Information Collection 0596-0222
July 2010

Grey Towers Historical Landmark has moved in the Forest Service organization from the Northeastern Area State & Private Forestry (NA) to under the Washington Office. The "NA" form number, i.e. NA-1600-15, no longer applies. The new form number, FS-1600-17, is now assigned to the comment card to clearly identify it within the Forest Service organization.
