Periodic meetings are held between IRS personnel and representatives of the American Bar Association, the National Society of Public Accountants, the American Institute of Certified Public Accountants, and other professional groups to discuss tax law and tax

forms. During these meetings, there is an opportunity for those attending to make comments regarding Form 8879-PE.

12. ESTIMATED BURDEN OF INFORMATION COLLECTION

List the number of responses, time per response, and total burden for each form included in the submission.

The burden estimate is as follows:

| <u>Form</u> | <u>Number of Responses</u> | <u>Time per Response</u> | <u>Total Hours</u> |
|--------------|----------------------------|--------------------------|--------------------|
| Form 8879-PE | 500 | 5 hrs, 16 mins. | 2,635 |

Estimates of the annualized cost to respondents for the hour burdens shown are not available at this time.

13. ESTIMATED TOTAL ANNUAL COST BURDEN TO RESPONDENTS

As suggested by OMB, our *Federal Register* notice dated 05/20/2010 (FR 75 28325) requested public comments on estimates of cost burden that are not captured in the estimates of burden hours, i.e., estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. However, we did not receive any response from taxpayers on this subject. As a result, estimates of the cost burdens are not available at this time.

14. ESTIMATED ANNUALIZED COST TO THE FEDERAL GOVERNMENT

After consultation with various functions within the Service, we have determined that the cost of developing, printing, processing, distribution and overhead for the form is \$2,750.

15. REASONS FOR CHANGE IN BURDEN

This is a revision to a currently approved collection. Corrections were made to errors discovered in the reporting of the burden per respondent from 4.05 hours to 5.27. This correction resulting in an increase of 610 hours due to adjustment in agency estimates. Requested burden for this submission is: 2,635 hours.

16. PLANS FOR TABULATION, STATISTICAL ANALYSIS AND PUBLICATION

Not applicable.

17. REASONS WHY DISPLAYING THE OMB EXPIRATION DATE IS INAPPROPRIATE

See attachment.

18. EXCEPTIONS TO THE CERTIFICATION STATEMENT ON OMB FORM 83-I

Not applicable.

OMB EXPIRATION DATE

We believe the public interest will be better served by not printing an expiration date on the form(s) in this package.

Printing the expiration date on the form will result in increased costs because of the need to replace inventories that become obsoleted by passage of the expiration date each time OMB approval is renewed. Without printing the expiration date, supplies of the form could continue to be used.

The time period during which the current edition of the form(s) in this package will continue to be usable cannot be predicted. It could easily span several cycles of review and OMB clearance renewal. In addition, usage fluctuates unpredictably. This makes it necessary to maintain a substantial inventory of forms in the supply line at all times. This includes supplies owned by both the Government and the public. Reprinting of the form cannot be reliably scheduled to coincide with an OMB approval expiration date. This form may be privately printed by users at their own expense. Some businesses print complex and expensive marginally punched continuous versions, at their expense, for use in their computers. The form may be printed by commercial printers and stocked for sale. In such cases, printing the expiration date on the form could result in extra costs to the users.

Not printing the expiration date on the form(s) will also avoid confusion among taxpayers who may have identical forms with different expiration dates in their possession.

For the above reasons we request authorization to omit printing the expiration date on the form(s) in this package.

We are requesting OMB approval for continued use of the prior version of the form(s) in this clearance package, so that late filers will have the previous versions available to them in future years.
