Section I:

Get Registered: Overview

This is an overview of the steps you will take during the registration process. You will either register your organization or as an individual.

1. Register Your Organization

Review this overview if you are submitting a grant **on behalf of** a company, state, local or tribal government, academia or research institution, not-for-profit or any other institution.

If you are submitting an application as an individual, please go to the [Individual Registration](#) section of the user guide.

Instructions for Registering your Organization:

1. Start registering your organization by selecting **Get Registered** in the navigation bar on the left navigation menu.

2. On the Get Registered screen, you will be presented with two options. Click on **Organization Registration** in the left navigation bar or follow the instructions on the page and select "I want to Register on behalf of an Organization".

Registration Checklist for Organizations

In order to help you navigate the process of registering your organization, Grants.gov has developed a registration checklist. Follow the steps below to review the Registration Checklist for Organizations.

1. To access the Registration Checklist for Organizations, select **Get Registered** from the Quick Links on the right side of the screen in the blue boxed navigation of any Grants.gov page.
2. On the **Get Registered** page, select **Organization Registration Checklist** under the Organization Registration box.

The screenshot shows the Grants.gov website's "GET REGISTERED" page. The header includes the Grants.gov logo and navigation links like Search, Contact Us, Site Map, Help, RSS, and Home. A left-hand navigation menu lists various user actions. The main content area is titled "GET REGISTERED" and contains instructions for registration, a warning about the timeline, and a "Please Note" regarding user credentials. Below this, there are two columns for "Organization Registration" and "Individual Registration", each with a "User Guide" and a "Checklist" link. The "Organization Registration Checklist" link is circled in red. A right-hand sidebar contains a "Sign-up for our 'Succeed' Quarterly Newsletter" section, a "Quick Links" section with "Get Registered" circled in red, and a "Glossary Term" section. A footer contains logos for the Grants Policy Committee, E-GOV, USA.gov, and Benefits.gov, along with a "Trusted sites" icon.

3. The Organization Registration Checklist also appears on the **Organization Registration** page at the top of the screen. Select **Get Registered**, then select **Organization Registration** and click on the link for the [Organization Registration Checklist](#) .

The Organization Registration Checklist is a PDF document, which you may review on-screen or print and retain for future reference.

The checklist helps guide you through completing the organization registration steps required to submit grants online through Grants.gov.

ORGANIZATION REGISTRATION CHECKLIST

The following checklist provides registration guidance for a company, academic or research institution, state, local or tribal government, not-for-profit, or other type of organization. The registration is a **one-time** process, which is **required** before representatives of an organization can submit grant application packages electronically through Grants.gov. The registration process can take **three to five business days** or **one to three weeks** depending on your organization and if all steps are met in a timely manner.

Note: If you are an individual applying for a grant on your own behalf and not on behalf of a company, academic or research institution, state, local or tribal government, not-for-profit, or other type of organization, refer to the Individual Registration: http://www.grants.gov/applicants/individual_registration.asp. If you apply as an individual to a grant application package designated for organizations, your application will be rejected.

Register Your Organization: Obtaining a DUNS Number

The first step in registration is to obtain your organization's Data Universal Number System (DUNS) number. A DUNS number is a unique nine-character identification number provided by the commercial company [Dun & Bradstreet \(D&B\)](#). Your organization may already have a DUNS number, if not, once you have completed the registration, your DUNS number should be available the next business day.

Have the following information prepared when requesting a DUNS number:

- Name of your organization
- Organization address
- Phone number of the organization
- Name of the CEO/organization owner
- Legal structure of the organization (corporation, partnership, proprietorship)
- Year the organization started
- Primary line of business
- Total number of employees (full and part time)

Note: As a result of obtaining a DUNS number, you have the option to be included on D&B's marketing list that is sold to other companies. If you do not want your name/organization included on this marketing list, request not to be listed when you contact D&B.

