I am pleased to inform you that the Substance Abuse and Mental Health Services Administration (SAMHSA), a member of the Interagency Coordinating Committee on the Prevention of Underage Drinking, is supporting another round of Town Hall Meetings in spring <Year>. More than <#> Town Hall Meetings were held in <Year>; the goal for <Year> is to have more than <#> meetings held as an effective way to raise community awareness and encourage action in preventing underage drinking. Because your organization successfully conducted a Town Hall Meeting in the past, we are again asking you to participate as a meeting host. We are offering a stipend of <\$> to help defray the expenses related to planning a meeting.

SAMHSA requests that Town Hall Meetings be held the week of <Date>, if feasible, to kick off the Nation's observance of Alcohol Awareness Month in April. To help you prepare, please visit our enhanced Town Hall Meeting Web page at <http://www.stopalcoholabuse.gov/TownHallMeetings/>. This page will serve as the central communications platform for Town Hall Meetings and contains materials to aid planning and implementation. The Community Briefing Prevention Toolkit: Town Hall Meetings is a step-by-step guide to hosting a Town Hall Meeting. The Surgeon General's Call to Action To Prevent and Reduce Underage Drinking, the accompanying Guides to Action for Communities and Families, and other helpful underage drinking prevention materials also are available on the page. New tools will also be added to the page soon.

Below are SAMHSA's key expectations for organizations agreeing to host a spring <Year> Town Hall Meeting on underage drinking prevention:

- * Host one or more Town Hall Meeting during, or as close as possible to, the week of <Date>.
- * Involve as many different community stakeholder groups as possible in your meeting. These groups include youth, parents and caregivers, educators, substance abuse prevention specialists and other health professionals, justice/law enforcement officials, local government officials, and representatives of faith-based organizations and local businesses. We encourage you to include youth in planning and conducting the meeting.
- * Follow up your Town Hall Meeting with short- and long-term activities and programs that will continue to emphasize community action to prevent underage drinking.
- * Document your Town Hall Meeting and planned follow-up activities by completing an online survey. Information to access the online form will be provided by SAMSHA within one week following your THM event.

- * Participate in ongoing discussions with other communities within your State on prevention activities that are being planned as a result of the Town Hall Meetings.

Please confirm your organization's participation by close of business on <Date>, by completing the Participation Confirmation Form online at:

Alcohol is the substance of abuse most widely used by adolescents. By convening a Town Hall Meeting, members of your community will have the opportunity to discuss underage drinking and its consequences and how their community can unite around prevention. Thank you in advance for contributing to this nationwide effort to organize <Year> Town Hall Meetings to prevent underage drinking.

Sincerely,
