what a terrible waste of tax dollars going on the at cdc. we have an autism epidemic and this kind of crap is going on.

get rid of the illegal immigrants - that will eliminate alot of the problem. we cannot continue to allow pregnant women from other countries to sneak into this country to have babies. we need to outlaw that kind of conduct NOW.

we have dare. we are spending huge amounts of money in oiur education system. we have duplication with th is program and horrible waste

i have lost respect for the employees at cdc who spend their time and tax dollars going to conferences, coming up with stupidity like this and fail to act to justify their huge salaries by ressearching what the heck is causing the epidemic of autism.

the cdc is worthless these days.
