Claim Status

SARA 2 OMB Attestation Change

2.6.16

This document is a User-Interface specification

The purpose of this document is to lay out the user-interface in all its detail. Readers of this document are assumed to also have read the requirements specification and to have an understanding of the purpose of the application.

Table of Contents

Chapter 1:   Introduction

This document is one part of a set of documents that describe the user interface for the Social Security Administration (SSA) N8NN SARA 2 application. This document describes only the interaction for checking Claim Status. The call flow has passed through Call Steering (in the N8NN application) before getting to this section.

Developer Notes

The following notes apply throughout this document.

1. For all recognition modules in this spec, the return string for coding is the string that follows the last dash in the Option or Requirement ID name, excluding any trailing digits.

For example (from DM 6190):

Option or Req ID (shown in the DM tables in this spec)	Return string (specified in the grammar)
6190-CS-MultiClaimEnd-Condition-Repeat1	Repeat
6190-CS-MultiClaimEnd-Condition-Repeat2	Repeat
6190-CS-MultiClaimEnd-Condition-Next1	Next
6190-CS-MultiClaimEnd-Condition-Next2	Next
6190-CS-MultiClaimEnd-Condition-Previous1	Previous
6190-CS-MultiClaimEnd-Condition-Previous2	Previous
6190-CS-MultiClaimEnd-Condition-Other	Other

2. For each DM that contains a Help prompt in this spec, the grammar will provide a "help" return string.   When **help** is returned, the app should play the DM-specific Help prompt and wait for a response.

Speech Science note: For the "Help" option, the grammar should include the phrase "more information." The grammar should not include the word "help" itself because it can often be a false attractor.

Chapter 2:   Global Behavior and General Info

2.1   Time-outs and Retries

Retry prompts are specified in the DialogModule tables, and they are preceded by the appropriate apology prompt.

Message Number 110	*retry 1*	*upon rejection of speech*	apology_re1	I'm sorry, I didn't understand you.
Message Number 111		*upon confirmation*	apology_re1 –	My mistake.
Message Number 112	*retry 2*	*upon rejection of speech*	apology_re2	I'm sorry, I still didn't understand you.
Message Number 113		*upon confirmation*	apology_re2 –	My mistake again.
Message Number 132	*Timeout 1*	*upon no input*	apology_re1	I'm sorry, I didn't hear anything.
Message Number 111		*upon confirmation*	apology_re1 –	My mistake.
Message Number 133	*Timeout 2*	*upon no input*	apology_re2	I'm sorry, I still didn't hear anything.
Message Number 113		*upon confirmation*	apology_re2 –	My mistake again.
	excess retries	[…]		<timeout / retry prompt(s) specified in DialogModule table>

Note that Timeout prefixes for the *collection* phase (rejection of speech) are included as part of the Timeout prompts in each DM, whereas Timeout prefixes for the *confirmation* phase are usually not specified in the DM tables.

When a caller reaches Max Timeout or Max Retry, the callflow should go to 6200-GiveUpSendSomewhere-BC

2.2   System Timeout

In addition to the regular timeouts, there is also a global *System Timeout*, set to a specific number of minutes. The prompting and logic for this condition is specified in the N8NN user interface specification.

2.3   Privacy

The following information is considered confidential; SSN, Date of Birth. The confidential flag should be set to true for all dialog modules collecting this information from the caller.
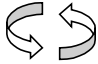

2.4   Global Commands and Global Prompts

Global prompts, grammar, and logic are specified in the N8NN user interface specification.