Instructions for Requesting a DUNS Number

On Grants.gov under For Applicants >> Get Registered >> Organization Registration, click on [Step 1: Obtain DUNS Number](#) to register online.

The screenshot shows the Grants.gov website interface. The main content area is titled "STEP 1: OBTAIN DUNS NUMBER" and includes the following text:

HAS MY ORGANIZATION IDENTIFIED ITS DATA UNIVERSAL NUMBER SYSTEM (DUNS)?
Ask the grant administrator, chief financial officer, or authorizing official of your organization to identify your DUNS number.

If your organization does not know its DUNS number or needs to register for one, visit Dun & Bradstreet website:

Register or Search for a DUNS Number:
<http://fedgov.dnb.com/webform/displayHomePage.do> [EXIT Disclaimer]

PURPOSE OF THIS STEP:
The federal government has adopted the use of DUNS numbers to track how federal grant money is allocated. DUNS numbers identify your organization.

HOW LONG SHOULD IT TAKE?
Same Day. You will receive DUNS number information online.

WHAT IS A DUNS NUMBER & WHY DO I NEED OBTAIN ONE?
The **Data Universal Number System (DUNS)** number is a unique nine-character number that identifies your organization. It is a tool of the federal government to track how federal money is distributed. **Most large organizations, libraries, colleges and research universities already have DUNS numbers.** Ask your grant administrator or chief financial officer to provide your organization's DUNS number.

The left sidebar contains navigation links for "FOR APPLICANTS" (Find Grant Opportunities, Get Registered, Organization Registration, Individual Registration, Apply for Grants, Track Your Application, Applicant Resources) and "FOR GRANTORS" (APPLICANT SYSTEM-TO-SYSTEM, FOR GRANTORS, ABOUT GRANTS.GOV, HELP, CONTACT US, SITE MAP). The right sidebar includes a "Sign-up for our 'Succeed' Quarterly Newsletter" button, "Quick Links" (New! Grants.gov Blog), and "FOR GRANTORS" links (Agency Login, New Grantor Users, Resources).

Requesting a DUNS number is a process that is not completed on the Grants.gov website. The following steps below provide an overview of the process to request a DUNS number D&B's website:

1. Check to see if your Organization has a DUNS number:

Prior to requesting a DUNS number, you should investigate if your organization already has a DUNS number. Most large organizations, independent libraries, colleges and research universities already have DUNS numbers. You should ask your organization's chief financial officer, grant administrator, or authorizing official to provide your organization's DUNS number. Alternatively, you can determine if your organization has a DUNS number online by using the [DUNS web registration](#).

2. Register for a DUNS Number:

If your organization does not have a DUNS number, ask the chief financial officer, grant administrator, or authorizing official of your organization to register for a DUNS number. Or request a DUNS number online via [web registration](#). The process can take up to one business day to complete. If your organization is located outside of the United States, you can also request and register for a DUNS number online via [web registration](#).

Register Your Organization: AOR Authorization

Authorize Your AORs

Prior to submitting grant application packages, representatives of your organization need to register to submit on behalf of your organization. Your organization's E-Business Point of Contact (E-Biz POC), identified during CCR Registration, and must authorize someone to become an Authorized Organization Representative (AOR). This safeguards your organization from individuals who may attempt to submit grant application packages without permission.

Note: In some organizations, a person may serve as both an E-Biz POC and an AOR.

After an AOR registers with Grants.gov, the E-Biz POC will have to approve the request. The E-Biz POC will approve the request after the AOR has completed the following two steps:

1. AORs Register with Grants.gov

After the AOR has submitted their request, the E-Biz POC will complete the fifth step in this process as depicted on the page.

