

HIGHLY IMPACTED POPULATION SURVEY

Attachment C: Screeners and Survey Questionnaire

Please note: This instrument begins with screeners, with questions tailored to each of the following populations/modes.

- CATI - Listed General Population
- CATI - Listed African Americans and Hispanic/Latinos
- CATI - Unlisted Eligible Households Returning Card
- Online Survey
- Incoming CATI Interviews

The screeners are followed by the survey questionnaire, with questions asked of all eligible respondents identified by the screeners.

NHVREI Highly Impacted Population (HIP) Survey

Public reporting burden for this collection of information is estimated to average 20 minutes per response. This time includes the length of time allotted for the survey questions. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-XXXX). Do not return the completed form to this address.

HIP SCREENER

– CATI-Listed General Population Sample ONLY–

INTRODUCTION

Hello. My name is _____. I am calling about the National Institutes of Health study we recently sent you information about. This is a health survey. We are not selling anything or asking for donations.

IF RESPONDENT HAS NOT RECEIVED INFORMATION:

Is your address [INSERT ADDRESS HERE]?

IF NO, TERMINATE

IF YES, We are conducting a national survey that asks about people's opinion regarding vaccines and other methods to prevent infectious disease.

RANDOM SELECTION

S1. RECORD GENDER OF INFORMANT

- MALE.....1
- FEMALE.....2

S2. So that all types of people will be represented in our survey, I need to know how many adults live here. How many persons age 18 or older currently live in this household, including yourself?

IF NECESSARY, EXPLAIN THAT SELECTION IS DONE QUICKLY AND DOES NOT INVOLVE GETTING NAMES AND OTHER PERSONAL INFO

- ONE.....1 → GO TO S3
- TWO.....2 → GO TO S4
- THREE OR MORE.....3 → GO TO S4
- NO ADULTS IN HOUSEHOLD....4 → TERMINATE
- REFUSED.....REF → IF ANOTHER ADULT AVAILABLE, ASK FOR THEM, REPEAT INTRO AND GO TO S2; OTHERWISE, THANK AND TERMINATE

HIGHLY IMPACTED POPULATION SURVEY

IF S2 = 1, ASK:

S3.	<p>Is that you?</p> <p>YES, SPEAKING WITH ADULT...1 → GO TO S5</p> <p>NOT SPEAKING WITH ADULT FROM HH.....2 → ASK TO SPEAK TO ADULT FROM HH, THEN RETURN TO INTRO</p> <p>NO, NOT AVAILABLE NOW.....3 → GET AND RECORD FIRST/NAME INITIALS AND ARRANGE CALL BACK; GET ALTERNATIVE PHONE NUMBER AS NEEDED</p> <p>REFUSED.....REF → TERMINATE</p>
-----	--

IF S2 = 2 OR 3, ASK:

S4	<p>Are you 18 years old or older living in the household at [INSERT ADDRESS]? IF NECESSARY, SAY: Your address has been randomly selected for this study.</p> <p>YES.....1 → CATI GENERATES RANDOM SELECTION, GO TO S5</p> <p>NO.....2 → ASK TO SPEAK TO ADULT, THEN RETURN TO INTRO</p>
----	---

IF CATI RANDOMLY SELECTS RESPONDENT AND S2=2 OR 3, ASK:

S5a.	<p>We would like to continue the interview with you.</p> <p>YES, CONTINUE.....1 → GO TO INFORMED CONSENT</p> <p>YES, ARRANGE CALLBACK.....2 → GET AND RECORD FIRST/NAME INITIALS AND ARRANGE CALL BACK; GET ALTERNATIVE PHONE NUMBER AS NEEDED</p> <p>REFUSED.....REF → TERMINATE</p>
------	---

IF CATI DOES NOT RANDOMLY SELECT RESPONDENT AND S2=2, ASK:

S5b.	<p>We would like to speak to the other adult who lives in your household. May I please speak with that person?</p> <p>YES, AND COMES TO PHONE...1 → GO TO S5</p> <p>NO, NOT AVAILABLE NOW.....2 → GET AND RECORD FIRST/NAME INITIALS AND ARRANGE CALL BACK; GET ALTERNATIVE PHONE NUMBER AS NEEDED</p> <p>NO, REFUSED.....REF → TERMINATE</p>
------	---

IF CATI DOES NOT RANDOMLY SELECT RESPONDENT AND S2 = 3, SAY:

S4b.	<p>In order to randomly select one of the other adults for the survey, please think of the adult besides yourself who has had the most recent birthday. May I please speak with that person?</p> <p>YES, AND COMES TO PHONE...1 → GO TO S5</p> <p>NO, NOT AVAILABLE NOW.....2 → GET AND RECORD FIRST/NAME INITIALS AND ARRANGE CALL BACK; GET ALTERNATIVE PHONE NUMBER AS NEEDED</p> <p>NO, REFUSED.....REF → TERMINATE</p>
------	---

CONFIRMATION OF ELIGIBILITY FOR PERSONS NEW TO THE CONVERSATION

IF NECESSARY,

Hello. My name is _____. I am calling about the National Institutes of Health study that asks about people's opinion regarding vaccines and other methods to prevent infectious disease.

S5. Just to confirm...are you 18 years or older, living in the household at [INSERT ADDRESS]? Is that correct? **IF NECESSARY, SAY:** Your address has been randomly selected for this study.

YES.....1 → CONTINUE TO INFORMED CONSENT

NO.....2 → ASK TO SPEAK TO ADULT FROM HH, THEN RETURN TO INTRO

REFUSED.....REF → TERMINATE

HIGHLY IMPACTED POPULATION SURVEY

HIP SCREENER

- CATI-Listed -
- African-American, Black and Hispanic/Latino Sample ONLY -

INTRODUCTION

Hello. My name is _____. I am calling about the National Institutes of Health study we recently sent you information about. This is a health survey. We are not selling anything or asking for donations.

IF RESPONDENT HAS NOT RECEIVED INFORMATION:

Is your address [INSERT ADDRESS HERE]?

IF NO, TERMINATE

IF YES, We are conducting a national survey that asks about people’s opinion regarding vaccines and other methods to prevent infectious disease.

RANDOM SELECTION

S2. RECORD GENDER OF INFORMANT

- MALE.....1
- FEMALE.....2

S3. So that all types of people will be represented in our survey, I need to know how many adults live here. How many persons age 18 or older currently live in this household, including yourself?

IF NECESSARY, EXPLAIN THAT SELECTION IS DONE QUICKLY AND DOES NOT INVOLVE GETTING NAMES AND OTHER PERSONAL INFO

- ONE.....1
- TWO.....2
- THREE OR MORE.....3
- REFUSED.....REF

} **CONTINUE**

→ **IF ANOTHER ADULT AVAILABLE, ASK FOR THEM, REPEAT INTRO AND GO TO S2; OTHERWISE, THANK AND TERMINATE**

S4. And how many of these have an African American, Black, Latino, or Hispanic background?

IF NECESSARY, SAY: In order to make sure we get the opinions of all kinds of people living in the United States, it is important for this survey that we speak to African American, Black and Hispanic/Latino adults.

- ONE.....1 → **GO TO S5a/b**
- TWO.....2 → **GO TO S6a/b**
- THREE OR MORE.....3 → **GO TO S6a/b**

NO AFRICAN AMERICAN,
BLACK OR HISPANIC/LATINO

- ADULTS IN HH.....4 → **TERMINATE**
- REFUSED.....REF → **IF ANOTHER ADULT AVAILABLE, ASK FOR THEM, REPEAT INTRO AND GO TO S2; OTHERWISE, THANK AND TERMINATE**

HIGHLY IMPACTED POPULATION SURVEY

IF S4 = 1, ASK:

- S5 Is that you? Are you 18 years or older, living in the household at [INSERT ADDRESS]?
YES,
SPEAKING WITH THE ADULT....1 → CONTINUE
NOT SPEAKING
WITH THE ADULT FROM HH.....2 → ASK TO SPEAK TO ADULT, THEN RETURN TO
INTRO
NO, NOT AVAILABLE NOW.....3 → GET AND RECORD FIRST/NAME INITIALS AND
ARRANGE CALL BACK; GET ALTERNATIVE PHONE
NUMBER AS NEEDED
REFUSED.....REF → TERMINATE
- S5a What is your ethnicity? Is it...?
Hispanic or Latino.....1 → GO TO INFORMED CONSENT

Not Hispanic Or Latino.....2 → CONTINUE
REFUSED.....REF → TERMINATE
- S5b. What is your race? Are you...? ANSWER MAY BE A MULTIPLE
American Indian or
Alaska Native.....1 TERMINATE
Asian.....2 TERMINATE
Black Or African American...3 GO TO INFORMED CONSENT
Native Hawaiian
Or Other Pacific Islander.....4 TERMINATE
White.....5 TERMINATE

HIGHLY IMPACTED POPULATION SURVEY

IF S4=2 OR 3 ASK:

