

Improving the Quality and Delivery of CDC's Heart Disease and Stroke Prevention Programs

Information Collection #2

Web Based Survey Instrument to Assess Adoption and Use of Materials for the Sodium Reduction Awareness Toolkit

We would like to thank you for agreeing to complete this survey about the Sodium Reduction Awareness Toolkit. This survey will be used to assess how the Division for Heart Disease and Stroke Prevention (DHDSPP) at the Centers for Disease Control and Prevention (CDC) can best support state heart disease and stroke prevention programs in using the Sodium Reduction Awareness Toolkit and future sodium reduction products or tools.

The Sodium Reduction Awareness Toolkit included the following contents.

- Fact sheet
- Point and counterpoint document
- Question and answer document
- List of internet resources
- Video

We want to ask you a few questions from the perspective of your role as a program manager.

Obtain Electronic Consent

Consent Statement – The DHDSPP is conducting a web based survey as part of its effort to evaluate CDC's initiatives to reduce and control hypertension. The purpose of this survey is to solicit feedback on the Sodium Reduction Awareness Toolkit. Information collected from this survey will be used by the DHDSPP to help improve existing and future sodium reduction products. You were chosen to participate in this survey because you are a program manager funded by DHDSPP or a contact from a partner organization. The survey should take no more than 20 minutes of your time.

Participation in the survey is voluntary, you may choose to end the survey at any time for any reason with no penalty, and may choose not to answer any questions at any time for any reason. Your participation in the survey poses few, if any risks to you and you may choose not to participate in the survey for any reason. If you have any questions about this survey, or evaluation, please contact Mr. Christopher Thomas, Public Health Advisor, at Phone: (770) 488-4264, E-mail: cthomas2@cdc.gov.

Public reporting burden of this collection of information is estimated to average 20 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer; 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-xxxx).

By clicking “Next” you give your consent to participate in this survey.

1. What type of organization do you currently work at?
 - Non-Profit Organization
 - State Health Agency
 - Tribal Health Agency