The screenshot shows the Grants.gov website interface. At the top, there is a search bar and navigation links for Contact Us, Site Map, Help, RSS, and Home. The main content area is titled "STEP 5: TRACK AOR STATUS" and includes a breadcrumb trail: Home > For Applicants > Get Registered > Organization Registration >. Below the title, there are links for STEP 1, STEP 2, STEP 3, STEP 4, and STEP 5. The main text explains that AORs can track their status by clicking on the Applicant Login link on the home page under "Quick Links" using their username and password. A "Check Your AOR Status:" section provides a URL: <https://at07apply.grants.gov/apply/logincontrol.jsp?goto=/secured/ApplicantLogin.jsp&loginpage=/jsp/ApplicantLoginGetID.jsp>. The "PURPOSE OF THIS STEP:" section states that the E-Biz POC has approved the user as an AOR. The "HOW LONG SHOULD IT TAKE?" section notes that logging in is instantaneous, but the approval process depends on the E-Biz POC. The "WHAT DOES MY E-BIZ POC NEED TO DO?" section explains that the E-Biz POC will receive an email with instructions and that the authorization process is dependent on the E-Biz POC logging in and providing authorization. A final note states that the E-Biz POC must login to Grants.gov using the organization's DUNS number and MPIN password to give permission to submit applications.

Applicants also have the ability to login and check their AOR status by logging in as an applicant. To login as an Applicant click the **Applicant Login** link on the Quick Links in the right blue navigation bar on the Grants.gov page.

The image shows the Grants.gov home page. At the top, the logo "GRANTS.GOV" is on the left, and navigation links "Contact Us", "Site Map", and "Help" are on the right. A central banner features the slogan "Find. Apply. Succeed." with a row of five circular images depicting various grant-related activities. Below the banner, a paragraph explains that Grants.gov is the source for finding and applying for over 1,000 federal grant programs. A link "click here" is provided for eligibility information. A section titled "What's New This Week at Grants.gov" lists recent updates like stakeholder meeting materials and system maintenance. On the left, a navigation menu lists options for applicants, grantors, and system information. On the right, a "Quick Links" section lists "Grant Search", "Grant Email Alerts", "Get Registered", "Applicant Login" (circled with an arrow), "E-biz PIVC Login", "Agency Login", "New Agency Users", and "Resources".

On the For Applicants page enter your username and password, obtained while registering with Grants.gov. Then click the **Login** button to enter into the Applicant section.

The image shows the "For Applicants" page on Grants.gov. The left navigation menu is identical to the home page. The main content area is titled "FOR APPLICANTS" and contains introductory text about the site's purpose and a note about registration. A login form is prominently displayed in the center, circled with a large black oval. The form has a red header that reads "Please enter your Username and Password to login to the Grants.gov system." Below this, there are input fields for "Username" and "Password", and a "Login" button. Two links, "Forgot My Username" and "Forgot My Password", are located below the password field. An arrow points from the "Applicant Login" link in the home page to this login form.

In the Applicant section you can check your check your AOR status under Manage Applicant Profile. Click the **Manage Applicant Profile** link on the left navigation menu.

On the Manage Applicant Profile page, check to be sure the information listed is correct. You can also check your AOR Status located at the bottom left of the dialog box.

Register Your Organization: Login as an E-Biz POC

The E-Business Point of Contact (E-Biz POC) performs the final step in the Grants.gov registration process. The E-Biz POC actually authorizes someone to submit a grant application on behalf of their organization. This step safeguards an organization from individuals who may attempt to submit a grant application package without permission. Only one E-Biz POC is assigned per each of an organization's DUNS (Data Universal Number System) number. If your organization only has one DUNS number, then there will be only one E-Biz POC for your organization.

