Saxitoxin Poisoning From Food Web in Animals		

Pectenotoxin Poisoning		
Tetrodotoxin Poisoning (pufferfish or fugu poisoning)		
Yessotoxin Poisoning		

Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: CDC/ATSDR Information Collection Review Office; 1600 Clifton Road NE, M.S. D-74; Atlanta, Ga. 30333; ATTN: Paperwork Reduction Act Project (0920-0004)