Chapter 3:   Detailed Dialog Specification

3.1   Call-Flow Tables

6102-CS-Preamble-DM

Custom Context DialogModule™					
Caller requested Claim Status at the Speak Freely main menu.					
Entering from					
6000-ClaimStatusOptions-DM in the N8NN UI spec.					
Prompts **Message Number**	**Type / Name**	**Condition**	**Wording**		**Barge-in**
85001	6102-CS-Preamble-Prompt-Initial-1	always	Okay, claim status. By the way, if you filed your claim just a few days ago, it might not be available yet, and you might want to wait a few days and call back. If you filed your claim more than 5 days ago, we can go ahead and check the status. Before we begin, let's make certain you have all the information you'll need to find your claim status. Claims are identified by an 8-digit Confirmation Number. If you submitted your claim at a Social Security office, the confirmation number is printed on your application. If you submitted your claim online, the website would have displayed your confirmation number for you.		No
85147	6102-CS-Preamble-Prompt-Initial-2	always	If you have your confirmation number on hand now, say 'I have it'. If you don't have your confirmation number, you can say 'no' or 'I do NOT have it' or just hang up and call us back once you've located it. If you've come to the wrong place, you can say 'main menu' to do something else.		Yes
85148	6102-CS-Preamble-Prompt-Retry-1	always	[Global Default] Please say 'I have it' or press 1 if you have your claim confirmation number. Otherwise, say 'I do not have it' or press 2 if you do not know your confirmation number. If you'd like to return to the main menu say 'Main menu' or press 9.		Yes
85149	6102-CS-Preamble-Prompt-Retry-2	always	[Global Default]] Please press 1 on your telephone keypad if you have your claim confirmation number. Otherwise, say 'no' or press 2 if you do not know your confirmation number. You can also press 9 to return to the main menu.		Yes
85150	6102-CS-Preamble-Prompt-Timeout-1	always	Sorry, I didn't hear anything. Please say 'I have it' or press 1 if you have your claim confirmation number. Otherwise, say 'I do not have it' or press 2 if you do not know your confirmation number. If you'd like to return to the main menu say 'Main menu' or press 9.		Yes

85151	6102-CS-Preamble-Prompt-Timeout-2	always	I'm sorry, but I still didn't hear anything. Please press 1 on your telephone keypad if you have your claim confirmation number. Otherwise, press 2 if you do not know your confirmation number. You can also press 9 to return to the main menu.	Yes
85152	6102-CS-Preamble-Prompt-Help	always	A claim for benefits from the social security administration can be submitted in person or online. If you submitted your claim at a Social Security office, the confirmation number is printed on your application. If you submitted your claim online, the website would have displayed your confirmation number for you. If you have your confirmation number on hand now, say 'I have it', or press 1. If you don't have your confirmation number, you can say 'I do NOT have it', press 2 or just hang up and call us back once you've located it. You can also press 9 to return to the main menu.	Yes
121	6102-CS-Preamble-Prompt-SuccessYes	If 'I have it	Okay.	Yes
85153	6102-CS-Preamble-Prompt-SuccessNo	If 'I do NOT have it'	Thank you for calling the Social Security Administration. Please call back once you have located your claim Confirmation Number.	Yes

Option		*Vocabulary*	*DTMF*	*Action*		*Confirm.*
6102-CS- Preamble-Option-Yes		[Yes] I have it	1	Play appropriate success prompt Go to 6103 Check Null Condition		*Never*
6102-CS- Preamble-Option-No		[No] I do NOT have it Do not have it	2	Play appropriate success prompt Terminate call		*Never*

DialogModule parameters	
Parameter	*Value*

Reporting					
Record = U-	RECL	-DM_6102-(Call Duration at start),T-RECL-	0000 = Success	-Call duration at process end
			0001 = Error	
			0002 = Max No Input	
			0003 = Max No Match	
			0200 = Caller Hang Up	

Speech Science Notes
No Barge-in.
Main menu and all other global commands are in effect here.
The reporting tag for this DM reflects a non-standard naming convention for a DM. It continues to reflect the module in its original state as a message. This configuration does not impact how the module is reported.

6105-CS-Attestation-DM

Custom Context DialogModule™
All callers must answer this before getting Claim Status.

Entering from
6103 Check Null Condition

Prompts Message Number	Type / Name	Condition	Wording	Barge-in
85002	6105-CS-Attestation-Prompt-Initial-1		Social Security is allowed to collect this information under the Social Security Act. This information collection meets the requirements of the Paperwork Reduction Act under O.M.B. number zero, nine, six, zero, zero, seven, six, three. We estimate that it will take about 2 minutes to listen to the instructions, gather the facts, and answer the questions. Please note that any person who makes a false representation in an effort to alter or obtain information from the Social Security Administration may be punished by a fine or imprisonment, or both.	No
85003	6105-CS-Attestation-Prompt-Initial-2		If you are the individual to whom the claim status information applies, say yes or press 1. If you do *not* wish to continue, please say 'no' or simply hang up.	Yes
85003	6105-CS-Attestation-Prompt-Retry1		[Global Default] If you are the individual to whom the claim status information applies, say yes or press 1. If you do *not* wish to continue, please say 'no' or simply hang up.	Yes
85004	6105-CS-Attestation-Prompt-Retry2		[Global Default] Any person who makes a false representation in an effort to alter or obtain information from the Social Security Administration may be punished by a fine or imprisonment, or both. If you are the individual to whom the claim status information applies, press one, If you do *not* wish to continue, please press two, or simply hang up.	Yes
85005	6105-CS-Attestation-Prompt-Timeout1		Sorry, I didn't hear anything. If you are the individual to whom the claim status information applies, please say 'yes' or press 1. Otherwise say 'no' or press 2 - - or you can simply hang up.	Yes

85006	6105-CS-Attestation-Prompt-Timeout2		I'm sorry, but I still didn't hear anything. Any person who makes a false representation in an effort to alter or obtain information from the Social Security Administration may be punished by a fine or imprisonment, or both. If you are the individual to whom the claim status information applies, please say 'yes' or press 1. Otherwise say 'no' or press 2 -- or you can simply hang up.	Yes
85007	6105-CS-Attestation-Prompt-Help		Before we can continue, I need to know that you understand and agree with the following warning. Any person who makes a false representation in an effort to alter or obtain information from the Social Security Administration may be punished by a fine or imprisonment, or both. If you are the individual to whom the claim status information applies, please say 'yes' or press 1. Otherwise say 'no' or press 2 -- or just hang up.	Yes
00122	6105-CS-Attestation-Prompt-Success-1	If "yes"	Thanks.	N/A
85145	6105-CS-Attestation-Prompt-Success-2	If "no"	Thank you for calling Social Security. Goodbye.	N/A

Option	Vocabulary	DTMF	Action	Confirm.
6105-CS-Attestation-Option-Yes	yes, yes I am	1	Play appropriate success prompt / Set Attestation Flag to 1 / Go to 6110-CS-Ping-DB	*Never*
6105-CS-Attestation-Option-No	no, no I'm not	2	Play appropriate success prompt / Terminate call	*Never*

			0001 = Error	
			0002 = Max No Input	
			0003 = Max No Match	
			0200 = Caller Hang Up	

Developer notes
The parameter values above are taken from 5130-GetDOB-Date in the KBA spec. These are the latest ones we have on record. Please validate these against the ones that you have in the deployed code.
Remove all global grammars for this DM.
(The following notes are based on 5130-GetDOB-Date in KBA spec)
Although the application does not explicitly guide callers to use DTMF for the Date of Birth entry, it is enabled.
Date entry should be in the form of MM/DD/YY to be accepted.
Trim the grammar so that the day of the week is not allowed.
For CPR of date playback, insert 250 msec silence between month and day, and 500 msec silence between day and year
Set Confidential Flag to TRUE

6135-CS-DBWait-Msg

Play Prompt
(Based on 5220-CheckingNow-Msg in KBA spec)

6160-CS-GetConfNumber-DM

Digits DialogModule™
This module asks for the caller's confirmation number

Entering from
6145-CS-AuthSuccess-Msg

Prompts		
Message Number	**Type / Name**	**Wording**
85023	6160-CS-GetConfNumber-Prompt-Initial-1	Now, let's look up your claim.
250		250 ms. silence
85024	6160-CS-GetConfNumber-Prompt-Initial-2	When you first submitted your claim, you should have received an 8-digit confirmation number. Please say or enter your confirmation number, or say "I don't have it."
85025	6160-CS-GetConfNumber-Prompt-Retry1	[Global Default] Please say or enter the 8-digit confirmation number for the claim you submitted, or say "I don't have it".
85026	6160-CS-GetConfNumber-Prompt-Retry2	[Global Default] If you submitted your claim at a Social Security office, the confirmation number is printed on your application. If you submitted your claim online, the website would have displayed your confirmation number for you. So, go ahead and say or enter your 8-digit confirmation number, or say "I don't have it".
85027	6160-CS-GetConfNumber-Prompt-Timeout1	[Global Default] Please say or enter the 8-digit confirmation number for the claim you submitted, or say "I don't have it".
85028	6160-CS-GetConfNumber-Prompt-Timeout2	[Global Default] If you submitted your claim at a Social Security office, the confirmation number is printed on your application. If you submitted your claim online, the website would have displayed your confirmation number for you. So, go ahead and say or enter your 8-digit confirmation number, or say "I don't have it"..
85029	6160-CS-GetConfNumber-Prompt-Help	If you submitted your claim at a Social Security office, the confirmation number is printed on your application. If you submitted your claim online, the website would have displayed your confirmation number for you. If you don't have the number handy, it's ok to hang up now, and then call back later when you have the number with you. If you don't have a confirmation number at all, just say, "I don't have it." Otherwise, go ahead and say or enter your 8-digit confirmation number now.
85030	6160-CS-GetConfNumber-Prompt-Success-1	Play this prompt after caller confirms "yes"	Good, let me check on that claim -- just a moment.