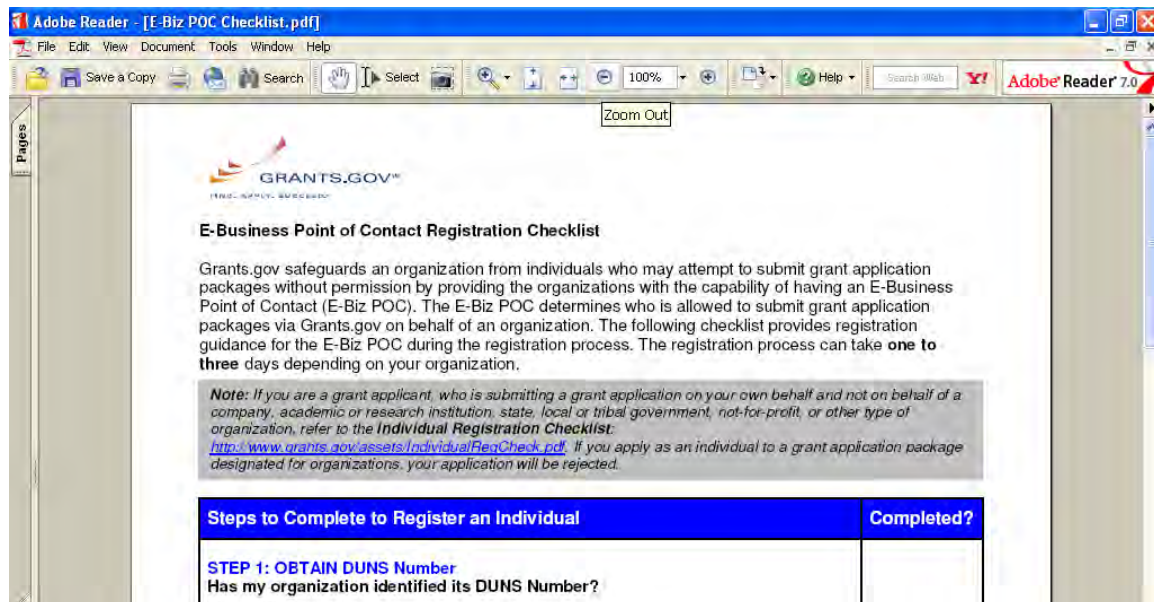

Grants.gov has developed an E-Business Point of Contact (E-Biz POC) Registration checklist to help authorize your organization's AOR (Authorized Organization Representative).

Instructions for reviewing the E-Business Point of Contact Registration Checklist

Follow the steps below to review the E-Biz POC Registration Checklist.

1. Click **Get Registered** in the Quick Links on the blue boxed left navigation of any Grants.gov page. This will take you to the Get Registered screen.
2. Select **Organization Registration** from the left navigation.
3. Once on the Organization Registration page, select **STEP 5: AOR Authorization** from the navigation.
4. Once on the **STEP 5: AOR Authorization** page, click on the **E-Business Point of Contact Registration Checklist** link on the screen.

