

"Promoting HIV testing among low income heterosexual young adult
Black men"

0920-09CJ

Attachment 5d. Phase Two Quantitative Survey Recruitment Script

Hello my name is [insert name here] and I am from the 'BEATS' project sponsored by St. John's University and the Centers for Disease Control and Prevention (CDC). We are looking to meet the specific needs of young Black men who have been arrested or incarcerated. We are conducting surveys to get more information on how we can develop better health programs. The survey is anonymous, meaning your name will not be placed and no one, including the staff at Fortune Society or your parole/probation officer, will know what responses you provided. The survey will take about 30 minutes to complete and those that complete the survey will receive a \$25 gift certificate for your time and effort. Here is a flier that let's you know how to contact us if you're interested in doing the survey.
