## Item D - Total Number of Outbound Shipments

For this survey, it is important to obtain information about a sample of the outbound shipments made from this establishment.

An outbound shipment in this survey is defined as a movement of commodities from your establishment to another single location.

- Remember to include only outbound shipments from your shipping address (address listed in Item A)
- Also include customer pick-ups, parcels, and all other shipments

What was the total number of all outbound shipments for this establishment the week of 01/15/12 - 01/21/12?

## Item G - Rush Deliveries

For this survey, rush deliveries require the purchase of a faster level of service by the shipper or buyer (e.g., same day/overnight or 2-3 business days). It also includes faster service provided by hired carriers, as part of an arrangement. Excluded, are shipments that would arrive in the same amount of time without the purchase of a faster level of service, and shipments delivered by company operated vehicles.

Considering the shipments reported in Item F, did you use rush delivery service?