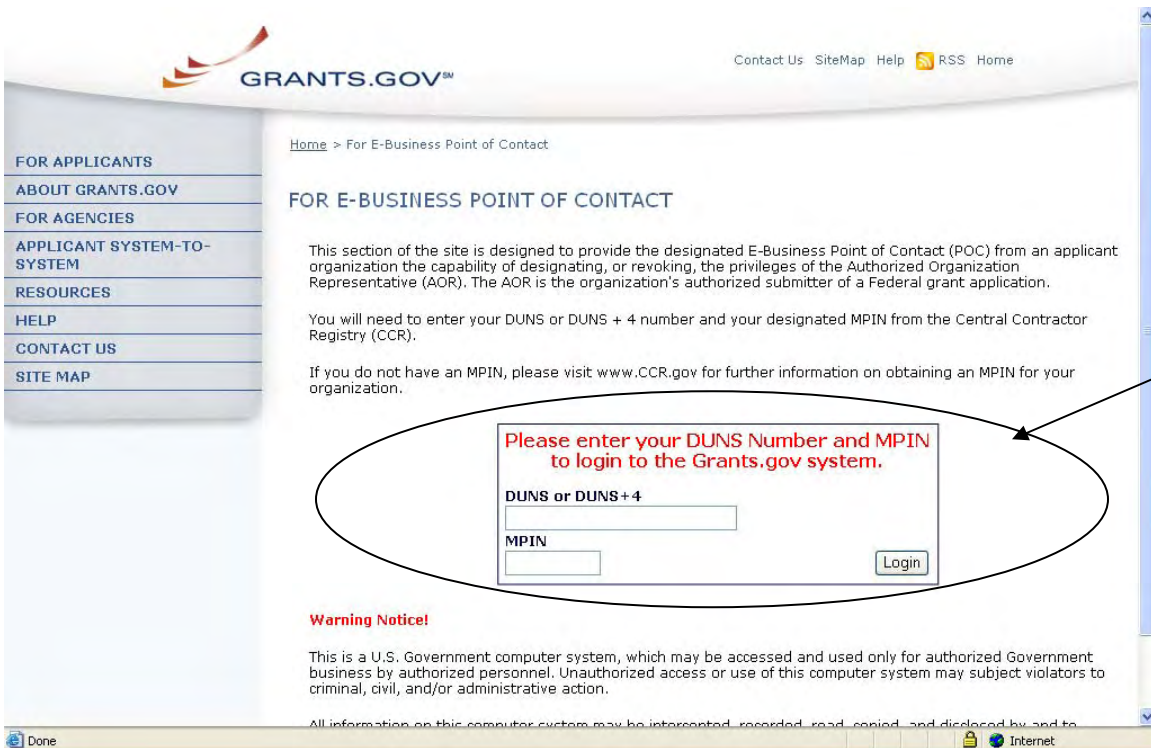

The Registration Checklist is a PDF document, which you may review on-screen or print and retain for future reference.

To login as an E-Biz POC, click on the **E-Biz POC Login** link in the right navigation menu under Quick Links in the blue box, on any Grants.gov page.

On the For E-Business Point of Contact screen enter your organization's DUNS number and MPIN.

8. Once you have reassigned roles, the applicant is now authorized and can submit applications on Grants.gov.

2. Register as an Individual

Review this overview if you are submitting a grant **on your behalf** and not on behalf of a company, state, local or tribal government, academia, or other type of organization.

If you are submitting an application on behalf of an organization, please move to the [Organization Registration](#) section of the user guide.

Instructions for Getting Registered for Individuals

1. Click **Get Registered** in the Quick Links on the blue boxed left navigation of any Grants.gov page. This will take you to the Get Registered screen.
2. Once you land on the Get Registered screen, you will be presented with two options. If you are submitting an application on your own behalf – not on behalf of an organization – click on **Individual Registration** in the left navigation bar or in the right gray bar on the screen.

The screenshot shows the Grants.gov website's 'GET REGISTERED' page. The left navigation bar has a blue box containing the following links: 'FOR APPLICANTS', 'Find Grant Opportunities', 'Get Registered', 'Organization Registration', 'Individual Registration', 'Apply for Grants', 'Track Your Application', 'Applicant Resources', 'Search FAQs, User Guides and Site Information', 'APPLICANT SYSTEM-TO-SYSTEM', 'FOR GRANTORS', 'ABOUT GRANTS.GOV', 'HELP', 'CONTACT US', and 'SITE MAP'. The 'Individual Registration' link is circled in blue. The right navigation bar has a blue box with 'Sign-up for our "Succeed" Quarterly Newsletter', 'Quick Links', 'FOR APPLICANTS' (with links to Grant Search, Grant Email Alerts, Get Registered, Applicant Login, and E-Biz POC Login), 'FOR GRANTORS' (with links to Agency Login, New Grantor Users, and Resources), and a 'Glossary Term: Operational Research Consultants (ORC) - The organization that Grants.gov has selected to validate the electronic identity of an individual through electronic credentials, PINS, passwords and PKI certificates.' The central content area has a breadcrumb 'Home » For Applicants »', the heading 'GET REGISTERED', and text explaining the registration process. It states that the process can take three to five business days or up to two weeks. A note mentions that the process is mandated by the Grants Executive Board (GEB). Below this, there are two registration options: 'Organization Registration' (for those registering on behalf of an organization) and 'Individual Registration' (for those registering on their own behalf). The 'Individual Registration' option is circled in blue. At the bottom, there are links to 'Organization Registration User Guide', 'Individual Registration User Guide', 'Organization Registration Checklist', and 'Individual Registration Checklist'.

