Project Participation

To start the participation process, we would like to schedule approximately 2 hours of time: meeting (that will most likely be set up as a webinar/ videoconference) to introduce you to the project and products and what we would in turn, need from you in order to participate.

The people we need to participate, including yourself, include your primary IT person, your finance person and your primary contact HR person. It would also be useful to have someone from your Research/Grants Office.

Academic Grantee Institutions

Federal S&T Funding Agencies

Please Note: Public reporting burden for this collection of information is estimated to average one hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. **An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.**
