

**DRAFT**

**Fraud Susceptibility Experiment Instrument  
(Pretest Addendum)**

**Disclosure of Estimated Burden**

The estimated average burden associated with this information collection is 30 minutes per pre-testing respondent. Burden estimates include the time for reviewing instructions and completing the information collection, which includes both this addendum and the main questionnaire. A Federal agency may not conduct or sponsor, and an organization (or a person) is not required to respond to a collection of information, unless it displays a currently valid OMB control number. Comments concerning the accuracy of this burden estimate and suggestions for reducing this burden should be directed to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, D.C. 20503, and to Patrick McAlvanah, Federal Trade Commission, 600 Pennsylvania Avenue, N.W., Mail Stop NJ-4136, Washington, D.C. 20580.