In order to safeguard the security of your electronic information, Grants.gov requires all users to create an account in the Grants.gov system. In order to access the account the user must verify that they are able to obtain a username and password. This process determines that someone really is who he/she claims to be. Individuals do not need a DUNS number to register to submit applications. The system will generate a default value in that field.

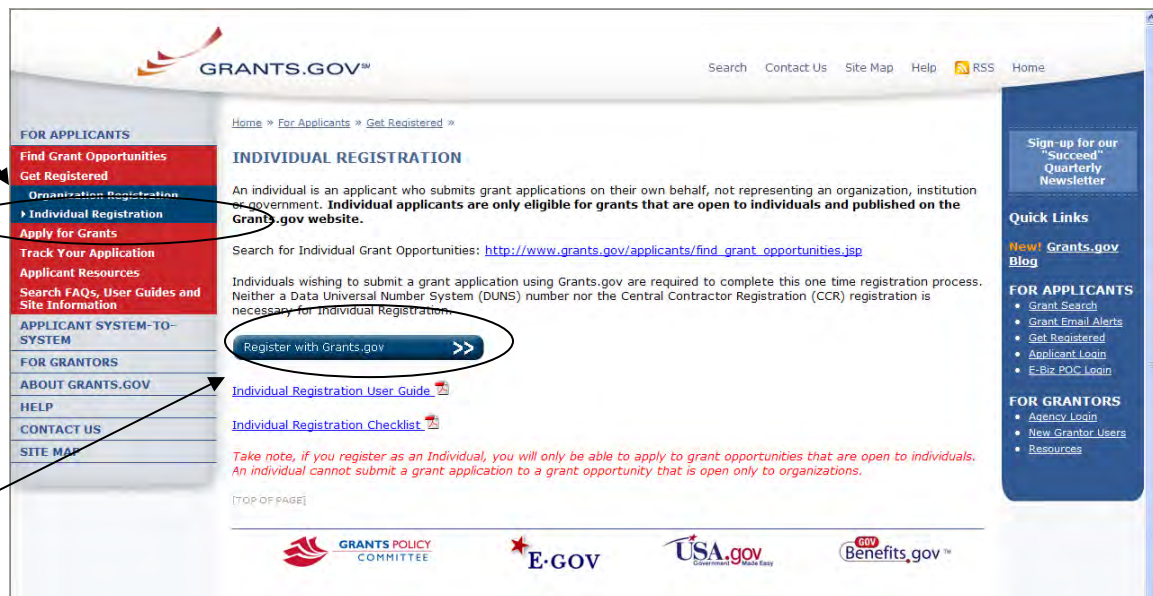

Note: In order to register as an Individual you will need to obtain the Funding Opportunity number for a grant application that you intend to apply for. Please be sure it is an opportunity that is only applicable for individuals.

Instructions for Individual Registration:

Click **Get Registered** in the Quick Links on the blue boxed left navigation of any Grants.gov page. This will take you to the Get Registered screen.

Under **Get Registered**, click the **Individual Registration** link on the left navigation. This takes you to the Individual Registration screen.

Click the **Register with Grants.gov** button on the main screen.

This will take you to the **Register with Grants.gov** screen where you will need to enter the **Funding Opportunity Number** of an Individual opportunity and then click **Register**.

