

OHSR RESPONSE TO REQUEST FOR REVIEW OF RESEARCH ACTIVITY
INVOLVING HUMAN SUBJECTS

FAX: Exempt #: 5260
To: McMullen, Susan
NCI
Building 82 - R A Bloch International Cancer Center, 101

From: Office of Human Subjects Research (OHSR)

Nature of Research Activity:

The purpose of this research is to gain understanding of the awareness level and knowledge of NCI, including the services NCI provides, the activities it conducts, and its location. The survey also asks about clinical trial referral practices and how these physicians find out about clinical research opportunities for their patients.

Original Request Received in OHSR on: 6/2/2010

Responsible NIH Research Investigator(s): Susan McMullen, NCI

OHSR review of your request dated Thu, Apr 1, 2010 has determined that:

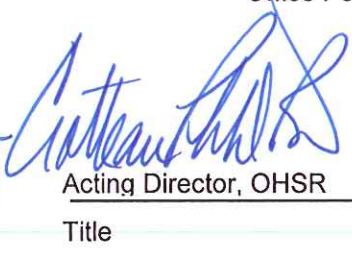

- Federal regulations for the protection of human subjects do not apply to above named activity. The OHSR determination of Not Human Subjects Research is based on the interpretation of 45 CFR 46 under "Research Involving Coded Private Information or Biological Specimens" (OHRP, Revised October 16, 2008) and Guidance on Engagement of Institutions in Human Subjects Research (October 16, 2008). NOTIFY OHSR VIA AN E-MAIL AMENDMENT OF ANY CHANGES THAT MAY ALTER THIS RESEARCH ACTIVITY.
- The activity is designated **EXEMPT**, and has been entered in the OHSR database. PLEASE NOTIFY OHSR OF ANY SIGNIFICANT CHANGES THAT MAY ALTER THE EXEMPT STATUS OF THIS RESEARCH ACTIVITY.
- NOT EXEMPT**. OHSR recommends IRB review. Please forward your request to the Chair of your IRB, who may ask you to provide additional information in order to determine whether expedited or full review is appropriate.

Protocol Title: The Survey of Health Care Professionals' Awareness and Perceptions of the National Cancer Institute's Intramural Clinical Trials (NCI)

Name of NIH Principal Investigator(s): _____
Susan McMullen, RN, Director, Office of Patient Outreach and Recruitment
Center for Cancer Research,
NCI
Bloch Building 82, Room 101, MSC 8200,
9030 Old Georgetown Road, Bethesda, Maryland 20892
mcmulles@mail.nih.gov
Tel. No: (301) 402-5931 **FAX No:** (301) 480-0278

Is the Principal investigator an NIH employee? Yes

If no, please explain: _____

- 1. What is the proposed research activity that you intend to perform at NIH (please use lay terms):**
The purpose of this research is to gain understanding of the awareness level and knowledge of NCI, including the services NCI provides, the activities it conducts, and its location. The survey also asks about clinical trial referral practices and how these physicians find out about clinical research opportunities for their patients.

2. If applicable, list your non-NIH Collaborating Investigator(s).

 5th Floor
 Rockville MD 20850
 jwalmsley@mmgct.com
 Phone: 301-348-1627
 Fax: 301-921-4405

3. Proposed start date of your research ___September 2010___
Proposed completion date ___October 2010___ and then yearly for 3 years

4. Will you be _____ **these samples or data?**

Collecting Yes
 Receiving No
 Sending No

5. Do the samples or data:

(a) Already exist? No

(b) Or are they being collected for the express purpose of this study? Yes
 If "yes," please describe: The purpose of this research is to gain understanding of the awareness level and knowledge of NCI, including the services NCI provides, the activities it conducts, and its location. The survey also asks about clinical trial referral practices and how these physicians find out about clinical research opportunities for their patients. The survey results are collected anew each time the survey is sent out.

(c) Or a combination of (a) and (b)? ___Yes ______No

6. What role will you have in this research project? (Check all that apply)

Analyze samples/data only.

Consultant/advisor to collaborator(s) listed above.

___ Author of the protocol that is being implemented by your collaborating investigator (identified in question #2).

Co-authorship on publication(s)/manuscript(s) pertaining to this research.

You or NIH hold an IND for this research.

Decisional authority over the design or implementation of the research at the IRB approved site? If so, please explain.

Other (If necessary, use this space to describe your role in this research).

7. Where are the subjects of this research activity located?

E-mail survey sent out nationwide by AMA to members who have opted in to receive e-mails

8. If human subjects are located elsewhere (not at NIH), will you have direct contact or intervention with them? (Examples: as subject's physician; in obtaining samples directly from the subject; by interviewing the subject?) No

9. What kind of human samples (e.g., tissue, blood) or data (e.g., private information, responses to questionnaires) will be involved in your research?

No human samples will be involved. Respondents will be asked to answer questions about their experience and opinions on NCI and the services the institute provides.

10. If the samples, data do not come from an IRB approved protocol, do they come from:

(a) Repository No - N/A

(b) Pathological waste No - N/A

(c) Autopsy material No - N/A

(d) Publicly available source No - N/A

(e) Other _____

11. Please check the box(es) that apply(ies) to the samples/data that you will receive.

(a) Samples and/or data will be anonymized/unlinked. (The samples/data cannot be linked to individual subjects by you or your collaborators at other sites.)

