

## National Children's Study Consent Questionnaire

### Instructions

- ➔ Please use a black or blue pen to complete this form.
- ➔ Mark [X] to indicate your answer.
- ➔ If you want to change your answer, mark [X] on the wrong answer.
- ➔ Put your completed questionnaire in the envelope and return it to the interviewer.

➔ **The following questions ask for your opinion on the video you viewed earlier in this visit.**

**1. In your opinion, how much of the information in the video did you need to know to decide whether to participate in the study?**

- None of it
- Some of it
- Most of it
- All of it

**2. In your opinion, how much of the information in the video was easy to understand?**

- None of it
- Some of it
- Most of it
- All of it

**3. Overall, do you think the video provided...**

- Too much detail,
- About the right amount of detail, or
- Not enough detail?

**4. In general, how interesting did you find the video to watch?**

- Not at all interesting

Public reporting burden for this collection of information is estimated to average 5 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. **An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.** Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-xxxx\*). Do not return the completed form to this address.

- A little interesting
- Somewhat interesting
- Very interesting

**5. Do you think the amount of time it took to watch the video was:**

- Far too long,
- A little too long,
- About the right amount of time,
- A little too short, or
- Far too short?

**6. In general, how difficult or easy was it to ask questions or get more information about something you saw or heard in the video?**

- Very difficult
- Somewhat difficult
- Somewhat easy
- Very easy
- Didn't have any questions

**7. What is the main purpose of the National Children's Study?**

*Mark [x] one box.*

- To assess the costs of medical care for children and pregnant women
- To help develop better medical schools and training programs for doctors
- To learn what things affect children's health, growth and development
- To determine how many healthy babies are born each year

**8. Do you have to participate in the National Children's Study?**

- No, it is my choice whether I participate or not.
- Yes, I must participate since my community is part of the study.
- Not sure

**9. If you become pregnant and have a baby, how long would the National Children's Study like you and your child to participate in the study?**

*Mark [x] one box.*

- Just while I am pregnant
- Until my child's first birthday
- Until my child starts school
- Until my child reaches age 18 or finishes high school
- Until my child reaches age 21
- Not sure

**10. True or false: In order to participate in the National Children's Study, you must sign a consent form indicating that you agree to participate.**

- True
- False

**11. Are you of Hispanic or Latino origin?**

- Yes
- No

**12. What is your race?**

*Select one or more.*

- White
- Black or African American
- American Indian or Alaska Native
- Asian
- Native Hawaiian or Other Pacific Islander

**13. What is the highest grade or level of school that you have completed?**

*Mark [x] one box.*

- 8<sup>th</sup> grade or less
- Some high school, but did not graduate
- High school graduate or GED
- Some college or associate's degree
- Bachelor's degree
- Graduate or professional degree beyond a bachelor's degree.

**14. Are you...**

- Less than 25 years of age,
- 25 to 29,
- 30 to 34,
- 35 to 39, or
- 40 or older?

**15. Please share any other comments you have about the video the study representative showed you today:**

## National Children's Study Consent Questionnaire

### Instructions

- ➔ Please use a black or blue pen to complete this form.
- ➔ Mark [X] to indicate your answer.
- ➔ If you want to change your answer, mark [X] on the wrong answer.
- ➔ Put your completed questionnaire in the envelope and return it to the interviewer.

### 1. About how much of the video called "Making an Informed Choice about being in the National Children's Study" did you watch today?

- None of it ➔ Skip to question 5.
- 10 minutes or less
- 11 to 20 minutes
- 21 to 30 minutes
- All of it

### 2. In your opinion, how much of the information in the video was easy to understand?

- None of it
- Some of it
- Most of it
- All of it

### 3. Do you think the amount of time it took to watch the video was...

- Far too long,
- A little too long,
- About the right amount of time,
- A little too short, or
- Far too short?

Public reporting burden for this collection of information is estimated to average 5 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. **An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.** Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-xxxx\*). Do not return the completed form to this address.

**4. Did you think about any of the information explained in the video when deciding whether you wanted to take part in the National Children's Study?**

Yes

No

**5. In your opinion, how valuable do you think the National Children's Study will be to the health and well-being of children?**

- Not at all valuable
- A little valuable
- Valuable
- Very valuable

**6. In your opinion, what is the main purpose of the National Children's Study?**

*Mark [x] one box.*

- To assess the costs of medical care for children and pregnant women
- To help develop better medical schools and training programs for doctors
- To learn what things affect children's health, growth and development
- To determine how many healthy babies are born each year

**7. Why did you decide not to take part in the National Children's Study?**

*Mark [X] all that apply.*

- I think the information collected in this study is too personal.
- Taking part would require too much of my time.
- I don't believe that the information collected in this study can actually help children.
- I don't believe the study staff can really keep my information confidential.
- I don't want to commit to something for 21 years.
- I don't think my husband, partner or family will want me to do this.
- I did not feel comfortable with the interviewer.
- I don't want anyone from the study staff visiting my home or calling me.
- I don't want the study staff to have access to my personal health information or my child's.
- I don't want the study staff to examine me or my child.
- I don't want the study staff to take any air, water, soil or dust samples from my yard or home.
