| Question Text: | As I mentioned earlier, this is [your/(SP's)] final interview with this study. We have learned much from [your/(SP's)] participation in the MCBS. Data from the study have already been used to inform Congress of the problems Medicare beneficiaries might face regarding their access to health care. [Your/(SP's)] participation in this study has given the United States government a much clearer picture of [your/(SP's)] health care needs and those of more than 42 million Medicare participants. | | | |
