

## **CHILDREN'S HOSPITALS GRADUATE MEDICAL EDUCATION PAYMENT PROGRAM**

### **ANNUAL REPORT FORM HRSA 100-3**

#### **Public Burden Statement**

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this project is 0915-0313. Public reporting burden for the applicant for this collection of information is estimated to average 10 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to HRSA Reports Clearance Officer, 5600 Fishers Lane, Room 10-33, Rockville, Maryland, 20857.

**Payment Program**  
**HRSA 100-3-A: Training in the Health Care Needs of Different Populations**

Residency Program Name: \_\_\_\_\_

Medicare Provider Number: \_\_\_\_\_

Date of Report: \_\_\_\_\_ (mm/dd/yy)

**Types of Training**

For each of the following types of training, use the drop down boxes to indicate whether the training is required, elective, or not currently used in your program **and, if currently used**, whether the training applies to those who are underserved due to financial, sociocultural, geographic or medical reasons or combinations of these reasons. **See detailed guidance for complete instructions.**

| Type of Training   | Required/Elective/Not Currently Used | Underserved Population |
|--|--------------------------------------|------------------------|
| <b>Didactic Approaches</b>   |                                      |                        |
| Formal courses   | <input type="text"/>                 | <input type="text"/>   |
| Lectures   | <input type="text"/>                 | <input type="text"/>   |
| Workshops  | <input type="text"/>                 | <input type="text"/>   |
| Standardized patients  | <input type="text"/>                 | <input type="text"/>   |
| Case-based experiential learning (e.g., morning report, noon case presentation, morbidity & mortality) | <input type="text"/>                 | <input type="text"/>   |
| Grand Rounds   | <input type="text"/>                 | <input type="text"/>   |
| Medical simulations  | <input type="text"/>                 | <input type="text"/>   |
| <b>Clinical Experiences</b>  |                                      |                        |
| Bedside Training   | <input type="text"/>                 | <input type="text"/>   |
| Patient Rounds   | <input type="text"/>                 | <input type="text"/>   |
| Identify/mobilize medical home   | <input type="text"/>                 | <input type="text"/>   |
| Coordination of health care and community resources  | <input type="text"/>                 | <input type="text"/>   |
| Coordination of mental health care services  | <input type="text"/>                 | <input type="text"/>   |
| Interdisciplinary patient care conferences   | <input type="text"/>                 | <input type="text"/>   |
| Assist families with transition of children into child care and educational settings                   | <input type="text"/>                 | <input type="text"/>   |

| Type of Training                             | Required/Elective/Not Currently Used | Underserved Population |
|--|--------------------------------------|------------------------|
| Pediatric Palliative Care/ Pediatric Hospice |                                      |                        |
| Transition to adult care                     |                                      |                        |
| <b>Community-based Experiences</b>           |                                      |                        |
| Community health center                      |                                      |                        |
| Public health department                     |                                      |                        |
| Drug rehabilitation program                  |                                      |                        |
| Homeless shelter                             |                                      |                        |
| Day care settings, including Head Start      |                                      |                        |
| Home visits to patients                      |                                      |                        |
| Mobile health van                            |                                      |                        |
| School health                                |                                      |                        |
| Juvenile detention facilities                |                                      |                        |
| Migrant Health Center                        |                                      |                        |
| Indian Health Center Sites                   |                                      |                        |
| National Health Service Corps sites          |                                      |                        |
| Area Health Education Center (AHEC) sites    |                                      |                        |

|  |                                      |                        |

## Children's Hospitals Graduate Medical Education Payment Pro HRSA 100-3-B: Training Related to Underserved Populations: Training Content and Types of Training

|                           |  |            |
|---------------------------|--|------------|
| Residency Program Name:   |  | 0          |
| Medicare Provider Number: |  | 0          |
| Date of Report:           |  | (mm/dd/yy) |

For each of the following topic areas, please use the check boxes to indicate the types of training used to address the topic in the training program in the most recent academic year (2009-2010). Check all that apply. For example, if your program offers a lecture on homelessness as well as a community rotation in a homeless shelter, check both didactic and clinical experiences. There must be at least one check in each row. **See detailed guidance for complete instructions.**

|  | Didactic                 | Clinical Experiences/<br>Patient Care | Research                 | Not Currently in the Curriculum |

## Children's Hospitals Graduate Medical Education Payment Program Training Training Experiences and Resulting Benefits

|                           |            |
|---------------------------|------------|
| Residency Program Name:   | 0          |
| Medicare provider number: | 0          |
| Date of Report:           | (mm/dd/yy) |

Please indicate whether each topic listed in this worksheet was part of the program's training/curriculum in the most recent academic year (2009-2010) and, if so, whether the topic was newly offered since the previous year (2008-2009) or expanded or improved since the previous academic year. Also, please briefly describe resulting benefits from any change(s) in the space provided following each broad subheading. If you wish to provide greater detail about the benefits resulting from changes in the curricula, you may do so by adding a sheet to the Excel workbook or attaching a separate document.

[Benefits may include, for example, increases in medical knowledge; improvements in clinical competence; increased awareness of psychosocial and behavioral aspects of health and illness; increased awareness of the availability of community resources; increased ability to function as a medical home provider; improvements in patient care and outcomes and promotion of leadership skills.]

**If no changes have occurred, you need not complete the rationale and "benefits" sections. See detailed guidance for complete instructions.**

## Children's Hospitals Medical Education Payment Program

### HRSA 100-3-D: Training Related to Measurement and Improvement in Quality, Changes in Training and Resulting Benefits of Change

|                           |            |
|---------------------------|------------|
| Residency Program Name:   | 0          |
| Medicare Provider Number: | 0          |
| Date of Report:           | (mm/dd/yy) |

Please indicate whether each topic listed in this worksheet was part of the program's training/curriculum in the most recent academic year (2009-2010) and, if so, whether the topic was newly offered since the previous year or expanded or improved since the previous academic year (2008-2009). There must be at least one check mark in each row. Also, please briefly describe the reasons for and resulting benefits from any change(s) in the space provided following each broad subheading. If you wish to provide greater detail about the benefits resulting from changes in the curricula, you may do so by adding a sheet to the Excel workbook or attaching a separate document.

[Benefits may include, for example, increases in medical knowledge; improvements in clinical competence; increased awareness of psychosocial and behavioral aspects of health and illness; increased awareness of the availability of community resources; increased ability to function as a medical home provider; improvements in patient care and outcomes and promotion of leadership skills.]

**If no changes have occurred, you need not complete the rationale and "benefits" section. See detailed guidance for complete instructions.**

| For your training program answer the following questions. <b>See detailed guidance for complete instructions.</b>  |                          |                                     |                          |
| In which year was this training program first offered?   |                          |                                     |                          |
|  |                          |                                     |                          |
| In the following table, please indicate the total number of trainees and faculty involved in your program in the previous academic year (2008-2009) and in the most recent year of funding (2009-2010):  |                          |                                     |                          |
| <b>Previous Academic Year (2008-2009)</b>  |                          | <b>Most Recent Year (2009-2010)</b> |                          |
| <b>Number of Residents</b>   | <b>Number of Faculty</b> | <b>Number of Residents</b>          | <b>Number of Faculty</b> |
|  |                          |                                     |                          |
| How have the changes in the number of residents and/or the number of faculty in your program yielded benefits to your residents, institution, or patients?<br>[Benefits may include, for example, increases in medical knowledge; improvements in clinical competence; increased awareness of psychosocial and behavioral aspects of health and illness; increased awareness of the availability of community resources; increased ability to function as a medical home provider; improvements in patient care and outcomes and promotion of leadership skills.] Please respond in the space below. |                          |                                     |                          |
|  |                          |                                     |                          |

## Children's Hospitals Graduate Medical Education Payment Program HRSA 100-3-F PRAC LOCATIONS OF RESIDENTS COMPLETING Training

|                           |            |
|---------------------------|------------|
| Residency Program Name:   | 0          |
| Medicare Provider Number: | 0          |
| Date of Report:           | (mm/dd/yy) |

Public Law 109-307 requires that you report for each resident (who was in a hospital-sponsored program or who spent 75% of his/her training time in your hospital in the last academic year) who completed training in the academic year (2009-2010), his or her first place of employment lasting at least 6 months: city, state, zip code, and type of employment for their current position. Do not include names or SSN's-- just resident # 1; resident #2, etc., as indicated in the table. **See detailed guidance for complete instructions.**

| Resident No. | City | State | Zip Code | Type of Employment |
|--------------|------|-------|----------|--------------------|
| 1            |      |       |          |                    |
| 2            |      |       |          |                    |
