

## **SUPPORTING STATEMENT**

### **COPS Progress Report**

#### ***Part A. Justification:***

##### **1. Necessity of Information Collection**

The Office of Community Oriented Policing Services (COPS) was established under the authority of the Attorney General to implement Title I of the “crime bill,” the Public Safety Partnership and Community Policing Act of 1994 (the Act). The Act authorizes the Attorney General to make grants to States, units of local government, Indian tribal governments, other public and private entities, and multi-jurisdictional or regional consortia thereof to increase police presence, to expand and improve cooperative efforts between law enforcement agencies and members of the community, to address crime and disorder problems, and otherwise to enhance public safety.

As a grant-making agency, the COPS Office is charged with monitoring each program, project or activity it funds. To accomplish this, COPS has developed data collection instruments and programmatic progress reports, and has implemented a comprehensive monitoring plan including these reports, proactive phone contact, and site visits.

The COPS Progress Report will be an important instrument in our grant management and monitoring plan, and will be used to measure our grantees’ progress in grant implementation and to track the community policing activities of grant recipients. The schedule for the collection of this information is set forth in accordance with 28CFR§66.40, “grantees shall submit annual performance reports unless the awarding agency requires quarterly or semi-annual reports... Annual reports shall be due 90 days after the grant year.” Under 28 CFR§70.51, performance reports for institutions of higher learning and non-profit organizations must be collected on a quarterly basis, and are due 30 days following the reporting period.

##### **2. Needs and Uses**

The COPS Progress Report solicits information about the grantees’ progress toward implementation of their COPS grants and their community policing activities. To help manage the monitoring of grants, the COPS Office must obtain updated information from grantees at regular intervals. COPS Progress Report questions for *non-hiring* grants help to determine the status of implementation of community policing and purchases of equipment, technology, training, and other items awarded under COPS non-hiring grants. COPS Progress Report questions for *hiring* grants solicit information about the grantees’ hiring efforts, grant implementation assistance needs, retention planning, and the impact of the grant on increasing the capacity of grantees to implement community policing strategies.

##### **3. Efforts to Minimize Burden**

The COPS Office is committed to furthering our E-government projects and plans to minimize respondent burden by administering the COPS Progress Report using an Internet-based

system that will allow the respondents to electronically submit their reports. Grantees without access to the Internet will be contacted by the COPS Office and provided the opportunity to complete their report over the phone. This report will then be manually entered into the system. The Internet-based COPS Progress Report will include pre-populated data based on grant award and respondent information found in the COPS Management System, thus minimizing the amount of information the respondent must enter.

Once OMB approves the revision to this form to combine the current collections COPS Non Hiring Progress Report (1103-0102) and COPS Hiring Recovery Program (CHRP) Progress Report (1103-0106), the COPS Office plans to eliminate the current collection titled COPS Hiring Recovery Program (CHRP) Progress Report (1103-0106).

4. Efforts to Identify Duplication

There is no duplicative effort.

5. Methods to Minimize Burden on Small Business

This collection instrument will have no significant impact on small business.

6. Consequences of Less Frequent Collection

Less frequent collection would not allow the COPS Office to obtain the most current information on our grantees' grant implementation efforts and community policing activities.

7. Special Circumstances Influencing Collection

There are no special circumstances that would influence the collection of information pertaining to the COPS Progress Report.

8. Reasons for Inconsistencies with 5 CFR 1320.6

There are no inconsistencies with this regulation.

9. Payment or Gift to Respondents

The COPS Office does not provide any payment or gift to respondents. Furthermore, it is not permitted under the terms of the grants.

10. Assurance of Confidentiality

No assurance of confidentiality has been made to respondents.

11. Justification for Sensitive Questions

There are no questions of a sensitive nature. No information commonly considered as private is included in the proposed requested information.

#### 12. Estimate of Hour Burden

There will be approximately 7,400 grantees submitting a COPS Progress Report. The average estimated time to complete a progress report is 30 minutes (0.5 hrs) per grantee submission.

$$0.5 \text{ hours per respondent} \times 7,400 \text{ respondents} = 3,700 \text{ annual hours}$$

*Total Annual Respondent Burden: 3,700 hours*

There is no record keeping burden for this collection.

#### 13. Estimate of Cost Burden

Completing this report will not generate any costs other than those associated with the applicants' time. Therefore, the estimated burden cost is 0.

#### 14. Estimated Annualized Cost to Federal Government

The estimated annualized cost to the Federal government for a contracting agency to review, compile, and process the COPS Progress Report should require approximately 1 hour per report. No special equipment, other than currently in-use personal computing equipment, is required. The total annual cost to the Federal government is estimated as follows:

$$\begin{aligned} 1 \text{ hour per report} \times 7,400 \text{ reports per year} &= 7,400 \text{ hours} \\ 7,400 \text{ hours @ } \$54.72 \text{ per hour} &= \$404,928 \text{ annually} \end{aligned}$$

#### 15. Reason for Change in Burden

This change in burden is a result of combining the following two collections: COPS Non-Hiring Progress Report (1103-0102) and COPS Hiring Recovery Program (CHRP) Progress Report (1103-0106). Therefore, this collection now reflects the burden of Progress Reports for both hiring and non-hiring grants.

#### 16. Publication

This data collection will not be published.

#### 17. Request not to Display OMB Control Number

COPS will display the OMB approval number and expiration date on the upper right hand corner of the collection instrument.

18. Exceptions to Certification Statement

COPS does not request an exception to the certification of this information collection.

**Part B. Statistical Methods: Not applicable**