Option	**Vocabulary**	**DTMF**	**Action**	**Confirm.**
6160-CS-GetConfNumber-Option-ConfNum	Any 8-digit string Allow prefix phrases including these and others as needed: [yes | ok | alright] [it is | confirmation number]	<8 digits >	<no action here – confirm it>	*Always*
6160-CS-GetConfNumber-Option-DontHave	I don't have it I didn't get one and variations as needed	--	Go to: 6200-GiveUpSendSomewhere-BC, condition Agent Request.	*If necessary*

Confirmation prompts

Message Number	Name	Wording		Result	
82024	6160-CS-GetConfNumber-ConfPrompt-ConfNum1	I heard:		I heard: <conf_number>. is that right?	
	<conf_number>	CPR		*1 2 3 4 - 5 6 7 8*	
50209	6160-CS-GetConfNumber-ConfPrompt-ConfNum2	Is that right?			
85031	6160-CS-GetConfNumber-ConfPrompt-DontHave	You don't have your confirmation number, is that right?			

Confirmation Option	Vocabulary	DTMF	Action	Confirm.
6160-CS-GetConfNumber-ConfOption-Yes	"Yes [it is]" "[Yes] that's right" "Right" "[That's] correct"	1	Play appropriate Success prompt above. Go to: 6170-CS-LookupConfNumber-DB	*Never*
6160-CS-GetConfNumber-ConfOption-No	"No [it isn't]" "No it's not" "[No] that's not right"	2	Re-enter Dialog Module per default behavior	*Never*

DialogModule parameters

Parameter	Value

_____

			0408 = Resource Not Available	
			0503 = Not Valid Data	
			0004 = Caller Hang Up	

Developer Notes
The output fields are from the TKCS_Data_Exchange_Protocol.doc, v1.2, section 5.7.2, provided by SSA. The Data Exchange document (DED) is subject to future change by SSA; however, the information in this UI spec is based on v1.2 of the DED. The "Output Fields" listed above all have names ending in "1". These all refer to the first or only claim retrieved for this confirmation number. If 2 claims are returned for this confirmation number, there will also be output fields named <claimType**2**>, <claimStatus**2**>, etc. -- the same long list of fields that were returned for Claim 1. If 3 claims are returned, there will also be output fields named <claimType**3**>, <claimStatus**3**>, etc. -- the same long list of fields. The values in the table above will be used for reading out claim types, status, and dates in DMs 6175 and 6180.

6171-CS-ClaimSystemProblems-Msg

	Play Prompt
Return code 0151 or 7777 when looking up confirmation number.	

Entering from

Developer Notes				
Use specific treatment shown above for "repeat" command, instead of global 'repeat' behavior.				

6180-CS-ReadStatus-Msg

Play Prompt	
This DM plays the claim status information for one claim. If the caller has 2 or 3 claims, the callflow can bring the caller back to this DM multiple times. On each visit to this DM, the info for just one claim is read.	

Entering from
6170-CS-LookupConfNumber-DB, 6175-CS-ReadNextClaimYN-DM, 6182-CS-RepeatStatusYN-DM, 6190-CS-MultiClaimEnd-DM, 6185-CS-OneClaimEnd-DM

Developer Notes / Entry Logic
Many of the variables below contain an 'N', e.g., <claimStatusN>, <pendingIssuesN>, etc. Before playing out the prompts, **set N= <current_claim>**.   I.e., N will be set to 1 or 2 or 3, depending on which claim is being reviewed. This will enable us to properly play out <claimStatus1> or <claimStatus2> or <claimStatus3>, and the associated prompts for that claim. (The value of <current_claim> is set in 6170, 6175, 6185, and 6190.)

Prompts			
Message Number	**Name**	**Condition**	**Wording**

First, check the value of <CanHearAgainMsg_played>. This value is set and changed in 6170 and 6180.

85065	--6180-CS-ReadStatus-Prompt-Initial-34	If <CanHearAgainMsg_played> = 'no'	Always	After I read this information, you'll be able to hear it again as many times as you like.
		Else	(no prompt)	--

If claim has been adjudicated (i.e., <claimStatusN> = A), use the following prompts.

85066	6180-CS-ReadStatus-Prompt-Initial-01	If claim has been adjudicated (i.e., <claimStatusN> = A)	Always	Please note that the following statements are informational only, and are current as of today.
85067	6180-CS-ReadStatus-Prompt-Initial-02		Always	A decision *has* been made on your claim. You will receive the decision by U.S. Mail.