S6 To confirm, are you 18 years or older, living at the household at [INSERT ADDRESS]?
YES,
SPEAKING WITH AN ADULT.....1 → CONTINUE
NOT SPEAKING
WITH THE ADULT FROM HH.....2 → ASK TO SPEAK TO ADULT FROM HH, THEN
RETURN TO INTRO
NO, NOT AVAILABLE NOW.....3 → GET AND RECORD FIRST/NAME INITIALS AND
ARRANGE CALL BACK; GET ALTERNATIVE PHONE
NUMBER AS NEEDED
REFUSED.....REF → TERMINATE

S6a What is your ethnicity?
Hispanic Or Latino.....1 → CATI RANDOMLY SELECTS BETWEEN
RESPONDENT OR OTHER PERSON(S)
Not Hispanic Or Latino.....2 → CONTINUE TO 6B
REFUSED.....REF → TERMINATE

S6b What is your race? Are you...? ANSWER MAY BE A MULTIPLE
Black or African American 3 → CATI RANDOMLY SELECTS BETWEEN
RESPONDENT OR OTHER PERSON(S)
(GO TO S7)
1→
2→
Native Hawaiian or
Other Pacific Islander.....4 → Please think of the other African American,
Black, or Hispanic/Latino adults in your
household, besides yourself. May I please
speak with the African American, Black, or
Hispanic/Latino adult who has had the most
recent birthday?
5→ GO TO S8 WITH NEW RESPONDENT

IF CATI RANDOMLY SELECTS RESPONDENT ASK:

S7a. We would like to continue the interview with you.
YES, CONTINUE.....1 → GO TO INFORMED CONSENT
ARRANGE CALLBACK.....2 → GET AND RECORD FIRST/NAME INITIALS AND ARRANGE
CALL BACK; GET ALTERNATIVE PHONE NUMBER AS
NEEDED
REFUSED.....REF → TERMINATE

HIGHLY IMPACTED POPULATION SURVEY

IF CATI DOES NOT RANDOMLY SELECT RESPONDENT, AND S4=2ASK:

S7b. We would like to speak to that other adult who lives in your household. May I please speak with that person?

IF NECESSARY, SAY: I would like to speak to the other African American, Black, Hispanic or Latino adult who lives here.

YES, AND COMES TO PHONE...1 → **CONTINUE TO S8**

NO, NOT AVAILABLE NOW.....2 → **GET AND RECORD FIRST/NAME INITIALS AND ARRANGE CALL BACK; GET ALTERNATIVE PHONE NUMBER AS NEEDED**

NO, REFUSED.....REF → **TERMINATE**

IF CATI DOES NOT SELECT RESPONDENT AND S4=3, SAY:

S7b. In order to randomly select one of the other adults for the survey, please think of the other African American, Black or Hispanic/Latino adults in your household, besides yourself. May I please speak with the African American, Black, or Hispanic/Latino adult who has had the most recent birthday?

YES, AND COMES TO PHONE...1 → **GO TO S8**

NO, NOT AVAILABLE NOW.....2 → **GET AND RECORD FIRST/NAME INITIALS AND ARRANGE CALL BACK; GET ALTERNATIVE PHONE NUMBER AS NEEDED**

NO, REFUSED.....REF → **TERMINATE**

CONFIRMATION OF ELIGIBILITY FOR PERSONS NEW TO THE CONVERSATION

Hello. My name is _____. I am calling about the National Institutes of Health study that asks about people’s opinion regarding vaccines and other methods to prevent infectious disease.

S8. Just to confirm... are you 18 years or older living in the household at **[INSERT ADDRESS]**?
IF NECESSARY, SAY your address has been randomly selected for this study.

- YES.....1 → CONTINUE
- NO.....2 → TERMINATE
- REFUSED.....REF → TERMINATE

S9a What is your Ethnicity? Are you...?

- Hispanic Or Latino.....1 → GO TO INFORMED CONSENT
- Not Hispanic Or Latino.....2 → CONTINUE TO 6B
- REFUSED.....REF → TERMINATE

S8b What is your race? Are you...ANSWER MAY BE A MULTIPLE

- Black or African American 3 → CONTINUE

- 1→
- 2→
- Native Hawaiian or Other Pacific Islander.....4 →
- 5→

Please think of the other African American, Black, or Hispanic/Latino adults in your household, besides yourself. May I please speak with an African American, Black, or Hispanic/Latino adult in your household?
RETURN TO S8 WITH NEW RESPONDENT OR TERMINATE

INFORMED CONSENT For all completing the screener

The National Institutes of Health (NIH) is conducting a national study. This study is on attitudes about research to prevent the spread of Human Immunodeficiency Virus (HIV). HIV is the virus that causes Acquired Immune Deficiency Syndrome (AIDS). Your participation in this study will help NIH develop related educational programs.