RSS Feeds

RSS stands for Really Simple Syndication. Grants.gov now provides two RSS feeds for new/modified opportunities. This is an alternative way to receive updates on opportunity listings, rather than receiving through email.

In order to receive an RSS feed you must have an RSS reader. Some browsers, such as the current versions of Firefox and Safari have built in RSS readers. If you are using a browser that doesn't currently support RSS, there are a variety of [RSS readers](#) available on the Internet; most are free to download while others are available for purchase.

How do I use RSS Feeds?

The way an RSS feed is added to an RSS reader is slightly different from one reader to the next. Follow the directions below to add a new feed (a feed is also referred to as a channel) to your RSS reader:

1. Choose an RSS reader (Get an [RSS Reader](#))
2. Click on the link or small RSS button near the feed you want. For example, "[New/Modified Opportunities by Agency](#)" (You will see a page displaying XML code)
3. From your web browser's address bar, copy the URL (web address). For example, the URL you would copy for "New/Modified Opportunities by Agency" is: http://www07.grants.gov/rss/GG_OppModByCategory.xml.
4. Paste that URL into the "Add New Channel" section of the reader. The RSS feed will start to display and regularly update the headlines for you.
5. Read more information on using RSS Feeds on Grants.gov: [Using RSS Feeds](#)

By downloading a grant application package, you can view it offline, giving you the flexibility to complete the application when and where you want. You can also route it through your organization for easy review and then submit it with a simple click. Before you apply, remember you must be [registered](#), and it is helpful to have the Funding Opportunity Number (FON) and/or CFDA number of the desired grant. If you don't have a FON and or CFDA number return to [Find Grant Opportunities](#) to search for this information. Once those steps are complete, you will be ready to download the application package and begin the 4-step process to apply for a grant.

Step 1: Download a Grant Application Package and Instructions

You can find the grant application package from your search results on Grants.gov. From your search results click on the opportunity you wish to apply for. When you are looking at the Opportunity you can click the **Application** button at the top of the screen. In the next screen, you will be able to access the application package and instructions. Or you can enter the FON and/or CFDA number into the **Download Application Package** screen. In order to view the application package, you will need to install [Adobe Reader](#).

Step 2: Complete the Downloaded Grant Application Package

Once you have downloaded the application package, you can complete it offline, share the document within your office and complete it at your own pace.

Instructions are available to assist you on the application package cover sheet to explain how to open and use the forms in the application package. Also, you will have direct access to the agency application instructions, which will include all the necessary information on what is required for your submission.

Note: Save your application to your computer as changes are NOT automatically saved.

If you're having problems completing the process, view our [Frequently Asked Questions](#). You can also view our training demonstration of [How to Complete an Application Package](#).

Step 3: Submit a completed Grant Application Package

To submit your application click the **Save & Submit** button. The Save & Submit button on the application package cover page will only become active after you have completed all required forms, attached all required documents, and saved your application package. Your package also cannot have any errors. To check for errors click the **Check Package for Errors** button. Using the username ID and password you entered when you registered with a Credential Provider, you can submit your application package. In order to submit your application, you must already be registered and you will need to have already completed the

application package using [Adobe Reader](#). Click on the **Save & Submit** button once this process is complete and you are ready to send the completed application to Grants.gov.

Next, on the Application Verification and Signature page click on **Sign and Submit Application** or you can click on **Exit** and be returned to the application. If you are not already connected to the Internet, you will be directed to do so and will need to login to Grants.gov using your username ID and password. After you have clicked the Sign and Submit button on the summary page, your application package will automatically be uploaded to Grants.gov. A confirmation screen will appear once the upload is complete. **Note:** A Grants.gov tracking number will be provided at the bottom of this screen, as well as the submission's date and time stamp. Record this number so that you may refer to it should you need to contact the [Contact Center](#) for assistance.

Helpful Hints — Remember that all username ID and passwords are case sensitive. If the **Save & Submit** button is not active, please check to be sure you have:
