B. INTRODUCTION AND PURPOSE

1. INTRODUCTION

The Small Business Development Center (SBDC) Program is the U.S. Small Business Administration's (SBA's) largest matching grant-funded service delivery network providing quality customer service to the small business community. The SBDC program has 63 recipient organizations known as Lead Centers—one in each state (four in Texas and six in California), the District of Columbia, Puerto Rico, the Virgin Islands, Guam and American Samoa and their corresponding Service Center networks. The SBDC program is a broad-based system of assistance for the small business community linking the resources of federal, state and local governments with the resources of the educational community and the private sector. In partnership with SBA's Office of Small Business Development Centers (OSBDC) and district offices, the SBDCs develop programs and provide business management and other services that enhance the economic development goals and objectives of SBA and their respective states and their local funding partners.

2. PURPOSE

The SBDC Program is designed to provide high quality business and economic development assistance to small businesses and nascent entrepreneurs (pre-venture) in order to promote growth, expansion, innovation, increased productivity and management improvement. SBDCs must work collaboratively with assistance from SBA's District Offices to coordinate their efforts to expand services and avoid duplication, particularly with other SBA-funded programs such as Women Business Centers (WBCs), SCORE, Veterans Business Outreach Centers (VBOCs) and U.S. Export Assistance Centers (USEACs). Where the SBDCs are located in communities with these resource partners, the SBDCs will coordinate with them in offering training and other forms of assistance to their clients. SBDCs are encouraged to fully utilize the resources of other federal, state and local government, academic and private sector programs concerned with aiding small businesses in order to provide seamless but not duplicative business development assistance at every stage of their growth.

3. AUTHORIZING LEGISLATION

The Small Business Development Center (SBDC) Program is sponsored and partially funded by the U.S. Small Business Administration (SBA). The SBDC Program is governed by Section 21 of the Small Business Act, 15 U.S.C. § 648, and federal regulations, 13 C.F.R. Part 130. Although SBA is responsible for the general management and oversight of the SBDC program, a partnership exists between SBA and the recipient organization for the delivery of assistance to the small business community. SBDCs, under Section 21 of the Small Business Act (15 U.S.C. § 648), are required to provide counseling and training to small businesses including working with the SBA to develop and provide informational tools to support business start-ups and existing business expansion. In addition, pursuant to 13 CFR §130.340(c), SBA has identified

certain Special Emphasis Groups (as defined in Section VIII, Part D, "Definitions"), to be targeted for assistance by SBDCs.

Per Section 21 of the Small Business Act, the national SBDC program is directed by the Associate Administrator for SBDCs (AA/OSBDCs) under the direction of the Associate Administrator for Entrepreneurial Development (AA/ED). The local SBA District Director (DD) is the primary contact for local direction of the delivery of services to the small businesses in each District Office area, and for monitoring and overseeing the SBDC Cooperative Agreement and the ongoing local operations. Therefore, the district director has the authority and is directly responsible for negotiating the Cooperative Agreement that will effectively deliver the services and achieve agency goals.

C. PROGRAM REQUIREMENTS

1. DEFINITIONS

Definitions are incorporated in Section VIII - Other Information.

2. PERFORMANCE MEASUREMENTS

SBA, along with the other Federal Government agencies, is increasingly more focused on proven results; short- and long-term planning and performance-based budgeting as measured by achievement of negotiated and agreed upon goaled outputs and outcomes. SBDCs are expected to provide in-depth, substantive, longer-term, outcome-oriented counseling and training that results in a substantial economic impact as measured by the successful creation and retention of businesses and jobs, capital infusion and increased company revenues.

SBA and the SBDCs have jointly identified the following **performance** goals for the SBDC program:

- Number of Single-year, Long-Term Clients (5 hours or more of counseling, contact and prep time);
- Number of new businesses created; and
- Dollar Amount of Capital Infusion which includes SBA loans, non-SBA loans and equity investment.

An additional performance measure which will not be goaled will be collected:

Number of Multi-year, Extended-Engagement Clients (5 hours or more of counseling, contact time only);

Data for performance goals/measurements are collected through EDMIS, SBA's centralized data collection system. Annual goal numbers are negotiated with local district directors as part of the proposal submission process and, when approved by OSBDC, are incorporated into the Notice of Award. Approval of goals consists of OSBDC mapping the 63 network goal numbers with the most recent census, federal funding or other appropriate indexing tool/data to determine whether the goals developed correlate appropriately to population, business distribution and/or other factors. Where there are outliers, OSBDC will work with district directors and the affected SBDC to ensure an immediate change or to phase in, over an appropriate time period, the attainment of ideal milestone goals. While SBA loans are to be counted towards the SBDC capital infusion goal, SBDCs are not to be held accountable for SBA specific loan goals.

The Association of Small Business Development Centers (ASBDC) Accreditation Standards 4.1, 4.2 and 7.0 relate to the goals set forth above.

However, an SBDC may not receive continued funding if there has been a clear showing of poor performance, as measured by SBA. Poor performance is indicated by unsatisfactory oversight reviews (Program, Financial), accreditation issues, improper activity affecting the operation and integrity of the SBDC, and/or a failure to follow the rules and procedures set forth in the statute, regulation and/or Program Announcement (see 13 CFR 130.700).

1. the service area of the Lead and Service Centers;
2. the methodology and justification for the service area resources distribution using, but not limited to, multiple factors such as population or business census, population/counselor distribution formulas, etc.);
3. correlation of resource distribution to needs assessment studies; and
4. the management and coordination of the SBDC throughout the state or area being served.

If applicable, describe plans for the addition of any new Service Centers or programs. As part of the management strategy, describe the staffing plan including management strategy for vacancies (interim measures and acceptable vacancy timeframes), general staffing policy as it pertains to key personnel (Lead Center directors and associate directors), desirable client wait time for counseling assistance and changes you anticipate making in the coming year. (Applicants applying for initial funding must describe how the SBDC plans to provide total state or regional coverage during a three-year period.) This section should include an explanation of the funds allocation philosophy and plans, if any, to adjust current funds distribution in accordance with that philosophy.

- **On-line Client Services**

It is incumbent on all Federal Government agencies to increase use of available technology to improve services and streamline operations. The continued expansion and use of technology in all sectors of commerce today is creating new opportunities as well as placing increased demand on the SBDC program to provide greater access to services through web-based technology. SBA views the use of web-based technology as a means to increase outreach within existing budgets, access populations or areas otherwise difficult to reach, and offer services 24/7 when appropriate. Providing clients with tools and access to information on-line, should provide greater flexibility for SBDC counselors to provide counseling and other one-on-one activities with clients.

Recipient organizations must submit a project plan which uses web-based technology for direct client service delivery. Applicant organizations should review their level of web-based service delivery as defined by SBA in Section VIII, Part E of this Announcement. As part of the proposal narrative, applicants should describe how on-line service delivery is incorporated into their overall service delivery plan. Where possible and to reduce duplicative efforts, SBA's Small Business Training Network (SBTN) at "www.sba.gov/training" should be used for on-line training. The project plan for online services should describe the current level of service and/or the approach being taken to progress to a higher level. This discussion should include the planned operating environment and the process to be taken to achieve it, including timelines, benchmarks, anticipated results, resources and budget.

- **Organization and Structure**

Include an organizational chart for the total SBDC network. The chart must indicate the positioning of the Lead Center within the applicant organization and the department or division and person to whom the SBDC Lead Center Director reports.

- **Program Objectives**
Provide a brief summary of major program objectives and ongoing programs, highlighting any new programs, special projects or activities. To facilitate reporting, categorize the information presented using the reporting titles listed in Section VI, Part B to the extent possible. (Success stories do not need to be included in the proposal.)
- **SBDC Scheduled Closures**
Provide a listing of all scheduled SBDC Lead Center and Service Center closures, whether for holidays or shutdown of the recipient organization. Anticipated closures shall be included in the annual renewal application. Emergency closures shall be reported to the SBA project officer as soon as feasible to do so. SBDC service providers shall be open during the normal business hours of their sponsoring SBDC organizations.
- **Advisory Board**
Each SBDC must establish an advisory board in accordance with 15 U.S.C. 648(j). The proposal must include a list of the members of the SBDC statewide/region-wide advisory board, including their titles and a description of the board's responsibilities.

A majority of the advisory board members must be representatives from small businesses or associations representing small businesses located throughout the entire area of service. Veterans, women, minorities and Native Americans should be represented, as appropriate. There should be regular periodic meetings each year. The SBA district director should be a non-voting member.

The reasonable cost of travel of any board member for official board activities may be paid out of the SBDC's budgeted funds. An SBDC's proposal must include the date of its board's most recent meeting.

- **Conflict of Interest Policy**
The proposal must include the SBDCs current -conflict of interest policy utilized throughout the SBDC network. See Section VIII, Part B, "Conflict of Interest" for guidance on content of the Conflict of Interest Policy.
- **Training**
The proposal must include a list of the types of training to be offered during the budget period. To assist SBA, categorize the types of events to be offered on a quarterly basis by topic per line ten of SBA Form 888. Recipients will be expected to provide the SBA project officer with a quarterly calendar of training or access electronically to comparable information.
- **Personnel Resumes**
The proposal must include resumes for any new key personnel directly employed by the SBDC (i.e., Lead and Service Center directors and special program directors such as for technology or International Trade) since the start of the last program year. It does not include trainers, counselors, or support staff.
- The SBDC contact designated to maintain information in SBA's Partner Identification Management System (PIMS). Include name, title, phone number, and email address.
- **Other Funds**

The proposal must fully describe any other federal or state small business assistance programs, contributions or grant funds (excluding foundation accounts) managed by the SBDC network outside the SBA Cooperative Agreement. Include the source and amount of funds provided by each organization and the purpose for which the funds have been provided.

The SBDC must maintain an updated list of funding sources and amounts for each source of funds received by the SBDC network including grants, contracts and contributions. In addition, for each source of funds, documentation regarding the name and phone number of the donor/contractor/grantor, the amount of funding, the intended purpose and any requirements, stipulations or deliverables must be maintained and made available during the biennial examination process.

SBDCs managing other small business programs outside the SBA Cooperative Agreement must maintain separate accounting/financial records to ensure a clear audit trail for the funds provided under the SBDC Cooperative Agreement. Costs may not be proposed or claimed for activities for the SBDC program, regardless of funding source, for which the scope of activity is inconsistent with this Program Announcement

In accordance with 15 U.S.C. 648(a)(5), the AA/OSBDC must concur with all federal initiatives to be accomplished through the SBDC networks.

b. Planned Milestone Accomplishments. This spreadsheet is required from the Lead Center and shall separately list the goals for the Lead Center and all SBDC Service Centers, including specialty centers. The spreadsheet must include sections on “Major Program Objectives” and “Special Projects” for the network for each Service Center. The spreadsheet is available at [SBDC Forms](#).

c. SBDC Network Listing. The SBDC Network Listing shall be produced from SBA’s Partner Identification Management System (PIMS). PIMS must be kept current as it will generate the network listing for the proposal. Guidance on maintaining PIMS is in B. Reporting (see page 27).