Completing the survey should take about 20 – 30 minutes. We want your opinion, so there are no right or wrong answers to the questions. There are two questions about HIV status and sexual orientation. Some people might consider these questions to be personal. Your honest answers to these and all survey questions are greatly appreciated.

- **Your identity will be protected. Your answers will be assigned a confidential ID number so that your name will not be directly linked to them**
- **Your name will be stored separate from your answers and only a few people directly involved in the study will have access to it. Data files will be stored securely so that outsiders cannot see them. After the study is complete your name and contact information will be destroyed.**
- **Your answers will be put together with the responses of other participants and analyzed as a group. No one will be identified in study reports or publications which will be shared with policy makers, researchers, and other interested parties. Findings from the study may be published or presented publicly.**

Do you have any questions?

Your participation is voluntary. You can choose to not answer questions and stop your participation at any time without consequence to you. We believe that your participation in the survey has very low risk of harm to you.

NIH is authorized to conduct this study under section 42 USC 285f of U.S. Law. If you have questions about this study or your participation, please contact _____ by email at _____ or by phone at _____.

MONITORING

For quality assurance purposes, this call may be monitored by my supervisor.

1. What is your year of birth? _ _ _ _

Researchers are now working to develop three new methods for preventing HIV. They will be made available once they have been proven to be safe and effective.

One new method is an HIV Vaccine.

An HIV Vaccine would trigger the body's defenses to fight HIV infection.

2. Have you ever read or heard anything about a vaccine to prevent HIV?

- No
- YES

[IF YES], About how long ago?

- More than 12 months ago.
- Less than 12 months ago.

The second method, Microbicides, could come in different forms such as gels, foams, creams, or sponges. They would be put into the vagina or rectum to prevent HIV infection.

3. Have you ever read or heard anything about Microbicides?

- No
- YES

[IF YES], About how long ago?

- More than 12 months ago.
- Less than 12 months ago.

The third method is **Pre-exposure prophylaxis, or PrEP**. Prophylaxis means "prevention." PrEP would involve people who do not have HIV taking anti-viral medicines to protect against getting HIV. Now, these anti-viral medicines are usually used to treat people already infected with HIV.

4. Have you ever read or heard anything about PrEP?

- No
- YES

[IF YES], About how long ago?

- More than 12 months ago.
- Less than 12 months ago.

5. Now I'm going to ask about your level of concern for yourself and others regarding getting HIV.

HIGHLY IMPACTED POPULATION SURVEY

a. How concerned are you about getting HIV? Are you...

Not at All Concerned?	Only A Little Bit Concerned?	Somewhat Concerned?	Very Concerned?	Don't Know	Not Applicable
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

b. Thinking about the people who are closest to you, how concerned are you about their getting HIV? Are you...

Not at All Concerned?	Only A Little Bit Concerned?	Somewhat Concerned?	Very Concerned?	Don't Know
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

c. What is your overall level of concern about people getting HIV in any of the communities to which you belong? Are you...?

Not at All Concerned?	Only A Little Bit Concerned?	Somewhat Concerned?	Very Concerned?	Don't Know
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

6. I'm going to read two statements, and I'd like you to tell me how much you agree or disagree with each. Possible responses are Strongly Agree, Somewhat Agree, Somewhat Disagree, or Strongly Disagree with the statements.

	Strongly Agree?	Somewhat Agree?	Somewhat Disagree?	Strongly Disagree?
a. New methods to prevent HIV infection are needed. Do you...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. Currently, many people have little control over protecting themselves from HIV. Do you...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Developing new methods to prevent HIV infections requires clinical trials. Clinical trials are research studies that test medicines with human volunteers to find out if the medicines are safe and work well, before they are made available to the public.

7. How willing would you be to engage in the following activities in the next year?

Would you be Not At All Willing, Only A Little Bit Willing, Somewhat Willing, or Very Willing to....?

	Not at All Willing?	Only A Little Bit Willing?	Somewhat Willing?	Very Willing?
a. Seek out information about new HIV prevention methods?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. Consider participating in a clinical trial to test a new HIV prevention method (assuming it was nearby and you were eligible)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c. Start up a conversation with people about the importance of HIV prevention trials?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

8. If the subject came up, how likely would you be to talk positively about HIV prevention clinical trials to others?

Would It be Not At All Likely, Only A Little Bit Likely, Somewhat Likely, or Very Likely that you would talk positively about...

