Agency Information Collection Activities: Proposed Collection; Comment Request, 1660–0022; Community Rating System (CRS) Program—Application Worksheets and Commentary

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice; 60-day notice and request for comments; revision of a currently approved information collection; OMB No. 1660–0022; FEMA Form 086–0–23, Community Rating System Application Form and Manual; 086–0–23A, Community Rating System Annual Recertification.

SUMMARY: The Federal Emergency Management Agency, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on a proposed extension, without change, of a currently approved information collection. In accordance with the Paperwork Reduction Act of 1995, this Notice seeks comments concerning the application for the Community Rating System program. This program allows communities to become eligible for discounts on flood insurance when the communities undertake activities to mitigate damage resulting from floods. The application documents these activities and provides the Federal Emergency Management Agency with the information necessary to determine what discounts are appropriate.

DATES: Comments must be submitted on or before June 14, 2010.

ADDRESSES: To avoid duplicate submissions to the docket, please use only one of the following means to submit comments:

SUPPLEMENTARY INFORMATION: The National Flood Insurance Reform Act (NFIRA) of 1994 (Pub. L. 103-325,

section 541) requires that a community rating system be established. This ratings system is a voluntary program for communities and it would provide a method by which flood mitigation activities engaged in by these communities could be measured. The effect of this mitigation activity would reduce the exposure of the communities to damages resulting from flooding and in turn reducing the loss incurred as a result of this flooding. To encourage participation, discounts on flood insurance are offered within communities that successfully complete qualified mitigation actions, and the community ratings system provides the ability to measure these actions and to recertify the communities in successive years.

Collection of Information

Title: Community Rating System (CRS) Program—Application Worksheets and Commentary.

Type of Information Collection: Revision of a currently approved information collection.

OMB Number: 1660-0022.

Form Titles and Numbers: FEMA Form 086-0-23, Community Rating System Application Form and Manual; 086-0-23A, Community Rating System Annual Recertification.

Abstract: The CRS Application Worksheet and Commentary are used by communities that participate in the National Flood Insurance Program’s (NFIP) Community Rating System (CRS) to document the activities that communities have undertaken to mitigate against future flood losses. The CRS application and activity worksheets provide a step-by-step process for communities to follow in their effort to achieve the maximum amount of discount on flood insurance premiums. CRS is a voluntary program where flood insurance costs are reduced in communities that implement practices, such as building codes and public education activities, that are considered to reduce risks of flooding and promote purchase of flood insurance.