- (b) Samples and/or data will be coded, however that code cannot be used by either the sender or the receiver to identify specific individuals.
- (c) Samples and/or data will be coded so that the provider of the samples/data can link them to specific individuals but the receiver will not be able to do so.

12. Will you send results back to the provider(s) (listed in question 2 of this form)?

- (a) No, I will not send results back to the provider(s).
- (b) Yes, I will send aggregate results to the provider(s).
- (c) Yes, I will send results to the provider(s) that are linked to identifiable individuals.
If yes, does the provider intend to link your data to identifiable individuals?
 Yes No

Subject: McMullenS_NCI_5260_CY2010
Attachments: Attachment 1_ Email Survey 2010 v2 2010.03.15.doc; Attachment 4 - NIH Privacy Act Memo.pdf

Good Morning,

I am replying on behalf of Susan McMullen. The Email survey "The Survey of Health Care Professionals' Awareness and Perceptions of the National Cancer Institute's Intramural Clinical Trials." is attached. While a consent form is not included in the e-mail to the respondents, a brief introduction included on the survey describes the purpose and use of the questions. Respondents imply consent in the completion and return of the survey.

This is an e-mail survey sent out by the AMA to members who have opted in to receive e-mails and has been reviewed by the NIH privacy act officer, I have attached the privacy act memo.

We are currently working on OMB clearance through Vivian Horovitch-Kelley; PRA/OMB Project Clearance Liaison.

The original survey that was disseminated in 2007 and received IRB exemption approval # 3772.

Please let me know if you need anything further.

Best Regards,

Jean

Good Morning Ms. McMullen:

Thank you for the opportunity to review your research project entitled "The Survey of Health Care Professionals' Awareness and Perceptions of the National Cancer Institute's Intramural Clinical Trials." Based on the information you have provided, OHSR needs to review both the questionnaire and the informed consent, information sheet, and/or script you will use to invite participants into the study. We have attached an example for your convenience.

We also need to remind you that you need to contact Mikia Currie in the Office of Policy for Extramural Research Administration (OPERA) to determine whether you will need OMB Clearance for this survey.

Best regards,

**NCI's Center for Cancer Research
 Survey to Assess Health Care Professionals'
 Awareness of NCI Intramural Clinical Trials**

The National Cancer Institute's (NCI) Center for Cancer Research is surveying physicians and nurses in order to gain a deeper understanding of the perception that health professionals have of NCI and the services the Institute provides. The results from this survey will be used to evaluate the level of awareness and understanding of NCI's Center for Cancer Research and to develop new programs to educate and inform healthcare professionals of their activities.

Your participation in this survey is completely voluntary. Please be assured that your responses will be kept confidential and will not be disclosed to anyone outside NCI or its contractor, Matthews Media Group (MMG), except as otherwise required by law. Data will be provided to NCI in aggregate form only, with any potentially identifying information removed. You may skip any questions that you prefer not to answer. This survey should take approximately 5 minutes to complete.

Public reporting burden for this collection of information is estimated to average 5 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-xxxx). Do not return the completed form to this address.

If you have any questions or would like to know the results of the survey, please contact Angela Carrigan at acarrigan@mmgct.com or 301-348-1694.

DATE: May 7, 2010

TO: Susan McMullen
Director, Office of Patient Outreach and Recruitment
Center for Cancer Research, NCI

FROM: NIH Privacy Act Officer

SUBJECT: Applicability of the Privacy Act: The Survey of Health Care Professionals' Awareness and Perceptions of the National Cancer Institute's Intramural Clinical Trials (NCI)

I have reviewed the NCI submission to OMB entitled, "The Survey of Health Care Professionals' Awareness and Perceptions of the National Cancer Center Institute's Intramural Clinical Trials (NCI)". The project involves the collection of personally identifiable information via an email survey to medical professionals who treat cancer patients to gain a deeper understanding of their perception of NCI and the services the Institute provides.

I have determined that the Privacy Act will not apply to the data collection, which includes the collection of work email address, professional status, area of specialization and geographic location of practice. The responses are being collected electronically and will be automatically stored on a secured server. The survey data cannot be tracked to individual respondents and will be provided to NCI through its contractor, Matthews Media Group (MMG), in aggregate form only.

If you have any questions, please contact my office at (301) 496-2832

Attachments: Consent form for Usability Testing.doc

Good Morning Ms. McMullen:

Thank you for the opportunity to review your research project entitled "The Survey of Health Care Professionals' Awareness and Perceptions of the National Cancer Institute's Intramural Clinical Trials." Based on the information you have provided, OHSR needs to review both the questionnaire and the informed consent, information sheet, and/or script you will use to invite participants into the study. We have attached an example for your convenience.

We also need to remind you that you need to contact Mikia Currie in the Office of Policy for Extramural Research Administration (OPERA) to determine whether you will need OMB Clearance for this survey.

Best regards,

Office of Human Subjects Research
Office of Intramural Research