	Not At All Likely?	Only A Little Bit Likely?	Somewhat Likely?	Very Likely?
a. HIV Vaccine Trial Vaccines would trigger the body's defenses to fight HIV.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. Microbicide Trial These would be put into the vagina or rectum to prevent HIV infection.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c. PrEP Trial PrEP is anti-viral medicines that would be taken to prevent HIV infection.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

9. Do you have concerns about participating in clinical trials for new methods of preventing HIV? If yes, what are your concerns?

HIGHLY IMPACTED POPULATION SURVEY

10. Please tell me how much you agree or disagree with the following statements about clinical trials for HIV prevention. Possible responses are Strongly Agree, Somewhat Agree, Somewhat Disagree, or Strongly Disagree.

	Strongly Agree?	Somewhat Agree?	Somewhat Disagree?	Strongly Disagree?
a. Clinical trial participants are well protected by research procedures. Do you...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. I am very concerned that people might get sick from serious side effects if they participate in a clinical trial. Do you...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c. I might consider participating in an HIV prevention clinical trial if I had more information. Do you...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
d. Only people who are at high risk for HIV are needed for prevention clinical trials. Do you...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
e. People are encouraged to have unprotected sex as part of clinical trials for new HIV prevention methods. Do you...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
f. Drug companies have delayed vaccine research because they make money from people with HIV. Do you...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

11. How much do you agree or disagree with each of the following statements about VACCINES to prevent HIV infection?

Remember vaccines would trigger the body's defenses to fight HIV.

	Strongly Agree?	Somewhat Agree?	Somewhat Disagree?	Strongly Disagree?
a. It seems likely that scientists will develop a vaccine to prevent HIV in my lifetime. Do you...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. An HIV vaccine exists but is being withheld because of discrimination against certain groups. Do you...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c. Vaccines are safe for the public to use once they have been approved by the U.S. Food and Drug Administration (FDA). Do you...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
d. If people were protected against HIV infection by a vaccine, casual sex and illegal drug use would increase. Do you...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
e. People may contract HIV from a vaccine being tested in a clinical trial. Do you...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

12. How much do you agree or disagree with each of the following statements about MICROBICIDES?

Remember that microbicides would be put into the vagina or rectum to prevent HIV infection.

	Strongly Agree?	Somewhat Agree?	Somewhat Disagree?	Strongly Disagree?
a. Microbicides are a promising method for preventing HIV. Do you...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. People may get HIV as a result of using a microbicide in a clinical trial. Do you...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c. I would need more information about microbicides before considering participating in a clinical trial. Do you...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

13. How much do you agree or disagree with each of the following statements about PrEP?

Remember that PrEP would involve taking anti-viral medicines to prevent HIV infection.

	Strongly Agree?	Somewhat Agree?	Somewhat Disagree?	Strongly Disagree?
a. Using anti-viral medicines for PrEP may lead to the virus becoming drug resistant. Do you...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. PrEP is appropriate for people who are at low risk of HIV infection. Do you...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c. It would be great if people could take anti-viral medicines to protect themselves from HIV. Do you...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
d. I would need more information about PrEP before considering participating in a clinical trial. Do you...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

14. How much do you agree or disagree with the following statements.

- a. Preventing HIV **concerns me personally**. Do you...
- | | | | | |
|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| Strongly Disagree? | Somewhat Disagree? | Somewhat Agree? | Strongly Agree? | Don't Know |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
- [IF SOMEWHAT DISAGREE OR STRONGLY DISAGREE ONLY]
- i. How much does this keep you from talking positively about prevention clinical trials? Would you say...
- | | | | | |
|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| Not at all | Only A Little Bit | Somewhat | A Lot | Don't Know |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
- b. Drug companies make money at the expense of volunteers in clinical trials. Do you ...

15. If proven safe and effective, how likely would you be to use any of the following methods for preventing HIV?

Would you be Not at All Likely, Only A Little Bit Likely, Somewhat Likely, or Very Likely...