Indirect Cost Allocation Worksheet		SBDC Forms

SBDC Budget Justification Instructions

The direct cost and indirect cost total must agree with the 424 and 424A.

Personnel:	For each position of the SBDC, show federal, match, annual salary, number of months, level of effort in percentage and total amount used as the basis to estimate personnel costs. For key personnel, list name, position title and length of time current incumbent has held the position. For SBDC employees who are not key persons or personnel to be hired only position title is required.
Fringe Benefits:	Indicate the fringe rates approved by your cognizant federal agency for audits when available. If not available provide the schedule used. Do not include fringe cost in the total amount required for personnel.
Travel:	Provide purpose for in state and out of state travel. For local travel not requiring preauthorization provide total anticipated mileage and mileage rate. For travel requiring preauthorization, itemize destinations, mode of transportation, airfare or other transportation rates, number of trips, and number of travelers. Prior approval of the SBA is required for foreign and unplanned out-of-state (not in approved budget) travel.
Equipment:	List items costing at least \$5,000 and having at least one year of useful life. The recipient organization must maintain an inventory of equipment purchased with program dollars including cost, location, and detailed description of each item. Equipment inventory must be made available upon request of SBA.
Supplies:	Show anticipated cost of supply items such as general office, operational, computer supplies, and other supply items costing less than \$5,000. The recipient organization must maintain an inventory of controlled supplies of higher dollar value and high potential for loss such as computers, etc. and it must be made available upon request of the SBA.
Contractual:	Should Service Centers propose sub-contractual cost, please provide budget details, such as statement of work, number of hours and rate of pay. Separate budgets (i.e., form 424A and budget justifications) are only required for Lead Center subcontracts with individual Service Centers. Do not show indirect cost on contractual line. Service Center indirect cost must be shown on line j column 4 of the 424A.
Consultants:	There may be an error on form 424A showing a “construction” instead of a “consultants” category. Please indicate consultants cost on that line for construction. Specify the consultant’s purpose and indicate the number of hours and rate of pay.
Other:	This category may include, but is not limited to computer software, copying, postage, printing, publications, subscriptions, dues, telephone, conference fees, and office space (indicate square footage and rate). Do not list other items with zero amounts.
Indirect cost:	Indicate the indirect cost amount on budget justification line j and 424A, line 6j. Show indirect cost rate and method used to calculate indirect cost. You may obtain the Indirect Cost Allocation Worksheet from the SBDC website at SBDC Forms . You may break out Lead Center Indirect vs. Contractual (Service Center) Indirect on line 23, Remarks. A copy of the Indirect Cost Rate agreement (ICR) approved by your cognizant agency for audits must be provided, including the signature page of the agreement to support indirect charges. A rate no higher than that approved under the ICR may be used to calculate indirect cost. Do not include indirect costs as cash match or as in-kind contributions. If the Lead or Service Center does not have an indirect cost rate agreement, please contact the project officer at the SBA district office.

B. TREATMENT OF PROPOSAL INFORMATION

If the SBDC's proposal contains confidential data, the SBDC must follow Part 102 of SBA's regulations.

Unless otherwise specified, all financial, statistical, personnel and/or technical information and data which are furnished, produced or otherwise made available to the SBDC by its small business customers during the performance of this Agreement shall not be used for purposes other than performance of work under this Agreement. The above information received by the SBDC may be privileged and must not be released or disclosed by the SBDC without the prior written consent of the client unless otherwise required by law. If such information is requested in a legal proceeding, the SBDC must take the necessary precautions and legal recourse to protect privileged information.

P.L. 108-447, approved December 8, 2002, provides that client information can only be made available to SBA for legal enforcement action and financial audits. However, SBA is also allowed access to client data for obtaining program activity information or conducting client surveys.

No files or records will be removed from the premises of any government agency with which the recipient may work without the approval of the agency in possession of such documents. Publication of any information will be in accordance with OMB Circular A-110.

C. REQUIRED PROPOSAL SUBMISSION DATES

Each SBDC applicant is required to submit its proposal electronically via www.grants.gov. Because there are some pre-conditions for submitting applications via www.grants.gov, applicants are advised to allow for appropriate time to register their organization, if they are not currently registered. Specific instructions are provided on grants.gov for registering.

To ensure timely re-funding of SBDC continuing applications, the following time frames have been established for the submission of proposals throughout the SBDC/SBA network. **Strict adherence to these time frames by both SBDC applicants and SBA personnel is imperative to allow the agency sufficient time to review and issue the Cooperative Agreement.**

D. INTERGOVERNMENTAL REVIEW

The SBDC program does not involve the mandatory payment of any matching funds from the state or local government and does not affect directly any state or local government. As appropriate, SBDC programs should comply with Executive Order 12372, "Intergovernmental Review of Federal Programs."

E. FUNDING RESTRICTIONS

1. BUDGET PREPARATION & FUNDING

Administrative Requirements and Cost Principles

SBA will supply federal assistance funds for the SBDC's operation. However, in order to qualify for assistance, the applicant (Lead Center) and/or its network participants, must provide, at a minimum, an additional amount (cash and in-kind match) equal to the federal dollars provided. Cash match in an amount not less than 50 percent of federal funding is required. The remainder may be indirect and/or in-kind match. No portion of the match may be from federal sources (except appropriate CDBG funds). Program income or fees collected from clients and/or attendees are also excluded from match. Cash match shall not include indirect costs, overhead costs or in-kind contributions.

When making sub-awards, administrative costs incurred for establishing technical needs, determining qualified candidates, issuing requests for bids, evaluating replies and selecting an awardee may be claimed as indirect costs according to 2 CFR Part 220 (OMB Circular A-21). The Circular allows these incremental Facilities and Administrative costs on the first \$25,000 to be claimed one time in the indirect cost base for each subcontract or sub-award. It is not appropriate to claim these costs when obtaining annual funding to continue the sub-award. These costs only may be claimed when an open, competitive bidding process was involved in issuing the sub-award that included the aforementioned administrative costs.

SBDCs are governed by 2 CFR Part 215 (OMB Circular A-110) or 13 CFR Part 143 for administrative procedures and 2 CFR Part 220 (OMB Circular A-21), 2 CFR Part 225 (OMB Circular A-87), or 2 CFR Part 230 (OMB Circular A-122) for cost principles.

Budget Preparation

SBDCs submitting multi-year proposals must refer to Section IV, Part A "Required Application Format", for specific procedures.

The budget proposal must also show the total cost of the program as proposed in Section B of SF-424A (rev. 7/97). Such costs include personnel, fringe benefits, travel, consultants, equipment, supplies, and contractual costs. (Refer to SF- 424A, "Budget Information - Non-Construction Programs" Rev. 7/97) and budget justification instructions).

Although "Program Income" appears on the Standard Form 424 (Application for Federal Assistance) it is not added into the "Total Estimated Funding" – line f – of the Standard Form 424 and should be left blank. Leave blank the "Program Income" line on the Standard Form 424A (Budget-Information – Non-Construction Programs) as it is not to be added into 6.k. Additionally, program income costs must not be included with costs totaled within the budget narrative. Program income should be addressed in the proposal's program narrative.

For those SBDCs operating separate International Trade Centers, Procurement Centers or other specialty type centers as part of the Cooperative Agreement, the budget proposal must include a separate budget and milestone chart.

Travel

The budget proposal must include a description of the out-of-state (region) travel proposed, indicating estimated costs, number of persons traveling, and purpose of travel.

All travel performed as part of this Agreement must be in accordance with SBDC program objectives and in compliance with the recipient's travel policy and governed by 2 CFR Part 220 (OMB Circular A-21), 2 CFR Part 230 (OMB Circular A-122), or 2 CFR Part 225 (OMB Circular A-87), as applicable. (Refer to Section VIII - Advance Understandings for prior approval requirements governing out-of-country travel.)

Payment of Dues

The budget proposal must also show the total amount of Cooperative Agreement funds (both federal and non-federal) the SBDC intends to allocate for payment of dues to professional associations, including the ASBDC. **All dues allocated for membership in the ASBDC and/or other professional associations must be thoroughly documented and justified and include a detailed explanation of the benefits to the SBDC program derived from this expenditure.** Where federal funds have been used to pay Association dues, the SBDC must be able to document that the expenditure was reasonable and necessary to the SBDC based upon the benefits derived. In addition, all memberships purchased with project funds must be in the name of the recipient rather than in the name of an individual.

Lobbying

There is a broad federal restriction on all grantees of the Federal Government, which prohibits the use of federal appropriated funds to lobby Congress or agencies concerning certain specified federal actions. [31 U.S.C. § 1352 (also known as the Byrd Amendment)] In addition, 2 CFR Part 230 or 2 CFR Part 220 (OMB cost circulars (A-122 at §25 and A-21 at §24)) provide that lobbying activities are generally unallowable costs. Reference should be made to the OMB Circulars, which set forth the unallowable activities as well as the limited activities that are allowed.

Treatment of Service Center Costs

The budget must specify which costs will be paid by federal dollars, cash- and non-cash match. This applies to costs incurred by Service Centers as well as recipient costs.

The budget proposal must describe the financial resources offered by the applicant. The amount and source of funds being provided as match must be clearly indicated; i.e., state, university and private sector funds- distinguishing between cash match, indirect match and in-kind match. In-kind match contributions must be fully explained to show how their value is determined.

Should the applicant desire to present Service Center costs in their proposals that are co-mingled within the applicant's budget elements (i.e., personnel, fringe, travel, equipment), it must provide SBA with additional individual Service Center budgets that include a breakout of each budget element. The breakout should include individual Service Center proposed costs that are charged to the recipient, including indirect costs and their applicable indirect cost base and rate.

If an applicant proposes service costs under the applicant's contractual budget element, then SBA requires that separate Service Center budgets also be provided with a breakout by line item, including the amount of federal dollars to be allocated to each Service Center, as well as indirect cost with applicable

cost base and rate. If the Service Center proposes sub-contractual costs, supporting budget details such as a statement of work, the number of hours and rate of pay must be provided.

A separate spreadsheet with expenses for the entire SBDC network must be submitted to capture and summarize the total expenditures for each budget element/object class category. The object class categories on the spreadsheet will show the total *personnel, fringe benefits, travel, equipment, consultants, supplies, indirect cost and other*. The contractual line item will not contain the Lead Center expenditures for Service Centers but will contain any other Lead Center contractual items and all contractual items in the Service Center budgets.

Indirect Costs and Overhead

To propose and subsequently claim indirect costs, applicants must furnish their current indirect cost rate agreement as negotiated with their cognizant federal agency, their indirect cost rate agreement certified by their state governmental unit and approved by their cognizant federal agency, or another rate calculation approved by SBA, as well as those agreements for participating Service Centers. The negotiated rate in effect at the time of the initial award should be used throughout the entire award period covered by the proposal. Indirect costs cannot be claimed for the Lead Center or for Service Centers that do not furnish approved cost rate agreements applicable to the proposed funding period. Costs may not exceed the amount allowable under the approved Indirect Cost Rate Agreement furnished with the proposal. Indirect costs claimed should not exceed the amount of the approved budget on the Notice of Award without prior written approval of the SBA Grants Management Specialist.

