DHDSP Newsletters: Assessing Usage, Usefulness and Access [Exit this survey](#)

1. Introduction: Web-based survey on the Division for Heart Disease and Stroke Prevention Newsletters

Form Approved
OMB No. 0920-0864
Expiration date: xx/xx/xxxx

Introduction

We would like to thank you for your interest in completing this survey about three newsletters distributed by the Centers for Disease Control and Prevention's (CDC) Division for Heart Disease and Stroke Prevention (DHDSP): "In the News", "Salt in the News", and/or "Salt e-Update". These newsletters aim to inform recipients about topics and current events related to heart disease and stroke prevention. The purpose of this survey is to determine recipients usage, usefulness and access to the newsletters. The results of this survey will be used to provide recommendations to the DHDSP Communications Team to improve newsletter content and distribution.

We ask that you respond to the survey questions from your perspective as a recipient of the newsletter(s). The estimated time for completion of this survey is 5-10 minutes.

Public reporting burden of this collection of information is estimated to range between 5 and 10 minutes per response, with an average of 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer, 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-0864).

2. Informed Consent Statement

CDC's DHDSP is conducting a web-based survey as part of its effort to evaluate three newsletters ("In the News", "Salt in the News", & "Salt e-Update"). This survey is aimed to assess the usage and usefulness of the newsletters and the information collected from this survey will be used by DHDSP to provide recommendations related to future distribution and content of these newsletters.

You were chosen to participate in this survey because you are a recipient of at least one of these newsletters. This survey should take approximately 5-10 minutes of your time.

Participation in the survey is voluntary and anonymous, meaning no identifying information will be collected from any respondents. You may choose to end the survey at any time for any reason with no penalty. Your participation in the survey poses few, if any risks to you.

If you have any questions about this survey, or evaluation, please contact Mr. Trey Bonner, Public Health Prevention Service Fellow, at Phone: (770) 488-8078 or E-mail: Fbonner@cdc.gov.

By clicking "Next" you are giving your consent to participate in this survey.
