FCC, SamKnows and you: working together for better broadband

Together, the FCC and SamKnows aim to provide the US with reliable and accurate statistics of broadband connections. If you are interested in helping us by hosting one of our units and playing a part in changing the face of the American broadband industry, then please sign up below!

It's worth taking the time to read through the requirements before proceeding.

We like to think that we're a pretty welcoming bunch but please note that not everyone who registers here will necessarily receive a unit - we do however thank all of you for helping to make American broadband better.

Please complete all fields below:

Your Information

First Name [_____] What's your first name?

Last Name [_____] What's your last name?

Email Address [_____] Provide an email address
