Patient Perceptions of Health Care Survey

Draft Instrument

March 5, 2010

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0990-NEW. The time required to complete this information collection is estimated to average 15 minutes per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: Office of the National Coordinator for Health Information Technology, Department of Health and Human Services, 200 Independence Ave. SW, Suite 336-E, Washington, DC 20201

ABOUT THIS SURVEY

- This study is being conducted by Mathematica Policy Research, an independent research company on behalf of the Department of Health and Human Services, the Office of the National Coordinator for Health Information Technology.
- The purpose of the study is to learn about patient satisfaction with the delivery of health care in physician practices that are in varying stages of electronic health records adoption and use.
- Practices were randomly selected from among primary care practices in this state.
- The questions in this survey are about you, your health, and how you use health care services. Your participation in this study is voluntary. It will take 15 minutes to complete the questionnaire. You will receive a \$10 gift card for completing the survey.
- Most of the questions can be answered by simply checking a box. A few ask you to write in your answer.
- Follow all "GO TO" instructions after marking a box. If no such instruction is provided, please continue to the next question.
- If you do not know an answer, please write "DK" next to the question.
- All of your answers will be treated confidentially to the extent allowable by law. Your answers will not be shared with your doctor, this medical practice or anyone outside of the research study team. Your responses will not change your medical coverage, other health benefits, or your relationship with your health care provider.

If you have questions about this survey or your participation in it, please call Karen Bogen, the study's survey director, at 1-617-674-8355.

When you are finished, please return your completed survey to the Mathematica representative in the waiting room who gave it to you.

Thank you very much for your time and help with this important study!
