SHSP support building and sustaining capabilities at the State and Local levels through planning, equipment, training, and exercise activities, and help states to implement the strategic goals and

objectives included in the State Homeland Security Strategies. This law empowers FEMA Administrator to make grant awards directly to eligible tribes and requires the Administrator to accept appropriate application data submitted by eligible tribes similar to the SHSP application requirements of States, such as:

- The purpose for which the State seeks grant funds and the reasons why the State needs the grant to meet its target capabilities;
- A description of how the State plans to allocate the grant funds to local governments and Indian tribes;
- A budget showing how the State intends to expend the grant funds; and
- A directly eligible tribe must provide a copy of its application to each State within which any part of the tribe is located for review before the tribe submits such application to the Department.
