

## **Narrative of Revisions**

*The purpose of the Narrative of Revisions is to clearly indicate revisions to a collection since the previous approval*

Collection Title: Disaster Assistance Registration

OMB Control No.: 1660-0033

Current Expiration Date: 6/30/2010

Collection Instruments: 086-0-24

The following are the revisions to the collection:

FEMA Form 81-78 has a form number change to 086-0-24.

FEMA Form 086-0-24 has had the acronym NVGD removed from three places as a result of a comment received; Section One after “Base Flood Elevation” and in two places in Section two after the word “feet”.

Question 12 (and related Question 15) - The burden hours have decreased due to revision in the determinations FEMA is making in regards to Special Flood Hazard Zones. The Annual Cost Burden reflects an increase; the application of the 1.4 multiplier to the wage rate causes this.

Question 13 - The annual cost burden to respondents or record-keepers is reduced due to the decrease in number of respondents.