Entities currently without a rate agreement negotiated with a Federal agency may request the SBA Project Officer to provide a rate agreement **of 24%** for use only in the SBDC program. Any agreements subsequently negotiated with a federal agency will supersede the SBA agreement. For entities using an SBA provided Indirect Cost Rate Agreement for the SBDC program, the following terms apply:

- ❖ These terms are to assist in identifying and clarifying those costs considered to be “general administrative and general expenses” noted in 2 CFR 220.E (OMB Circular A-21), 2 CFR 225 (OMB Circular A-87) and 2 CFR 230.C (OMB Circular A-122). They form the basis for this SBA Indirect Cost Rate Agreement and subsequently may not also be included as direct costs against the award when the SBDC Indirect Cost Rate Agreement is used.
- ❖ Cost pools underlying the Indirect Cost Rate Agreement include personnel compensation and benefits for positions or for activities which are not (1) in direct support of the SBDC program goals and objectives **and** (2) under the direction or supervision of the key person identified in the Cooperative Agreement as responsible for program performance at the respective host entity.
- ❖ Examples include, but are not limited to, those expenditures allocable to human resources and accounting departments, sponsored project staff, corporate marketing staff, controllers, deans, chief executives and presidents of colleges and universities.
- ❖ Non-personnel costs such as audits, supplies, materials, insurance, and other services and operating costs allocable to administrative departments and to the activities of the host entity are considered part of the “general and administrative cost pool” and thus may not also be directly charged.

F&A costs may not otherwise be charged, directly or indirectly, to the cooperative agreement or claimed as non-cash match contributions without the incorporation of an approved Indirect Cost Rate Agreement, either from a cognizant agency or from the SBA as described here.

Justification of Costs

All costs proposed require justification and narrative explanation for the Lead Center and each Service Center. Applicants must furnish their current indirect cost rate agreement as negotiated with their cognizant federal agency or other rate calculation approved by SBA, as well as those agreements for

participating Service Centers. The negotiated rate in effect at the time of the initial award must be used throughout the approved award period except for provisional rates. Rate changes will take effect at the beginning of the next budget period. Indirect costs cannot be claimed for the Lead Center or Service Centers that do not furnish approved cost rate agreements **applicable to the proposed funding period**. Costs must not exceed the approved rates furnished with the proposal. Indirect costs claimed must not exceed the amount presented on the Notice of Award without prior written approval of the SBA Grants Management Specialist.

Miscellaneous or Contingency Costs

No miscellaneous or contingency costs may be included in the budget. Contributions to a contingency reserve or any similar provision made for unforetold events are unallowable. All proposed costs must be included in the specific line items and fully justified. All forms contained in the financial application package must be completed accurately and in full.

Subcontracting

All subcontracting awarded as a result of this Agreement will be in accordance with 2 CFR 215.40-215.48, 13 CFR 143.36 and 13 CFR 143.37 as applicable to the entity.

Proposal Costs

This request does not commit the Government to pay any costs incurred in the submission of a proposal.

2. FINANCIAL GUIDELINES

Carryover Requests

The SBDC Lead Center Director may request approval to carry over an unexpended balance of federal funds to the next budget period. Carryover of unexpended funds is permissible only if the funds are to be used for a project or activity **not included in the next year's SBDC agreement, is** within the scope of the SBDC program and the request is in the best interest of the Program. Funds should be expended in the year awarded; however, carryover requests will be considered on a case-by-case basis. Carryover requests must consist of the following: (1) SF-424, budget pages, and justification; (2) narrative indicating why the funds were not expended during the period in which they were awarded; (3) SBA District Office approval; and (4) evidence of match.

The match requirement for carryover funds can be met by using overmatch from the current budget year, an increase in funds pledged by the SBDC or overmatch from the year funds were carried over or a combination of both.

A carryover request must be made within 90 days of the close of the performance period and must be supported by the final SF-425 when submitted or it will not be considered. Approved carryover requests require the issuance of a revised Notice of Award. The Lead Center must document that carryover funds are spent to support the activities outlined in the carryover request; carryover requests will only be approved with proper justification. Expenditures for the carryover requests must be accounted for separately from current year funds. All financial reports, pay requests and other correspondence relating to the carryover funds must reference the federal document number assigned to the funds carried forward. Those states desiring to carryover funds that they have transferred under the ten percent rule, (Notice of Award, Prior Approval, item 4c), must obtain approval from the OSBDC prior to year end.

Use of Program Income

Program income must be used to further the objectives of the SBDC program and cannot be used for other purposes. SBDCs must expend any program income exceeding 25 percent of the SBDC's total budget (SBA federal funds and matching funds) by year end. Any remaining program income may be

carried over to subsequent budget periods to be used to further program objectives. SBDC Program recipients are responsible for establishing a separately identifiable program income account to facilitate financial reporting. All program income must be reported on SBA Form 2113 (Program Income Report). The SBDC will include as an attachment to the SF 425, the SBA Form 2113 and a narrative description of how program income was used to further eligible program objectives.

Cash Match Requirement

Each SBDC applicant must ensure that no less than fifty percent of the required contribution will be in cash. This cash outlay must not include indirect costs, in-kind contributions, or program income derived from activities supported in whole or in part with federal or match funds. Direct cash match committed by the applicant organization or Service Center (i.e. personnel services, fringe benefits, consultants) may be included in the cash match only to the extent that these costs were committed as part of the specific direct line item costs verified by the Certifying Representative prior to funding.

Further, the cash match shall not include: (1) funds contributed from other federal sources [see exception below]; (2) program income or fees collected from recipients of assistance, whether collected by the Lead Center, Service Centers or any other participants in the SBDC network; or (3) amounts committed by the applicant organization for unidentified and/or contingent costs in the budget proposal.

There is one exception to the disallowance of federal funds as cash match. Community Development Block Grant (CDBG) funds received from the Department of Housing and Urban Development are allowed when: (1) the SBDC activities are consistent with the authorized CDBG activities for which the funds were granted; and (2) the CDBG activities are identified in the Consolidated Plan of the CDBG grantee or in the agreement between the CDBG grantee and the sub recipient of the funds.

When an SBDC manages another, non-SBA funded small business program which has a program scope consistent with the SBDC program, personnel compensation and benefit costs of the program may be counted as match provided that the funds for the program did not originate from another Federal agency. See CDBG section above for exceptions where Federal funds are allowed to be used as match.

The cash match must be committed up front and identified by source, amount, and account number in the SBDC budget proposal. In addition, the contributors, requirements, specifications or deliverables must be clearly identified in the proposal. The cash match account (as well as SBA federal funds) allocated to the SBDC program, must be under the direct management of the SBDC Lead Center or Service Center Director. However, SBDC organizations are not required to establish separate bank accounts solely for SBDC purposes. The availability of this cash contribution for SBDC program operations must be certified by the official from the applicant organization who signs the Federal Assistance Form (SF-424).

If the state is providing part of the cash match, the Certifying Representative must verify that these funds have been appropriated prior to award of the Cooperative Agreement. However, in situations where state appropriation cycles prohibit total compliance prior to award of the Cooperative Agreement, the Certifying Representative shall verify that sufficient upfront cash match will be available from the state or other sources, prior to any withdrawal of federal funds.

SBA Requirement for Allocation of Federal Funds

SBA requires that at least 80 percent of federal dollars provided through the Cooperative Agreement must be allocated to the direct costs of the program.

SECTION V. – APPLICATION REVIEW INFORMATION

PROPOSAL EVALUATION

A. APPLICANT SCREENING

Applications will first be screened to determine if the applicant meets stated mandatory eligibility requirements. SBA will not evaluate applicants that do not document in their application that they meet these requirements for participation in the SBDC program. SECTION VI. – AWARD ADMINISTRATION INFORMATION

A. AWARD NOTICE

All applicants will receive a written notification relative to continuation of funding for the award recipient.

B. REPORTING

1. REPORTING REQUIREMENTS

All SBDC's are required to report program data through SBA's EDMIS system. EDMIS serves as a centralized data collection system. While SBDCs may, if they feel the system meets all of their MIS needs, use EDMIS as their primary MIS, they may also choose to maintain existing or complementary systems should they individually require more extensive data collection needs than that of the SBA.

All SBDCs must be fully capable of either manually entering data or uploading batch files to the EDMIS system. SBDCs are required to upload all data they have collected via the SBA approved data collection tools (Form 641, Parts I, II and III and Form 888) except as precluded by statute.

PIMS Maintenance: SBA requires that Lead Center SBDCs maintain their center and Service Center information in SBA's Partner Identification Management System (PIMS), which interfaces with EDMIS. OSBDC will use PIMS to generate the network listing which will be used during review of the SBDC proposals. The Lead Center shall keep addresses, and contact information up to date for all service delivery points (excluding locations served by circuit riders). SBDCs must update PIMS within 10 days when changes occur in contact information such as physical addresses for Lead and Service Centers, telephone numbers, fax numbers, e-mail and website addresses. SBDCs shall assign a person to serve as their designee for the PIMS partner update rights and provide this individual's contact information (including Name, Title, Phone Number, Email address) to their SBA district office and their program manager at the Office of Small Business Development Centers (OSBDC).

Update rights include the ability to make edit changes as stated above but do not include the right to add new centers or close out (delete) existing centers. SBDCs shall not overwrite records for closed centers. If your network centers are added or closed OSBDC/SBA shall be notified within 10 days for PIMS to be updated.

2. REQUIRED SBA REPORTS

All SBDC recipients must provide the required reports to SBA. All reports must be filed on time and failure to file timely may result in processing delays for reimbursement requests.

The required reports are:

- a. SBDC Quarterly Counseling and Training Reports (EDMIS Summary)
- b. Federal Financial Report, SF-425 with required attachments
- c. Semiannual Performance Report
- d. Annual Performance Report

An original report, signed by the authorized representative of the recipient organization, must be submitted to their respective SBA Project Officer in the SBA District Office. The SBDC Lead Center must electronically submit the report via email in PDF format or facsimile to the Grants Management Specialist in the OSBDC at SBA Headquarters. A recipient's failure to comply with this paragraph in a timely manner can result in delayed processing of payment requests.

New SBDC Lead Centers: required to report 30 days after the close of each quarter for the first three years of operation with the exception of the final report which is due 90 days after the completion of the budget period. Centers in existence over three years are only required to report semi-annually.

The Project Officer shall review this report and furnish an electronic copy to the OSBDC. All SBDC network partners who have been in the program less than three full fiscal or calendars year cycles must

submit quarterly reports which include the same content outlined for the semiannual reports. To avoid problem with electronic email size limitation, a URL will be provided during the year by SBA to the SBDCs and project officers for transmission of electronic reports over 5MB.

5. RECORDKEEPING REQUIREMENTS

All SBDC applicants and their Service Centers are required to maintain complete and accurate records and supporting documentation to facilitate a thorough program audit. All significant client counseling, training and other activities shall be fully documented. SBDC applicants will support SBA's required data collection and reporting system. All SBDCs are required to either manually enter data or upload batch files to the EDMIS system. These files must contain complete information for all fields. The EDMIS system stores this client specific information and is capable of generating reports on the data. The data collection tools consist of Form 641, Parts I, II and III, Form 888 and an online collection of annual impact data. The 641 is designed to collect client specific data. As such, these fields should be as complete as possible. Non-mandatory fields must be completed when data is available, including but not limited to capital infusion data, job creation and retention data, and other economic impact data. Economic Impact data that is collected on the 641 should also be included in the Economic Impact Report in EDMIS (formerly IMSECURE). The most current version of approved client definitions is available on www.sba.gov/private/edmis2/private. Other documentation regarding EDMIS is also available at this site.