ELSE if claim is pending (i.e., <claimStatusN> = P), use the prompt logic in the table below.

| 85068	6180-CS-ReadStatus-Prompt-Initial-03	ELSE if claim is pending (i.e., <claimStatusN> = P)	Always	The following statements are informational only. They are current as of today. You will receive the official notice of any decision made on your claim by U.S. mail.
85069	6180-CS-ReadStatus-Prompt-Initial-04		Always	A decision has *not* been made on your claim.

85070	6180-CS-ReadStatus-Prompt-Initial-05	IF TWO OR MORE of the following are filled with a valid entry (i.e., not null AND not 00000000): \<ageN\>, \<ammendedAppN\>, \<citizenN\>, \<nhNameChangeN\>, \<claimantNameChangeN\>, \<earningsN\>, \<lawfulPresenceN\>, \<marriageN\>, \<militaryN\>, \<specialWageN\>, \<deathN\>, \<relationshipN\>, \<supportN\>, \<endStageRenalN\>, \<schoolAttendN\>, \<attorneyRepN\>, \<foreignBenefitsN\>, \<hearingRequestN\>, \<reconRequestN\>, \<fedRevReqN\>, \<causeN\>, \<medicalReconN\>, \<medicalHearingN\> (Else if 0 or 1 of those are filled, don't play this prompt. 85123	6190-CS-MultiClaimEnd-Prompt-Timeout2-a		Timeout 2	If previous DM was 6175-CS-ReadNextClaimYN-DM	I'm sorry, but I still didn't hear anything. Those were the only claims I found. To hear them again, say "repeat". If you have other questions about your claims, say "other questions". <pause> You can also say "main menu" or, if you're done, you can just hang up.	
85124	6190-CS-MultiClaimEnd-Prompt-Timeout2-b			Else if <current_claim> = 1	I'm sorry, but I still didn't hear anything. To hear your next claim, say, "next claim." If you have other questions about your claims, say "other questions". <pause> You can also say "Main Menu". Or if you're done, you can just hang up.	
85125	6190-CS-MultiClaimEnd-Prompt-Timeout2-c			Else if <current_claim> = 2 AND <num_claims> = 2	I'm sorry, but I still didn't hear anything. That was the last claim I found. To hear the previous claim, say "previous claim." If you have other questions about your claims, say "other questions". <pause> You can also say "Main Menu". Or if you're done, you can just hang up.	
85126	6190-CS-MultiClaimEnd-Prompt-Timeout2-d			Else if <current_claim> = 2 AND <num_claims> = 3	I'm sorry, but I still didn't hear anything. To hear your next claim, say, "next claim." If you have other questions about your claims, say "other questions". <pause> If you want to go back to your previous claim, say "previous claim." You can also say "Main Menu". Or if you're done, you can just hang up.	
85127	6190-CS-MultiClaimEnd-Prompt-Timeout2-e			Else if <current_claim> = 3 AND <num_claims> = 3	I'm sorry, but I still didn't hear anything. That was the last claim I found. If you have other questions about your claims, say "other questions". <pause> If you want to go back to your previous claim, say "previous claim." You can also say "Main Menu". Or if you're done, you can just hang up.	
85129	6190-CS-MultiClaimEnd-Prompt-Success-1		If caller says "next" AND <current_claim> = <num_claims>		Actually, there aren't any more claims.	
85130	6190-CS-MultiClaimEnd-Prompt-Success-2		If caller says "previous" AND <current_claim> = 1		Actually, that was the first claim in your list.	

Req ID	Vocab	DTMF	Condition	Action	Confirm.
6190-CS-MultiClaimEnd-Condition-Repeat1	repeat [that]	-	If previous DM was 6175-CS-ReadNextClaimYN-DM (i.e., the caller said No to hearing any of the claims that were found)	Set <current_claim> = 1 Go to: 6175-CS-ReadNextClaimYN-DM	*never*
6190-CS-MultiClaimEnd-Condition-Repeat2			Else if previous DM was 6182-CS-RepeatStatusYN-DM	Go to: 6180-CS-ReadStatus-Msg	*never*
6190-CS-MultiClaimEnd-Condition-Next1	next [claim]	-	If <current_claim> is LESS THAN <num_claims>	Increment <current_claim> Go to: 6175-CS-ReadNextClaimYN-DM	*never*
6190-CS-MultiClaimEnd-Condition-Next2			Else If <current_claim> = <num_claims>	Play appropriate Success prompt above. Then play the appropriate Initial prompt again.	*If necessary*

