**Subject:** Public Comment: Medicare Prescription Drug Benefit Plan - 0938-0964 (CMS-10141)

Response: None of the requirements under the final rule – 4085, and as reflected in this PRA package, implement any Federal requirement of the Health Care Reform legislation. Any new or revised regulatory provisions being enacted in order to administer the requirements under the Patient Protection and Affordable Care Act, as amended by the Health Care and Education Reconciliation Act of 2010, will be proposed in future rulemaking and burden estimates.