In addition to the performance, financial and program reports already mentioned in this Announcement, SBDCs must maintain the following reports:

a. Counseling Activity

All SBDCs are required to collect the information currently requested on SBA Form 641 or its equivalent that supports SBA's management information database. A client will be counted once in a Federal fiscal year with reporting to include both the number of sessions and the number of hours spent with the client.

Reporting of counseling should be identified on the SBA Form 641, Part I as face-to-face, on-line or telephone depending on the type of initial contact.

On-line counseling must meet the standards identified in the client definitions and there must be a signed SBA Form 641 or its equivalent that supports SBA's management information database.

When reporting online counseling into EDMIS use the following guidelines:

- If the initial session is online, then Part I of the SBA Form 641 should be checked as on-line.
- If the on-line counseling session conducted is a follow-up session, then Part III of the SBA Form 641 should be checked as an on-line counseling session.

Agreement

Each client is required to sign a request for assistance statement that includes the following:

"I request business management counseling from a Small Business Administration resource partner, the Small Business Development Center. I agree to cooperate should I be selected to participate in surveys designed to evaluate SBA assistance services. I understand that any information received by an SBA resource partner counselor will be held in strict confidence by the counselor to the extent allowable by law.

I further understand that SBA resource partner counselors have agreed not to: (1) recommend goods or services from sources in which the individual counselor has an interest; and (2) accept fees or commissions developing from any SBA resource partner counselors. In consideration of the provision of management and/or technical assistance by a resource partner counselor, I agree to waive all claims arising out of this assistance, against SBA personnel, the resource partner from whom I sought assistance, its host organizations, and the counselor(s) arising from this assistance."

These forms shall be retained in accordance with current OMB and SBA requirements.

SBDCs are responsible for reporting all counseling activities on SBA Form 641, "Counseling Information Form" or an equivalent form that supports SBA's management information database. Copies of these forms or an electronic signed copy must be available for review by the SBA when requested.

b. Training Activity

SBDCs use SBA Form 888, "Management Training Report" or similar program developed form to report small business management training activities. The SBA Form 888 should be prepared by the SBDC when the SBDC is responsible for managing a training activity. SBDCs may use a computerized version of this report.

Reporting Co-hosted (Collaborative) training:

When reporting training numbers for a co-hosted training, the hosts (SBA and ED resource partners) must work together to determine how to equitably divide the number of clients among themselves. Double counting of clients is not permitted.

Examples involving multiple resource partners contributing to a single training event:

- If each resource partner contributes a significant amount of presentation time (defined as one hour or more per partner), then each host could count all attendees.

Accordingly, if five partners co-hosted a training event with five hours of total presentation time (each partner delivering training for at least one hour) and fifteen persons attended the event, each partner could count fifteen persons trained for one hour each.

- If each partner puts in less than one hour (per partner) of presentation time, the attendee count would be divided among the hosts based on mutual agreement.

Accordingly, if five partners co-hosted a training event with 1.5 hours of total presentation time (each partner delivering training for less than one hour) and fifteen persons attended the event, the partners would negotiate how to divide the number of attendees (e.g., each partner could count three persons trained for 1.5 hours).

Each session of a multiple-session training program or course may be counted as an individual course and shall be reported on an SBA Form 888. Sessions must correspond with the minimum training duration identified in the definitions listed above.

SBDC's will submit all training information from the SBA Form 888s or equivalent form quarterly to SBA's EDMIS system.

The list must be certified with the signature of the Lead Center director. The SBA Form 888 or similar program developed form must be maintained at the SBDC for review by the SBA project officer.

c. SBDC Client Evaluation Forms

Evaluations must be solicited from SBDC clients who receive continuous counseling or attend an SBDC training event. All SBDCs should develop internal procedures to ensure that these evaluations are performed on a regular basis and retain these documents on file.

Two OMB-approved forms may be used for this purpose. SBA Form 1419 "SBDC Counseling Evaluation" (OMB #3245-0183) may be used for counseling evaluations, and SBA Form 20 "National Training Participant Evaluation Questionnaire" (OMB #3245-0075) may be used for training. SBDCs may use their own forms as replacements provided they capture the same pertinent information on counseling or training required by the Administration. Computerized versions of these forms are also acceptable.

d. Financial Recordkeeping

An SBDC must maintain the documentation for year-end Standard Form 425 financial report as required by OMB Circulars and SBA Regulations. SBDC Lead Centers and Service Centers which manage other non-SBDC funds (i.e. not included in the proposal or SBA Cooperative Agreement) must maintain separate ledgers and transaction journals for the SBDC financial activity to ensure a clear audit trail of the financial resources used under the SBDC Cooperative Agreement as required

by 2 CFR Part 215 (OMB Circular A-110) and CFR § 143.20. SBDC expenditures of federal, matching and program income must be accounted for separately from other center resources. In addition, funds must be identifiable to the program year for which they were provided. Funds that were approved as a “carryover” from a previous program year also must be maintained and reported separately. SBDCs must maintain support documents for SBA Form 2113 and SF-425s. This support should consist of at a minimum:

- A spreadsheet which acts as reconciliation between the SF-425 and the disbursement journals at the Lead Center and Service Center(s). This applies to the Lead Center only.
- Support for all charges to the Cooperative Agreement, but not limited to the disbursement ledger, vendor invoices, canceled checks and journal entries
- The expense reimbursement invoices submitted from the Service Centers and any related supporting documentation (i.e., disbursement ledgers, comparison of actual to budgeted expenditures) (This applies to Lead Center only.)
- Any agreement(s) related to matching costs
- Support for program income receipts and expenditures including receipt and disbursement journals
- Salary and wage records for SBDC employees charged to the Cooperative Agreement (Both recipients and sub-recipients must maintain the appropriate standard 2 CFR Part 220, 2 CFR Part 230, or 2 CFR 225 {Circular A-21, OMB Circular A-122, or OMB Circular A-87} to document costs for full-time and part-time personnel allocated to the program. This may include, but is not limited to: Time and Effort Certification, appointment letters or contracts, performance reviews, payroll journals and/or activity reports. The records should be incorporated into the official records of the institution.)
- **Support for in-kind costs.** Contributions, when used as match, must be documented showing the name of donor, phone number, signature of donor, date of donation, justification of the value of goods or services {hours with labor rate of services} and narrative description of service provided or item donated. OSBDC implemented the following policy regarding in-kind contributions:
 - ◆ Contributions may include, but are not limited to, cost items such as time and materials, office space, and equipment.
 - ◆ A bona fide contribution exists and may be claimed when the source of the donation has no reasonable expectation of compensation such as a requirement that the contribution be made as a provision in a contract or purchase order for the products or service.
 - ◆ Paid SBDC staff, i.e. host employees, are not eligible sources of in-kind contributions over and above the remuneration of salaries and benefits provided by the host organization.
 - ◆ SBDC support documentation must include the following: dated and signed statement from the donor identifying the specific nature of the donation, contact information, and indicating that no additional remuneration is expected. Donor documentation may resemble an invoice with those provisions.
 - ◆ The SBDC must document the annual basis for valuing the donation in a clear manner such as the following: 3 bids or quotes in response to a competitive procurement process for similar cost items; sales literature, price catalogs; published

schedules; or documented pricing for similar cost items previously paid for by the host institution.

- ◆ The total value of paid and donated services from each donor must represent a reasonable value to the government and be consistent with the procurement policies and standards of the host institution.

The SBDC network must provide services as geographically close as possible to small businesses by using a variety of service delivery mechanisms, including satellite locations, traveling counselors and electronic means, as appropriate. The facilities and staff of each SBDC shall be located in places that will provide maximum accessibility and benefits to the small businesses which the SBDC is intended to serve. The SBDC will develop a plan as part of the proposal specifying the extent to which SBDC statutory and program duties will be delivered to address the needs of the small business community in the area to be served. In doing so, SBDCs must ensure that statutory and regulatory requirements are met.

The Lead Center must establish and maintain a program control center to provide administrative services to the SBDC network within the state or territory. These administrative services shall include, but not be limited to: (1) program development; (2) program management; (3) promotion and public relations; (4) financial accounting; (5) reports management; and (6) internal quality control. Records shall be maintained in the Lead Center indicating the federal, state, local government, academic and private sector resources available to the SBDC network and the types of services provided to clients.

The Lead Center must have its own full-time staff, must have a separate budget and identity and, if part of a larger unit, must be a clearly distinguishable sub-unit. Staffing must include a full-time (100%) Lead Center Director who will operate and administer the operations of the SBDC network and must have full authority to make expenditures under the Center’s budget as well as to manage the program activities. Other statutory requirements for the SBDC are outlined in 15 U.S.C. 648 (c) (2).

1. REQUIRED REPORTING LINES FOR SBDC LEAD CENTER DIRECTOR

The SBDC director, if an employee of an SBDC Lead Center hosted by an educational institution, must report to the school or college dean or an equivalent or higher level administrator. In a non-educational organization, the SBDC director must report to an individual who is no lower than the third level of management or administration within a state agency.

2. CONTINUATION OF FUNDS

It is SBA’s intention to continue to fund SBDC applicants annually to ensure ongoing services to small businesses. However, an SBDC may not receive continued funding if there has been a clear showing of poor performance, improper activity affecting the operation and integrity of the SBDC, or a failure to follow the rules and procedures set forth in the statute, regulation and/or Program Announcement as incorporated into the Cooperative Agreement.

3. **PROGRAM ORGANIZATION AND SBDC NAME**

The specific identification “Small Business Development Center” or “Small Business and Technology Development Center” shall be a part of the name of every SBDC organization within the SBDC network. No other name designations or variations will be accepted. An SBDC proposing to use the identification “Small Business and Technology Development Center” must follow the procedures set forth in Section VIII, Part E, “Guidelines,” and have the advance written approval of the AA/OSBDC. The statewide Small Business Development Center organization is referred to as the “Lead” SBDC. The Lead Center manages and administers a comprehensive small business assistance network, consisting of the Lead Center and its Service Centers, under the terms of a cooperative agreement between the U. S. Small Business Administration and the recipient organization. This network is part of the Small Business Development Center program.

4. **USE OF SBA LOGO AND ACKNOWLEDGEMENT OF SUPPORT**

SBA is committed to working closely with its resource partners to provide quality, customer-centric products and services that support the evolving needs of small business. Under the SBDC program (as established by the Small Business Act), SBA provides funding and other support to organizations for the provision of technical assistance to small business concerns. SBA provides significant federal funding to the SBDC program on an annual basis, and each SBDC operates under the program’s regulations and §21 of the Small Business Act. Accordingly, all SBDCs are required to acknowledge SBA’s support.

