appropriate under section 906(d) of the act. In addition, we are requesting comments that will assist the agency’s development of an action plan regarding enforcement of regulations on advertising and promotion of menthol and other cigarettes to youth generally and to youth in minority communities. FDA is also seeking information that will assist the Tobacco Products Scientific Advisory Committee in understanding and developing recommendations regarding the impact of the use of menthol in cigarettes among children, African-Americans, Hispanics, and other racial and ethnic minorities. A copy of the Tobacco Control Act is available at <http://www.fda.gov/tobacco>.

II. Request for Information

1. Product advertising and promotion play a critical role in fostering brand loyalty and communicating messages to consumers. FDA is aware that messages can be conveyed through a variety of

visual cues and that, historically, messages about tobacco products have been created to appeal to specific racial and ethnic communities. Increased understanding of such messaging will assist FDA in determining what steps to take, if any, regarding the sale, distribution, advertising, and promotion of tobacco products that may be appropriate for the protection of public health. We are therefore requesting information on ways in which the advertising and promotion of tobacco products may affect tobacco use among racial and ethnic minority populations.

2. In the **Federal Register** of March 19, 2010 (75 FR 13225), FDA published final regulations restricting the sale and distribution of cigarettes and smokeless tobacco to protect children and adolescents. Those regulations take effect June 22, 2010. Therefore, FDA is also seeking input specifically on designing an action plan regarding enforcement of the final regulations on advertising and promotion of menthol and other cigarettes to youth generally and to youth in minority communities.

3. FDA is also requesting information that will assist the Tobacco Products Scientific Advisory Committee to better understand, report on, and make recommendations regarding the impact of the use of menthol in cigarettes among children, African-Americans, Hispanics, and other racial and ethnic minorities.

III. Comments

Interested persons may submit to the Division of Dockets Management (see **ADDRESSES**) either electronic or written comments regarding this document. It is only necessary to send one set of comments. It is no longer necessary to send two copies of mailed comments. Identify comments with the docket number found in brackets in the heading of this document. Received comments may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday.

All submissions received must include the agency name and Docket ID. Regardless of the method used for submitting comments or material, all submissions will be posted, without change, to the Federal eRulemaking

Portal at <http://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to read the Privacy Act notice that is available via the link in the footer of <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: Contact Terry Gladhill, Program Analyst, United States Fire Administration, National Fire Academy, (301) 447-1239 for additional information. You may contact the Office of Records Management for copies of the proposed collection of information at facsimile number (202) 646-3347 or e-mail address: FEMA-Information-Collections-Management@dhs.gov.

SUPPLEMENTARY INFORMATION: The National Fire Academy (NFA) of the United States Fire Administration (USFA) is mandated under the Fire Prevention and Control Act of 1974 (Pub. L. 93-498) to provide training and education to the Nation's fire service and emergency service personnel. The state-of-the-art programs offered by the NFA serve as models of excellence and state and local fire service agencies rely heavily on the curriculum to train their personnel. To maintain the quality of these training programs, it is critical that courses be evaluated to determine student satisfaction and reaction to the

course materials, instructional delivery, and the training environment.

Collection of Information

Title: U.S. Fire Administration's National Fire Academy Evaluation Collection.

Type of Information Collection: Revision of a currently approved information collection.

OMB Number: 1660-0032.

Form Titles and Numbers: FEMA Form 064-0-4, NFA Distance Learning Course Evaluation Form; FEMA Form 064-0-5, NFA End of Course Evaluation Form; FEMA Form 064-0-10, USFA Conference/Symposium Form.

Abstract: The NFA End of Course Evaluation Form is used to evaluate all traditional classroom based course deliveries and conference/symposia supporting programmatic initiatives. Data provided by students is used to determine the need for course improvements and the degree of student satisfaction with the training experience. Participant stakeholder data provides necessary information in consideration of program revision and development initiatives and evaluates if the information met their needs.
