## **GENERAL INSTRUCTIONS**

Respondents are not required to respond to any information collection unless it displays a valid approval number from the Office of Management and Budget (OMB). The OMB 8-digit number appears in the upper right corner of this report form.

Report all value figures in thousands of dollars, total plant hours in thousands of hours, and all electricity quantity figures in thousands of kilowatthours for the manufacturing establishment.

When actual book figures cannot be provided without high cost to your company, reasonable amounts of estimating or prorating are acceptable.

If you require an extension of time to complete this report or if there are any other questions regarding this report, please -

- Write to the U.S. Census Bureau, 1201 Tenth Street, Jeffersonville, IN 47134-0001, or
- Visit our website at www.census.gov/econhelp, or
- Call 1-800-233-6136 for toll-free assistance, 8:00 a.m. to 6 p.m., Eastern Time, Monday through Friday

Please include the 11-digit Census File Number (CFN) shown in the address box of the report form.

# DEFINITION OF ESTABLISHMENT AND MANUFACTURING ACTIVITY

An establishment is generally a single physical location where business is conducted or where services or industrial operations are performed. Further clarification is provided in the General Instructions.

Manufacturing activity involves the mechanical, physical, or chemical transformation of materials, substances, or components into new products. The assembling of component parts of manufactured products is considered manufacturing, except in cases where the activity is appropriately classified in Sector 23, Construction.

## **Who Should Report**

Since data will be published for industries and States, separate reports are required for each manufacturing establishment (plant).

An establishment is a single physical location where manufacturing is performed. If your company operates at different physical locations, even if they are producing the same line of goods, a separate report must be filed for each location.

If your company operates in two or more distinct lines of manufacturing at the same location, file a separate report for each activity.

# **Manufacturing Activities**

Report all activities (manufacturing, fabricating, processing, and assembling) conducted within the establishment.

### Include

- Maintenance of plant and equipment
- Receiving and shipping activities
- Warehousing and storage
- Research
- Record keeping
- Health and safety
- Cafeteria and other services unless operated as separate establishments

#### Exclude

- Sales branches and sales offices
- Research laboratories
- Retail stores
- Mining activities and general administrative offices

The Manufacturing Sector also includes establishments engaged in the following activities:

- Apparel jobbing and contracting
- Assembling from purchased components
- Commission processing of materials owned by others
- Job casting, stamping, and machining
- Lapidary work
- Machine shops, including those operating on a joborder basis
- Manufacturing and delivering ready-mixed concrete
- Milk pasteurizing and bottling
- Plating, galvanizing, polishing, etc., of materials owned by others
- Poultry dressing
- Printing book, periodical, etc.
- Sawmills
- Seafoods, fresh-packaged or frozen
- Wood preserving

Descriptions of some of these activities are provided in the DETAILED INSTRUCTIONS, **2**.

## WHAT PERIOD SHOULD EACH REPORT COVER?

Each report should cover the calendar year 2007.

If book records are not on a calendar-year basis, carefully prepared estimates are acceptable.

If an establishment began to operate or ceased to operate during 2007, report only the part of the year that the establishment was in operation.

If the operator changed during the year, report only for that part of the year that your company operated the establishment. Report in 3 the appropriate information on changes in **operator** or operational status.

Specify in the certification, **10**, the exact period that the report covers.