It is important that SBA’s role, identity and network of resources be clearly understood by SBDC clients. Further, SBA wants to ensure that all Agency and partner resources are fully leveraged, such that product duplication is avoided and sharing is prominent among and between SBA, SBDCs nationwide and other SBA resource partners.

Under this Agreement, each SBDC Lead and Service Center must feature the SBA logo and/or official acknowledgement of support on all materials produced (either in whole or in part) using project funds (i.e., federal funds, matching funds and/or program income). This requirement does not apply to materials that are not produced using project funds. For purposes of this section, the term “materials” includes, but is not limited to, items such as press releases, brochures, reports, advertisements, training booklets, websites, etc. The term “materials” does not include items such as stationery or business cards. A link to the SBA logo which appears below will be provided in SBA’s Continuation Letter and/or Notice of Award:

U.S. Small Business Administration

Your Small Business Resource

In addition, while SBDCs must display signage featuring the SBA logo at all facilities open to the public, such signage **must** also prominently feature the acknowledgement of support identified below.

Where used, the SBA logo may be positioned in close proximity to an SBDC’s own logo or may be placed in a prominent location elsewhere in the material. Additionally, whenever an SBDC elects to use the SBA logo, the following statement **must** appear immediately below or adjacent to that logo:

Funded in part through a Cooperative Agreement with the U.S. Small Business Administration.

This acknowledgement of support must appear verbatim and **may not** be altered or replaced with substitute language. However, on materials with severe space constraints such as signs and banners, an SBDC may substitute “SBA” for “U.S. Small Business Administration” in the acknowledgement of support. The acknowledgement of support must be presented in a legible typeface, font size and - where applicable - color contrast.

On materials for which an SBDC does not elect to use the SBA logo, it must at a minimum feature the acknowledgement of support listed above. The SBA logo and/or acknowledgement of support **may not** be used in connection with SBDC activities that are outside the scope of the Cooperative Agreement. **In particular, UNDER NO CIRCUMSTANCES may the SBA logo or acknowledgement of support appear on items used in conjunction with fundraising; lobbying; or the express or implied endorsement of any good, service, entity or individual.**

Furthermore, where an SBDC produces materials which feature editorial content, it must use the following alternate acknowledgement of support (either independently or in conjunction with the SBA logo):

Funded in part through a cooperative agreement with the U.S. Small Business Administration. All opinions, conclusions or recommendations expressed are those of the author(s) and do not necessarily reflect the views of the SBA.

5. **SHARED INFORMATION**

The SBA will have an unlimited license and all rights to use data (excluding private client data), including those prepared or stored electronically, which are generated either partially or fully under this Cooperative Agreement, including materials that are copyrighted. Therefore, all SBDC-developed or funded training and/or information materials, such as publications, training guides/materials, online courses, online tools, web sites, etc. prepared for the betterment of small businesses will be readily available to SBA and all of its resources partners. As part of their planning process, SBDCs will be expected to develop plans for generating and sharing SBDC-produced training and information materials. These plans will be incorporated in the annual operating plan prepared by each SBDC Lead Center and reviewed with the SBA program office. Materials appropriate for sharing should also be sent to the SBDC Clearinghouse. SBA may select some training materials for distribution via SBA’s national on-line training network, the Small Business Training Network (SBTN) (www.sba.gov/training). Registered clients taking such SBTN delivered courses which meet ED client definitions will be credited to the respective SBDC.

In accordance with Section 502 of the Rehabilitation Act and the Americans With Disabilities Act of 1990, all notices; promotional items; brochures; publications and media announcements informing the public of events, programs, meetings, seminars, conferences and workshops sponsored or cosponsored by the SBA, must include the following accessibility/accommodations notice:

Reasonable accommodations for persons with disabilities will be made if requested at least two weeks in advance. Contact [name, address, and phone number of person who will make the arrangements].

Any surveys or information collections to be conducted by the recipient as a requirement of the Cooperative Agreement are subject to the requirements of the Paperwork Reduction Act, as amended. The SBA agrees that, before requiring the recipient to conduct surveys or information collections, it will complete the necessary requirements under the Paperwork Reduction Act. Surveys conducted by the recipient, independent of the SBA, are not subject to the Paperwork Reduction Act.

B. ADVANCE UNDERSTANDINGS

Services and programs provided through the Cooperative Agreement should not wholly duplicate or replace any existing programs. Federal funds shall not be used to supplant or wholly duplicate existing programs. Where these understandings conflict with Section 21 of the Small Business Act, Part 130 of SBA's regulations, relevant OMB circulars or SBA's policy notices, all of the above will control and take precedence over these understandings.

1. LEGISLATIVE AND EXECUTIVE ORDER REQUIREMENTS

Each SBDC is also required to comply with legislation passed by the Congress and Executive Orders issued by the President, federal executive agencies, including the Small Business Administration (SBA). Regulations and policies implementing these laws and Executive Orders can be found in Title 13, Code of Federal Regulations (CFR), Chapter 1, or SBA's Standard Operating Procedures (SOPs). In order to provide the required notices, the following is a brief summary of the various laws and Executive Orders that affect SBA's Entrepreneurial Development programs.

The Recipient will take reasonable steps to ensure that the programs and activities it provides in English are also accessible to individuals with limited English proficiency and to not violate the prohibition against national origin discrimination imposed under Title VI of the Civil Rights Act of 1964. For further guidance on this issue, see Executive Order 13166 and www.lep.gov.

SBA also intends to use the individual client data to select participants for follow-up surveys designed to evaluate SBA assistance services.

NOTE: The estimated burden for completing this information is three minutes. Your responses to the requested information are voluntary under these programs. Freedom of Information Act (5 U.S.C. § 552)

This law provides, with some exceptions, that SBA must supply agency records, (i.e., information in its files and records) to a person requesting it. This generally includes aggregate statistical data on SBA's business assistance programs. SBA does not routinely make available a client's proprietary data (without first doing pre-notification, as required by Executive Order 12600), or information that would cause competitive harm or constitute a clearly unwarranted invasion of personal privacy.

For information about the Freedom of Information Act, contact Chief, Freedom of Information/Privacy Act Office, U.S. Small Business Administration, 409 3rd St., SW, Suite 5900, Washington, DC 20216.

Anticipated closings shall be included in any annual renewal application. Emergency closures shall be reported to the SBA Project Officer as soon as is feasible.

3. TRAVEL

The travel charged to the Cooperative Agreement must be in accordance with provisions of the grant and utilized in conformance with 13 CFR 130.460(g), and will be used under the same formula for travel reimbursement as provided by the host institution. Award funds are not available for the payment of per diem, lodging, meals or other subsistence expenses associated with local travel. However, award funds may be used to pay transportation expenses for local travel.

SBDCs are authorized to include a certain amount of funds in the proposal for "unplanned" travel. Unplanned travel is defined as "travel which is necessary to further SBDC objectives, but for which a complete description and/or justification could not be provided in the proposal." SBDCs are required to notify the SBA Project Officer of any unplanned (not in the approved budget) out-of-state travel and report after the fact in the quarterly or annual report. Requests for out-of-state travel exceeding the amount approved in the proposal must be submitted for prior approval to the SBA Project Officer.

Travel funds are authorized for the SBDC Lead Center director and/or his/her designee to attend two Association of Small Business Development Center meetings per year. Travel funds may also be authorized for additional SBDC staff to attend meetings designed for professional development purposes. Further, one trip per year, as approved by the AA/OSBDC, is authorized to allow the SBDC Lead Center director and/or his/her designee to meet with national SBA officials to discuss local program initiatives.

Travel outside the United States and its territories which is either: (1) charged to the Cooperative Agreement; or (2) performed while on duty for the recipient organization must be submitted to the District Director who shall submit a recommendation to the AA/OSBDC or his/her designee for prior approval on a case-by-case basis. (Travel to be completed using vacation time regularly earned is not subject to approval by the AA/OSBDC.) Failure to obtain this approval may result in suspension or termination of funding.

4. PRIVATE SECTOR COMPETITION

SBDCs should not compete with the private sector and must make every effort to avoid the appearance of competition with the private sector.

5. PUBLICATION AND POSTAGE REQUIREMENTS

Any publication generated by an SBDC with program funds, whether copyrighted or not, must include an acknowledgment of support by SBA (see page 4). This includes, but is not limited to, newsletters and training brochures. Publications produced by the SBDC must promote SBDC services and provide

information of direct benefit to the SBDC's local small business community. Lead Centers and SBDC Service Centers are not authorized to utilize any type of SBA postage franking privilege.

6. LEGAL SERVICES RESTRICTIONS

No costs associated (either directly or indirectly) with civil, criminal or administrative litigation are allowable under an award made pursuant to this Announcement. Project funds may be used to pay the cost of non-litigation legal counseling services either to the recipient of this award or project beneficiaries. However, all parties receiving such services must agree in writing to waive any claims of privilege over such services with regard to SBA to the extent necessary for the Agency to perform its monitoring and oversight function.

SBDCs may offer training courses on business law issues, provided that legal topics are presented by individuals qualified by training and experience to address such topics. In furtherance of their educational mission, SBDCs may negotiate arrangements with law schools to offer clients access to supervised student legal clinics that are approved by the state attorney licensing entity. The SBDC must make appropriate disclosures and disclaimers to that effect.

7. EEO AND DISABLED ACCESSIBILITY/ACCOMMODATION REQUIREMENTS

All SBDC services must be provided on a nondiscriminatory basis, and no individual may be excluded from any program because of race, color, religion, sex, age, disability or national origin. Workshops, seminars and conferences must be held in disabled accessible locations. Reasonable accommodation must be made, upon request, for visually and hearing impaired attendees. SBDCs are required to make modifications and accommodations (which do not fundamentally alter the program or activity or entail undue hardship) to enable otherwise qualified disabled individuals to participate. The SBDC network must comply with 13 CFR Parts 112, 113, 117 and 136.

8. CONFLICT OF INTEREST POLICY

Each SBDC network must have a written conflict of interest policy which is signed annually by all employees, consultants, instructors and volunteers of the SBDC network. The policy must include enforceable elements safeguarding the SBDC program from the actual or apparent conflict that could result from:

- Personal gain, remuneration or pecuniary interest in a past or current SBDC client(s).
- The solicitation or acceptance of any gift, loan, reward, equity in a business, compensation or other monetary remuneration, promise of future employment.
- A compensated recommendation for any goods or services to an SBDC client.
- Soliciting or accepting a compensated position for services which are part of the SBDC network services.
- Disclosing any private or confidential business or personal information to a third party other than SBA without written consent of the client.

9. CHANGES IN POINTS OF COMMUNICATION

The SBDC Lead Center director must notify the SBA district director(s) and the OSBDC within ten days when changes occur in contact information such as physical addresses for lead and Service Centers, telephone numbers, fax numbers, e-mail and website addresses.

10. DISPUTE RESOLUTION

Dispute resolution occurs when there is a programmatic or financial disagreement between the recipient organization and the SBA, and the recipient organization requests that the dispute be handled by SBA in a formal manner.

Any dispute arising during the annual negotiation phase of the Cooperative Agreement, or after award of the Cooperative Agreement, shall be resolved in the manner prescribed and within the time frames stated in the SBDC regulations and the Notice of Award (Cooperative Agreement). Every effort shall be made to resolve disputes at the district office level.

