HIV/AIDS Risk Reduction Interventions for African American Heterosexual Men Data Collection: Script for Recruitment

Script for Recruitment

"Hi. I work with STRAIGHT TALK, a research program focused on African American men who have sex only with women and their health, relationships, and sexual behavior. Over the next few months we will be conducting a study involving a survey, several 2-hour group sessions and a follow-up survey.

Would you be willing to call this phone number to answer a few questions? If you are eligible and decide to participate, you will have the opportunity to receive \$25 for an initial visit, \$25 for each group session and \$40 for a follow-up survey. In addition, you will receive a \$4 MetroCard for each visit to the site.