6190-CS-MultiClaimEnd-Condition-Previous1	previous [claim] "previous claims"	-	If <current_claim> = 2 or 3	Set <current_claim> = 1 Go to: 6175-CS-ReadNextClaimYN-DM	*never*
6190-CS-MultiClaimEnd-Condition-Previous2			Else if <current_claim> = 1 (i.e., there are no previous claims)	Play appropriate Success prompt above. Then play the appropriate Initial prompt again	*If necessary*
6190-CS-MultiClaimEnd-Condition-Other	"other question" "other questions" "question" etc.	-	Always	Go to: 6200-GiveUpSendSomewhere-BC, condition Agent Request	*If necessary*

Confirmation prompts

Message Number	Name	Wording	
85131	6190-CS-MultiClaimEnd-ConfPrompt-Next	You asked for the *next* claim, is that right?	
85132	6190-CS-MultiClaimEnd-ConfPrompt-Previous	You asked for the *previous* claim, is that right?	
85133	6190-CS-MultiClaimEnd-ConfPrompt-Other	You have another question, is that correct?

			0002 = Max No Input	
			0003 = Max No Match	
			0200 = Caller Hang Up	

Developer Notes

DTMF commands are not active because the available options and ordering differ by condition.

Use specific treatment shown above for "repeat" command, instead of global 'repeat' behavior.

Global Help is disabled in this dialog module. All other Global Commands are active.

6200-GiveUpSendSomewhere-BC

	Branch on Condition
(Based on 1130-GiveUpSendSomewhere-Check in N8NN spec)	
If the caller had max retries or max timeouts, they come to this DM.	

Entering from
Any DM

Condition	Action
If Max Timeout/ Retry	Go to: N8NN Main, 1130-GiveUpSendSomewhere-Check
If Caller requests Agent	Go to: N8NN Main Menu, Module 1201-BranchOnCondition-Check

Event logging

6211-ForcedTransfer-BC

	Branch on Condition	
If the caller needs Agent assistance, or is required to go to an Agent due to an authentication failure or database failure, they come here.		

Entering from
6150-CS-AuthCannotMatch-Msg, 6151-CS-AuthSystemProblems-Msg 6152-CS-AuthAcctBlocked-Msg, 6153-CS-AuthSystemUnavailable-Msg, 6154-CS-AuthCannotProcess-Msg, 6171-CS-ClaimSystemProblems-Msg, 6173-CS-ClaimSystemUnavailable-Msg, 6174-CS-ClaimCannotProcess-Msg,

Req ID	*Condition*	*Action*
6211-ForcedTransfer-Condition-Day	*IF Day*	Go to: 6213-ForcedTransferToAgent-Msg
6211-ForcedTransfer-Condition-Night	*Else Night or Holiday*	Go to: 6216-ForcedTransferNoAgents-Msg

Event logging

6213-ForcedTransferToAgent-Msg

	Play Prompt
If the caller is required to go to an Agent due to an authentication failure or database failure, this state transfers them.	

Entering from
6211-ForcedTransfer-BC

Prompts		
Msg. number	**Type / Name**	**Wording**
82129	6213-ForcedTransfer ToAgent-Prompt-1	I'll transfer you to an agent who can help you. If you have a long wait for an agent, note that our lines are busiest early in the week and early in the month, so if your business can wait, it's best to call at other times. Hold on while I transfer you.

Req ID	Action
6213-ForcedTransferToAgent-Condition-Always	Transfer to Agent

Reporting				
Record = U-	RECL	-Msg_6213-(Call Duration at start),T-RECL-	0000 = Success	-Call duration at process end
			0001 = Error	
			0200 = Caller Hang Up	

Developer notes

6216-ForcedTransferNoAgents-Msg

	Play Prompt
If the caller is required to go to an Agent due to an authentication failure or database failure, but no agents are on duty, the call flow comes here.	

Entering from
6211-ForcedTransfer-BC

Prompts		
Msg. Number	**Type / Name**	**Wording**
82130	6216-ForcedTransferNoAg ents-Prompt-1	Unfortunately there are no agents available to help you because our offices are closed. Please call back during business hours, seven A M to seven P M, Monday through Friday, except for Federal holidays. Our lines are busiest early in the week and early in the month, so if your business can wait, it's best to call at other times. Thank you for calling Social Security. Goodbye.

Req ID	Action
6216-ForcedTransferNoAgents-Condition-Always	Hang Up

Reporting