When handling such disputes, the AA/OSBDC has specific responsibilities assigned by law. Other responsibilities reside with District Office personnel and SBA headquarters offices. These are outlined in the SBDC regulations, the notice of award, and Agency regulations governing appeals.

11. SMALL BUSINESS WEEK

SBDCs are encouraged to promote, support, plan, implement and participate in Small Business Week activities in cooperation and coordination with local and national SBA officials. SBDC Lead Center directors and other SBDC personnel, with their strong links to prominent entrepreneurs and small business advocates in their communities, should nominate individuals for Small Business Week awards. SBDCs are encouraged to submit nominees for the SBDC Service Center of the Year Award.

12. SELECTION OF A LEAD CENTER SBDC DIRECTOR

In the case of a Lead Center director vacancy, the recipient organization must notify the SBA district director (DD), regional administrator and *OSBDC* when a Lead Center director vacancy is going to occur. A new SBDC Lead Center director should be selected as soon as possible; recruitment plans that would call for filling the vacancy in excess of 120 days beyond the director's departure date must be approved by the *OSBDC*.

Prerequisite to filling a Lead Center director position, the recipient organization must submit recruitment and selection plans for an SBDC Lead Center director position to the SBA district director (or Lead district director when there is more than one district office) with a copy to the *OSBDC* program manager for approval of the plan's adequacy. The recipient organization must take whatever steps are necessary to obtain an adequate and qualified candidate pool for the position, which may include conducting a national search, utilizing distribution services of professional organizations and using the resources of the Association of Small Business Development Centers (*ASBDC*), etc. However, no SBA employee may participate in any manner in the selection process for any SBDC employees (including lead or Service Center directors). In particular, no SBA employee may participate in a candidate review panel or urge the recipient organization to consider or select a particular candidate.

An interim director must be appointed until a permanent Lead Center director is selected and the DD, the regional administrator and the SBA *OSBDC* must be notified of such appointment.

The SBA district director (or lead district director) will evaluate the credentials of the selected candidate in order to determine whether that individual meets the requirements necessary for the position as described in this document and either concur or object to the selection. If the district director objects to the selection of the SBDC Lead Center director candidate, he or she must provide a written copy of his/her decision to the recipient organization, the regional administrator, and the AA/*OSBDC*. That objection must set forth the relevant selection criteria which the district director believes the candidate failed to meet.

Upon receipt of a written objection, the AA/*OSBDC* shall conduct a fact finding effort with the appropriate parties including the recipient organization, the regional administrator and the district director (or lead district director) to review the reason(s) for the objection.

The AA/OSBDC will make the final determination. If the AA/OSBDC upholds the SBA district director's (or lead district director) objection, the recipient organization must either select one of the remaining qualified candidates according to the recipient organization's policies or conduct a new recruitment process for the Lead Center Director position.

In all matters concerning the hiring of a Lead Center director, time is of the essence; all applicable law applies.

13. FINANCIAL EXAMINATIONS, PROGRAM REVIEWS AND ACCREDITATION

As outlined in 15 USC 648(k), biennial program and financial examinations of SBDCs are conducted by the AA/OSBDC or a representative. SBA financial reviews are conducted by professional financial examiners which may either be OSBDC staff or SBA contractors. SBA program reviews are conducted by SBA project officers using criteria developed by SBA/OSBDC.

The level of financial review to be conducted is determined by a risk analysis based upon information received in response to the annual risk assessment package distributed by the ASBDC to all networks that will be reviewed in that annual cycle. SBDCs shall respond to the financial risk assessment by the date indicated. SBA will review these responses and enter the information into the risk assessment tool to determine level of financial review that will be performed during that annual cycle. SBDCs will be notified as to the time and level of financial review following completion of the risk assessment. In the event that responses are not received from SBDCs to the risk assessment package SBA will consider those SBDCs to be high risk and will automatically schedule an on-site visit.

SBA/OSBDC will review all financial examination reports before they are provided to SBDCs.

The following table describes the Financial and Program report delivery process and timeline.

Report Delivery	Financial Review	Program Review
OSBDC receives a copy of the initial report draft	Based upon negotiated contract deliverable date or 30 days after completion of the review if performed by OSBDC staff	10 days after site visit
OSBDC delivers draft report to the SBDC	45 days after completion of review or receipt of draft from contractor	45 days after site visit
SBDC provides comments on draft report to OSBDC	75 days after completion of site visit or receipt of draft from contractor	60 days after site visit
OSBDC issues final report to the SBDC	105 days after completion of site visit or receipt of final report from contractor	75 days after site visit
SBDC develops and delivers remediation plan (as necessary and submits to OSBDC via the SBDC Project Officer	135 days after completion of site visit or receipt from contractor	115 days after site visit

The ASBDC, through a contract with the SBA, operates the SBDC accreditation program. As stated in the Small Business Act, the SBA may not renew or extend a cooperative agreement with an SBDC

unless the SBDC has been approved under the accreditation program except when the AA/OSBDC waives the requirement upon a showing that the center is making a good faith effort to obtain certification.

When an SBDC's review results in a deferral of accreditation, the SBDC must prepare and submit a proposal to obtain accreditation that includes a plan of work describing actions to be taken and a timeframe for overcoming the findings identified in the report to the AA/OSBDC.

If the result of the accreditation review is a recommendation for denial, the AA/OSBDC may waive the accreditation requirement as discussed above or advise the SBDC that the process to select a new host will be initiated and that the SBDC is expected to assist with a smooth transition to the selected host.

14. LEVERAGING RESOURCES

SBDC training and/or information materials, developed with SBDC program funds (such as publications, training guides/materials, outline courses, on-line tools, websites, CD ROMs and videos) will be made readily available to SBA for use for other federal purposes. All such materials will provide appropriate credit to the developing SBDC. A plan for sharing such SBDC-generated training and information materials for other federal purposes will be prepared by the SBDC program office in cooperation with the ASBDC and the National SBDC Advisory Board.

Likewise, in order to properly coordinate with SBDCs the SBA shall, through its district offices, make available in advance, all training, marketing, and promotional materials relevant to any business development programs offered and developed by the SBA with its public and private partners, other Federal agencies or programs.

15. DISASTER OPERATIONS PLAN

Each Lead Center and its Service Centers must have in place disaster plans which are coordinated with the host institution to ensure delivery of services to small businesses in its area of operations. Such plans must be kept on file and available for review by SBA officials. Plans should be reviewed annually by the Center Directors and updated as needed. SBDCs individually, and in cooperation with SBA and other federal agencies as well as state and local entities are encouraged to provide disaster recovery assistance to support impacted small businesses in local economies.

16. RECIPIENT ORGANIZATION (LEAD CENTER) TRANSITION ACTIVITIES

In the event of a recipient organization (SBDC Lead Center) exiting the program, there are a number of procedures which must be undertaken to ensure a smooth transition to a new recipient organization (SBDC Lead Center). These include, but are not limited to:

- Taking an inventory of all property bought with program (both federal and match funds) funds including equipment, personal property, supplies, and intellectual property. The inventory should identify each item and describe its funding source (Federal, match), serial number, software installed if computer, acquisition value, current value, date acquired, current location, and current condition.
- Arranging for the transfer of supplies and equipment to the new host or SBA as directed.
- Arranging for the transfer of clients documents, including counseling and training files.
- Preparing for the transfer of electronic records as soon as possible, to enable the new host to begin services immediately after the termination date. Allowance is made for the exiting host to transfer data records prior to the termination date.

- Referring clients requesting services to the new SBDC host upon the termination date such as web site and telephone communications.
- Reconciling all accounts for program funds (both federal and match) as well as program income.
- Consistent with the termination of services, transferring the program income fund balance to the new SBDC host at the end of the program period.
- Providing for the submission of final electronic and paper activity and financial reports as required by the Notice of Award.
- Providing for the submission of final billing as required in the Notice of Award.
- Providing for the participation in SBA closeout reviews including financial documentation.

17. EQUIPMENT

The Recipient must maintain adequate records for equipment purchased with Federal funds, matching funds/claimed as in-kind match and equipment purchased with program income. These records must include an inventory of equipment, shall include a description of the equipment, acquisition date and cost, location and condition of equipment and the unit acquisition cost. The Recipient agrees that use and disposition of such equipment will be in accordance with 2 CFR Part 215 and 13 CFR Part 143. A copy of the equipment inventory must be made available upon request of the SBA.

Special Emphasis Groups may include: disabled individuals, Native Americans or Alaska Natives, Black or African Americans, Asian Americans, Native Hawaiians or other Pacific Islanders, Hispanics, women, veterans, service connected-disabled veterans, self-employed Reserve and Guard members, transitioning military personnel and spouses, individuals in rural areas, individuals in HUBZones and individuals in low to moderate income urban and rural areas as determined by Census Bureau information, among others. This can vary from SBDC to SBDC depending upon location and demographics.

32. START-UP BUSINESS

A business entity that has been in business up to 12 months. See also definition for Client.

33. TRAINING (INCLUDING LONG-TERM TRAINING)

An SBDC training workshop or seminar is defined as an activity or event presented or cosponsored by a resource partner, district office or other SBA office or a third party which delivers a structured program of knowledge, information or experience on a business-related subject. The training must last for a minimum of one hour and include two or more clients in attendance.

Reporting Training: The SBA Form 888 is used to collect and report information on traditional classroom-style training. There must be two or more persons in attendance. The agenda and/or program content, attendee list, and evaluations are required for each training event. Records for these training events must be kept at the resource partner location and available for site review.

On-line training (or webinars): is a structured program of knowledge, information or experience on an entrepreneurial or business-related subject. It must be of a quality and substantive nature, and include a registration process as well as an evaluation process (e.g. 1-5 star ranking). Online training can be synchronous or asynchronous. The training must be for a minimum of 30 minutes and a course evaluation must be made available, e.g., a resource partner provides a registration and link to the training; it can count as on-line training (note: must meet other criteria listed above).

Synchronous: A group of clients proceed through the training module(s) or program as a group.

Asynchronous: A client individually proceeds through the training module(s) or program individually and is self-paced.

Reporting On-line Training: An SBA Form 888 is required for all online training events. There must be one or more clients participating in the online training. At a minimum, the following fields should be completed on a registration form for on-line training:

- Client Name or approved client-coded name/number
- Email Address
- Zip Code

In addition, every attempt should be made to collect these data:

- Race
- Ethnicity
- Gender
- Disability
- Veteran Status
- Military Status

Client registration records and other course information must be retained and made available for review.

e.g. If the resource partner holds an online training session with five satellite events with individual sign-ins, facilitators, etc., they should count as five different training sessions, as each meets the definition of “online training.”

Co-hosted Training (Collaborative)

Meets the definition of “training” and is further defined as an activity where each host organization actively participates and contributes substantially to the training.

Reporting Co-Hosted Training: When reporting training numbers for a co-hosted training, the hosts must work together to determine how to equitably divide the number of clients among themselves. Double counting of clients is not permitted.