	Not at All Likely?	Only A Little Bit Likely	Somewh at Likely?	Very Likely?
a. To use an HIV Vaccine: Vaccines would trigger the body's defenses to fight HIV	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. To use Microbicides: Microbicides would be put in the vagina or rectum to prevent HIV infection.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c. To use PrEP: Anti-viral medicine that would be taken by people to protect against getting HIV.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

HIGHLY IMPACTED POPULATION SURVEY

16. Have you ever had an HIV test?

- DON'T KNOW
- NO, I DIDN'T GET TESTED
- YES, I WAS TESTED

IF YES PROMPT FOR SPECIFIC ANSWER:

“Would you be willing to share the results with me?”

- I WOULD RATHER NOT SHARE THE RESULTS.
- I TESTED NEGATIVE
- I TESTED POSITIVE
- I DON'T KNOW THE RESULT

17. Has someone close to you been infected with HIV/AIDS?

- No
- YES

Demographics

18. Do you receive most of your calls by cell phone, a landline, or both at your house?

CHECK ALL THAT APPLY

- Cell Phone
- Landline

19. IF NOT PREVIOUSLY ASCERTAINED What is your ethnicity? Is it...

- Hispanic or Latino
- Not Hispanic or Latino

20. IF NOT PREVIOUSLY ASCERTAINED What is your race? Is it...?

SELECT ALL THAT APPLY

- American Indian or Alaska Native
- Asian
- Black or African American
- Native Hawaiian or other Pacific Islander
- White

21. Which of the following categories best describes the highest educational level you attained? Is it...? CHECK ONLY ONE

- Less than a high school diploma
- High school diploma or GED
- Some college/technical school/associates degree
- College degree
- Some graduate school or more
- Other (specify):

22. This past year, what was your total household income before taxes? Was it...?

- Less than \$15K
- Between \$15K-25K
- Between \$25K-50K
- Between \$50K-75K
- Between \$75K-100K
- \$100K or more

23. IF NOT PREVIOUSLY ASCERTAINED DIRECTLY: What is your gender?

- MALE
- FEMALE
- TRANSGENDER
 - Are you...
 - Male to Female
 - Female to Male?

24. People are different in their sexual attraction to other people. Which best describes your feelings?

A. Are you sexually attracted to [women/men]? ASK OPPOSITE GENDER FIRST.

- YES
- NO
- REFUSED

B. Are you sexually attracted to [women/men]? ASK SAME GENDER SECOND.

- YES
- NO
- REFUSED

C. In the last five years, have you had sex with a [woman/man]? ASK OPPOSITE GENDER FIRST.

- YES
- NO
- REFUSED

D. IN THE LAST FIVE YEARS, HAVE YOU HAD SEX WITH A [WOMAN/MAN]? ask same gender second.

- YES
- NO
- REFUSED

25. Do you consider yourself to be...?

HIGHLY IMPACTED POPULATION SURVEY

- Heterosexual or straight
- Gay or bisexual
- REFUSED

I have just one more question left but want to give you some information before I ask it. The information is from the National Institutes of Health (NIH). This is what NIH wants you to know about new prevention methods.

- ▣ **HIV vaccines, microbicides, and PrEP are not available now** outside of clinical trials. They will be made available once they have been proven to be safe and effective.
- ▣ **Thousands of healthy people without HIV will be needed in the next several years** to help test new methods to prevent HIV infection.
- ▣ Participants' **safety and well-being is carefully monitored and safeguarded.**
- ▣ **New prevention methods are thoroughly tested for safety** before they are studied in clinical trials.
- ▣ **You do not need to be exposed to or at risk for HIV to participate in a clinical trial.** Participants in HIV prevention clinical trials are counseled to minimize HIV risk, and many clinical trials specifically seek out low-risk participants.
- ▣ **Even when new prevention methods are proven to be effective, people will be counseled to avoid exposing themselves to HIV.**
- ▣ **You cannot get infected with HIV from an HIV vaccine.** HIV vaccines do not contain killed or weakened HIV.

For more information about HIV prevention methods, go to www.#####.org.

26. Now that you know a little more about HIV vaccines, microbicides, and PrEP, if the subject came up, how likely would you be to talk positively about HIV prevention clinical trials?

How likely would it be that you would talk positively about...?

	Not At All Likely	Only A Little Bit Likely	Somewh at Likely	Very Likely	Don't Know
a. HIV Vaccine Trial: To develop a vaccine that would trigger the body's own defenses to fight HIV. Would you be...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. Microbicide Trial: To develop gels, foams, or sponges that would be put in the vagina or rectum to prevent HIV infection. Would you be...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c. PrEP Trial: Anti-viral drugs that would be taken to protect against getting HIV. Would you be...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

27. Are there any comments that you would like to share with NIH regarding the prevention of HIV infections?