Examples involving multiple resource partners contributing to a single training event:

- If each resource partner contributes a significant amount of presentation time (defined as one hour or more per partner), then each host could count all attendees. Accordingly, if five partners co-hosted a training event with five hours of total presentation time (each partner delivering training for at least one hour) and fifteen persons attended the event, each partner could count fifteen persons trained for one hour each.
- If each partner puts in less than one hour (per partner) of presentation time, the attendee count would be divided among the hosts based on mutual agreement. Accordingly, if five partners co-hosted a training event with 1.5 hours of total presentation time (each partner delivering training for less than one hour) and fifteen persons attended the event, the partners would negotiate how to divide the number of attendees (e.g., each partner could count three persons trained for 1.5 hours).

Reporting Training with Multiple Sessions: Each session of a multiple-session training program or course may be counted as an individual course on SBA Form 888. Sessions must correspond with the minimum training duration identified in the definitions listed above.

34. TRAINING HOURS (TOTAL NUMBER OF TRAINING HOURS)

Total hours of training are the number of hours that the trainer spends teaching the training session.

35. TRAVEL TIME

The amount of time spent traveling to/from a location (separate from assigned post-of-duty) to meet with business or individual clients. If meeting with more than one client, travel time is only counted once. Travel time will not count toward counseling time, but will be tracked separately.

D. GUIDELINES

1. BUSINESS MATCHMAKING

SBDC’s are encouraged to participate in SBA Business Matchmaking events. Business Matchmaking provides a means for small businesses to be matched with procurement representatives from government agencies and major corporations with actual contract opportunities. Business Matchmaking is offered at no cost to its participant - buyers or sellers. The events combine education and counseling by pairing expert small business advisors and topical experts with networking and matchmaking through face-to-face events. In addition to the face-to-face events, there is also the Business Matchmaking On-line Network.

2. FAITH-BASED & NEIGHBORHOOD PARTNERSHIPS

SBDC's are encouraged to coordinate activities through either a contractual or partnership relationship with faith-based and other neighborhood organizations. SBDC's are also encouraged to coordinate their efforts with SBA's Faith-Based and Neighborhood Partnership initiatives designed to open Government programs to these organizations to improve their communities. There are no grant funding set-asides for faith-based organizations. Instead, the Faith-Based and Neighborhood Partnership creates a level playing field for faith-based as well as other neighborhood organizations to work with the government to meet the needs of America's communities.

Lead Centers should be aware that many sectarian colleges and universities are eligible to participate in the SBDC program. In assembling and maintaining their statewide/region-wide SBDC networks, Lead Centers should be mindful of not imposing any unnecessary conditions which could prohibit or discourage otherwise eligible faith-based or other neighborhood organizations from seeking to act as Service Centers. If a Lead Center has any question regarding particular entity's eligibility to function as a Service Center, it should contact SBA for further assistance.

3. COUNSELING

SBDCs must provide counseling to both current and nascent entrepreneurs (pre-venture). An SBDC's counseling clients should be reflective of its area's demographics. SBDCs must assist small businesses in solving problems concerning operations, manufacturing, engineering, technology exchange and development, personnel administration, marketing, sales, merchandising, finance, accounting, business strategy development and other disciplines required for small business growth and expansion, innovation, increased productivity, management improvement, and maintaining the industrial base. Fees for counseling may not be charged.

4. CO-SPONSORSHIP AGREEMENT

If one or more organizations and the SBA is involved with an SBDC as co-sponsors, a Co-sponsorship Agreement must be executed by SBA, the SBDC, and all co-sponsors of an activity in accordance with SBA's Co-sponsorship **SOP 90 75 3** or revised equivalent.

5. ON-LINE COUNSELING

In order to count counseling toward the SBDC's goals, the counseling must be substantive and must meet all of elements of the definition of face-to-face counseling excluding in-person contact. To receive credit for 30 minutes of counseling, the counselor must spend at least 30 minutes researching and formulating the response. This can include several electronic questions and responses that cumulatively add up to 30 minutes.

SBA Form 641 or an equivalent form that supports SBA's management information database may be completed electronically by the client In states that accept electronic signatures, it may contain an electronic signature. In states that do not accept electronic signatures, the form must have an original signature.

6. ENVIRONMENTAL ASSISTANCE

SBDCs are encouraged to consult with appropriate state and/or local providers of environmental technical assistance programs.

7. FINANCIAL ASSISTANCE

SBDCs should work with their SBA district offices to provide services that increase a small business' access to capital. SBDCs are encouraged to develop linkages with lenders, Small Business Investment

Companies (SBICs), venture capital firms, Certified Development Companies (CDCs), SBA microlending intermediaries and state and local finance programs.

SBDCs will assist small businesses with business plan development, financial statement preparation and analysis, cash flow preparation and analysis, source and application of funds. In addition, SBDCs, in cooperation with SBA district offices, are expected to offer service to new SBA clients and to assist delinquent SBA borrowers who are referred to them by SBA and/or lenders to assist in problem solving, business restructuring, cost analysis, market penetration and other similar subjects.

8. FINANCIAL PACKAGING ASSISTANCE GUIDELINES

SBDCs are encouraged to provide counseling services that increase a small business concern's access to capital, such as business plan development, financial statement preparation and analysis and cash flow preparation and analysis.

SBDCs should help prepare their clients to represent themselves to lending institutions. While SBDCs may attend meetings with lenders to assist clients in preparing financial packages, they may not take a direct role in representing clients in loan negotiations.

SBDCs should inform their clients that counseling assistance or financial packaging assistance does not guarantee receipt of a loan.

9. FINANCIAL ASSISTANCE RESTRICTIONS

SBDCs cannot make loans, service loans or make credit decisions regarding the award of loans.

The SBDCs must not take a direct role in representing clients in loan negotiations. They should, however, help prepare their clients to represent themselves to lending institutions and may attend meetings with lenders to assist clients in preparing financial packages.

SBDCs must not advocate, recommend approval or otherwise attempt in any manner to influence SBA to provide financial assistance to any of its clients. SBDCs may not charge fees for providing assistance for financial packaging. (Note: Providing any preferential treatment to clients of any specific lender is prohibited, as is the SBDC's acceptance of payment for the provision of counseling services.)

10. INTERNATIONAL TRADE SERVICES

SBDCs will provide international trade finance and market development assistance to small businesses throughout the SBDC network. Where appropriate and to the extent possible, SBDCs will offer special programs. SBDCs will provide international trade assistance by establishing a separate center at one location, or through selected service locations within the SBDC network, to be designated the title of "International Trade Center," depending on the needs of the small business community and the organizational structure of the SBDC. A list of these centers/locations shall be included with the proposal. Such international trade services will be conducted in conjunction with the SBA representative at the local U.S. Export Assistance Center.

11. INTERNATIONAL TRADE CENTER (ITC)

International Trade Centers (ITCs) are specialty centers within the SBDC network dedicated specifically to providing international trade services. Where appropriate, SBDCs will establish ITCs to focus on export assistance to small businesses. ITCs must have a separately designated and full-time Director and qualified professional staff. They must have a separate budget within the SBDC and there must be separate international trade related counseling and training milestones established in the SBDC

Cooperative Agreement. Separate brochures marketing the SBDC's international services must be developed and distributed.

The ITC will coordinate and use public and private resources to provide assistance to small businesses, and particularly to those small businesses new to exporting, or with export finance packaging needs.

ITCs will provide a broad range of services as appropriate and needed by the small business community, including the following:

- Assist SBA by supporting Export Assistance Centers sponsored by SBA, the Department of Commerce, the Export-Import Bank, and other federal agencies.
- Assess client's export-related financing needs and assist clients in structuring and compiling necessary documentation, (i.e., business plan development, financial statement and analysis, cash flow preparation and analysis, source and application of funds, letters of credit, etc.) for export financing, and particularly for SBA's Export Working Capital Program.
- Develop linkages with local lenders, SBA District Export Finance Officers, Ex-Im Bank personnel and U. S. Export Assistance Center personnel.
- In cooperation with SBA, develop an Export Trade Assistance Partnership (E-TAP) program on an annual basis for new exporters. Create an E-TAP Task Force for its development and cooperation with other appropriate private and public sector partners to provide counseling and training for this program.
- Develop and conduct seminars on opportunities and procedures involved in exporting, export finance, joint ventures, licensing, ISO 9000 and other International Standards Registration, metric conversion and so forth.
- Identify and analyze client's international trade needs, capabilities and problems, and provide in-depth counseling in international trade techniques, procedures and opportunities.
- Use services available through the Federal Bar Association/SBA Agreement to assist in the resolution of client's international trade/legal problems, the Export Legal Assistance Network (E-LAN).
- Assist SBA in promoting and recruiting participants for SBA cosponsored events including those with the Department of Commerce, the Overseas Private Investment Corporation, the Agency for International Development and the Export-Import Bank.
- Assist SBA in disseminating information on trade promotion, trade finance, trade adjustment and trade remedy assistance.

12. MANUFACTURING ASSISTANCE

Many SBDCs partner with the Department of Commerce, National Institute of Standards and Technology's Manufacturing Extension Partnerships (MEPs) to provide specialized services to small manufacturers. Through this partnership, a small manufacturer can receive business management assistance from the SBDC and engineering assistance from the MEPs. Most SBDCs and MEPs view the partnership as significant.

All SBDCs that are partnering with the NIST MEPs are encouraged to continue this valuable assistance to small business manufacturers. SBDCs without a working partnership with the NIST MEPs may wish to pursue one. The nature of any participation with MEPs must be reported in the semiannual and annual reports to SBA.

13. MILITARY BASE CLOSINGS AND REDUCTIONS-IN-FORCE

In those states where base closing or realignments have occurred or will occur, the SBDC must provide a full range of business development and technical assistance services in the affected areas. These services should be specifically designed to meet the particular small business needs that arise as these closings and realignments occur, including services specifically targeted toward existing and former military personnel.

14. MINORITY ENTERPRISE DEVELOPMENT

SBDCs should work with their SBA district offices to provide training and counseling to firms in all stages of participation in the 8(a) Program. Each SBDC must make all of its economic development and technical assistance services available to 8(a) firms in all stages, other minority business owners and prospective minority business owners. SBDCs are encouraged to make special efforts to assist SBA's Minority Enterprise Development 8(a) Program. These efforts include community-based seminars and workshops concerning the SBA's 8(a) Program application process.

SBDCs should inform their 8(a) clients that counseling assistance does not guarantee receipt of a contract.

15. NATIVE AMERICAN ASSISTANCE

Each SBDC must make its economic development and technical assistance services available to Native Americans. Local initiatives for Native Americans shall be supported when appropriate, and to the extent possible, by the appropriate SBDC where it is determined that this assistance is needed. Where appropriate, SBDCs shall provide support to initiatives of SBA's Office of Native American Affairs (ONAA).

16. PROCUREMENT ASSISTANCE

SBDCs are encouraged to provide services that provide basic information needed by small business concerns interested in procurement opportunities in the Government arena. These services should include, but not be limited to:

- Providing information on Government buying methods.
- Identifying the role of SBA Area Directors for Government Contracting located in SBA field offices and Procurement Center Representatives (PCRs) located at Federal Government purchasing activities.
- Educating small businesses about the Federal government's move toward doing business by Electronic Data Interchange, marketing techniques and placement on agency bidders' lists.
- Assisting with the preparation of bids and proposals.
- Identifying subcontracting opportunities.
- Providing counseling and referral information concerning bidders' rights and obligations, appeal procedures, termination and default actions, and size criteria (business advice, not legal advice).
- Providing assistance on contractual, financial and contract administration issues.

- Developing and/or maintaining computerized systems that identify federal, state and local procurement opportunities.
- Assisting eligible small business firms to complete and submit of the HUBZONE Empowerment Contracting Program electronic application.
- Working cooperatively with the Procurement Technical Assistance (PTAC) program.

17. RURAL DEVELOPMENT

SBDC applicants must make a full range of business development and technical assistance services available to small businesses located in rural areas. These services will be designed to increase rural small business participation in exporting, government procurement, tourism, access to credit, incubators, innovation and technology and other small business programs.

18. SBDC LEAD CENTER DIRECTOR

The SBDC Lead Center director must be a full-time (100%) senior manager who shall direct and monitor the program activities and financial affairs of the SBDC network to deliver effective services to the small business community, ensure the SBDC's compliance with applicable laws, regulations, OMB circulars and Executive Orders as well as implement the Cooperative Agreement. For these purposes, full-time is defined as 100% of time allocated between this grant and other grants that provide management and technical assistance to small businesses. These would include technical assistance programs that the center may be conducting to fully utilize the resources of other federal, state, and local government, academic and private sector programs concerned with aiding small businesses in order to provide seamless but not duplicate business development assistance. Of that, at least 75% of the SBDC Lead Center director's time must be dedicated to the functions of the SBA SBDC cooperative agreement. The SBDC State Director has the responsibility for negotiating the annual Cooperative Agreement with SBA, keeping in mind that national, state and local needs are to be addressed. The Director has authority to control expenditures under the Lead Center's budget. Once an SBDC receives its approved budget and program funding from SBA, the SBDC Lead Center Director must have full authority to manage and implement the budget without restrictions from the host entity. SBDC State Directors may manage other programs in addition to the SBDC program if the programs serve small businesses and do not duplicate the services provided by the SBDC network. However, Directors may not receive additional compensation for managing these programs. The SBDC State Director shall serve as the principal contact point for all matters involving the SBDC network.

19. SBTDC DESIGNATION

An SBDC seeking designation as a Small Business and Technology Development Center (SBTDC) must submit an application for such designation to the Accreditation Committee of the ASBDC. Each applicant will be expected to fully address the strategic role to be played in its state, the programs and services to be offered, and the resources committed to technology-related management and technical assistance. Upon completion of its review of each application, the ASBDC will forward the applications along with its comments to the AA/OSBDCs for approval or disapproval. SBDC Lead Centers, as appropriate, should pursue a technology designation to provide a higher level of technology services to their clients and include a plan for achieving this as part of the application narrative.

SBDC Program Organization and Terminology

The specific identification "Small Business Development Center" or "Small Business and Technology Development Center" shall be a part of the name of every SBDC organization within the SBDC network. [Note: Existing Alabama and Nebraska SBDCs are exempt from this requirement.] No other name designations or variations will be accepted. SBDCs will have two years from

promulgation of revised SBDC regulations (currently in progress) in which to make a necessary name change. An SBDC proposing to use the identification “Small Business and Technology Development Center” must follow the procedures set forth in Section VII, Guidelines, and have the advance written approval of the AA/OSBDCs. The state SBDC organization is referred to as the “Lead” SBDC which manages and administers the statewide/region-wide comprehensive small business assistance network, consisting of the Lead Center and its Service Centers. This network is part of the national SBDC program network. The Cooperative Agreement dictates the terms of agreement between the SBA and the Lead Center recipient organization.

20. SURETY BOND GUARANTEE ASSISTANCE

SBDCs are encouraged to educate their resources and small business contractors about the Surety Bond Guarantee (SBG) Program. This includes making available program information at counseling and training sessions and at business, professional and trade association meetings. SBDCs should develop an outreach program and actively promote the SBG program to special emphasis contractors. SBDCs should refer small business contractors to the SBG specialist in one of the two SBG Area Offices (Denver and Seattle) for detailed information about the program. The Office of Surety Guarantees in SBA Headquarters will provide a power point presentation for this purpose. An SBDC should contact (202)205-6540. [The SBA OSG website is located at: http://www.sba.gov/aboutsba/sbaprograms/osg/index.html](http://www.sba.gov/aboutsba/sbaprograms/osg/index.html)

Many contractors are able to leave the program and obtain bonding on their own while others remain in the program for several years. One reason small contractors continue in the program is that they lack management expertise and have ongoing cash flow problems. SBDCs are encouraged to work with the SBG specialist in the appropriate Area Office to identify such contractors and give them the needed business management assistance. Among other areas, this may include business plan development, cash flow preparation and analysis, bid preparation, marketing and financial statement preparation and analysis.

21. TECHNICAL ASSISTANCE FOR RESEARCH AND INNOVATION

The Lead Center must make technical assistance for research and innovation available, directly or through other relationships, to small businesses including, but not limited to: new product development; assisting inventors and high technology firms to research, develop and market their ideas and inventions; assisting non-technological firms to gain access to existing technologies; SBIR-related assistance; and facilitating the transfer of technology and technical data from federal and university laboratories.

22. TRAINING

Applicants will provide quality training designed to improve the skills and knowledge of existing and prospective small business owners/managers throughout the SBDC network. Where appropriate, SBDCs are encouraged to utilize educational technology such as computer-based instruction, distance learning initiatives, video tapes and other electronic mediums to enhance the distribution and quality of educational services.

Training generated by SBDCs must be coordinated with the SBA project officer to avoid duplication with training efforts offered by other local organizations and SBA. In addition, all training materials developed in an electronic format shall be made available to the SBA SBDC project officer, SBDC Clearinghouse and all SBA resources. SBDCs may charge reasonable fees to cover program costs associated with this training. These fees are considered program income and shall be used to expand services and further SBDC program objectives.

An SBDC training workshop or seminar is defined as an activity or event in which a counselor from a resource partner, District Office personnel or a third party actively delivers a structured program of knowledge, information or experience on a business-related subject. There must be two or more attendees.

A training course must last a total of an hour or more to be counted as training. For courses with multiple sessions each session may count as one course. An agenda, attendee list and evaluation must be kept in the file. The SBDC must use SBA Form 888 to document and report SBDC training activities. SBA's management information system collects both the number of sessions and hours for the course.

23. SBDC CO-HOSTED TRAINING

SBDCs are encouraged to enter into co-hosted training arrangements with the private sector and other organizations to extend outreach and productivity. (Cooperation between members of the SBDC network; i.e., Lead Center with Service Centers or other organizations funded through the Cooperative Agreement with SBA is not considered a co-hosting.)

In order for an SBDC to receive credit for a co-hosted training event, it must actively participate (i.e., provide speakers, materials, publicity) with the organization assuming primary responsibility for financing the training session. Final responsibility for the quality of the training rests with the SBDC. When reporting training numbers for a training session co-hosted by the SBDC and another SBA resource partner (e.g., WBC, SCORE) and the training session is of such duration that each partner is training for less than one hour each, the partners must work together to determine how to equitably divide the number of clients among themselves. No double counting is permitted so the number that the partners report must equal the total number of attendees at the event. However, in the case where there are breakout sessions lasting one hour or more given individually by the resource partners, then each resource partner can count any attendees participating in their breakout sessions as long as there is a sign-in sheet, an evaluation, and an SBA Form 888 is prepared. Where the training is of such duration that its length is equal to or more hours than the number of ED partners co-hosting the event (i.e., one hour per partner), all partners can report the full number of attendees for the training.

For all co-hosted training among ED resource partners where there will be a distribution of receipts in whole or in part to the co-host, the training file for the activity must document clearly the role and responsibility of the SBDC and each participant receiving a share of the receipts. How the receipts were distributed must also be documented in the training file.

SBDCs are reminded that income received by the SBDC network for all co-hosted programs cannot be used for match funding and should be used to further support the SBDC.

24. VETERAN AND SERVICE-CONNECTED DISABLED VETERAN BUSINESS OWNERSHIP

Each SBDC will make available all of its economic development and technical assistance services to veterans, including service-connected disabled veterans and their immediate families as well as Reservists and National Guard members called to active duty. Both national and local initiatives for veterans shall be supported by the appropriate SBDC as needed. Each SBDC network will establish a minimum of one Veteran Entrepreneurial Training (VET) Program for veterans, service-connected disabled veterans, Reservists and National Guard members as well as active duty military personnel who are pending discharge. The program may include feasibility and marketing studies, preparation of business plans and loan packages including Patriot Express and formation of support groups to provide follow-up and encouragement to participants.

The SBDC may be requested by SBA to provide specific training and counseling with respect to business opportunities or government contracting, in connection with a local base closing.

SBDCs should contact their state National Guard Adjutant General and all units of the Military Reserves to identify Reservists and National Guard members who are operators of small businesses; are otherwise self-employed, or are essential employees in small businesses, and who have been or may be mobilized pursuant to Title 10 U.S.C. for active duty. SBDCs should offer and provide business interruption

counseling and training as needed to minimize adverse financial and operational problems. Such counseling could include, but is not limited to the offering advice on the best feasible means of winding up of business operations and the utilization of federal and state laws, (including the Soldiers and Sailors **Civil** Relief Act), enacted to protect small business persons who are subject to mobilization to active duty. Additionally, business assistance for self employed Reserve and National Guard members following their release from active duty will be critical to mitigate expenses, secure legal assistance, engage in significant marketing efforts and otherwise minimize the negative effects of the member's mobilization on their small business or practice.

Each SBDC will undertake an initiative to identify veterans on its staff. Each SBDC should also encourage development of a veterans' business network and perhaps convene a local summit for veteran business owners and service-connected disabled veterans business owners as well as Reservists and National Guard members who are subject to be called to active duty. Each SBDC will contact its local VA regional office and link its veterans' business network to VA Vocational Rehabilitation Counselors.

Additionally, each SBDC should endeavor to raise the level of awareness to its audiences at small business seminars, conferences and outreach Program Announcements about the needs of veterans and service-connected disabled veterans. SBDCs also should strive to develop close working relationships with their respective State Department of Veterans Affairs to explore collaborative outreach and referrals.

Pursuant to the Military Reservist and Veteran Small Business Reauthorization and Opportunity Act of 2010, SBDCs shall, as part of the SBA's Outreach and Technical Assistance Program, market and provide technical assistance for SBA's Military Reservist Economic Injury Disaster Loan program including website linkages to assistance programs offered by SBA, the Department of Veterans Affairs and the Department of Defense.

25. WOMEN'S BUSINESS OWNERSHIP

Each SBDC will make available all of its economic development and technical assistance services to women business owners and prospective women business owners. Both national and local initiatives for women business ownership shall be supported by the appropriate SBDC where it is determined that this assistance is needed. Further, SBDCs will provide support for, coordination with, and referrals to the Women's Business Centers (WBCs). The SBDCs should develop training programs to help women prepare for the global marketplace.
