SEMI-ANNUAL PROGRESS REPORT FOR

Services to Advocate for and Respond to Youth Program

Brief Instructions: This form must be completed for each Services to Advocate for and Respond to Youth Program (Youth Services Program) grant received. A grant administrator or coordinator must ensure that the form is fully completed with regard to all grant-funded activities. Grant partners, however, may complete sections relevant to their portion of the grant. Grant administrators or coordinators are responsible for compiling and submitting a single report that reflects all information collected from grant partners.

All grantees should read each section to determine which questions they must answer based on the activities engaged in under this grant during the current reporting period. Sections B and E of this form must be completed by all grantees. In section A, subsection A1 must be answered. In section C, subsection C2 must be answered. In section D, and subsections A2, C1, and C3-C5, grantees must answer an initial question about whether they engaged in certain activities during the current reporting period. If the response is yes, then the grantee must complete that section or subsection. If the response is no, the rest of that section or subsection is skipped.

For example, if you are a victim services agency providing coordinated community response and victim services with staff funded under this grant, you would complete sections A1, A2, B, C1, C2, D, and E (and answer “no” in subsections C3-C5).

The activities of volunteers or interns should be reported if they were coordinated or supervised by Youth Services Program-funded staff or if Youth Services Program funds substantially supported their activities.

For further information on filling out this form, refer to the separate instructions which contain detailed definitions and examples illustrating how questions should be answered.

26. Number of primary victims/survivors served, partially served, and victims/survivors seeking services who were not served Please do not answer this question without referring to the separate instructions for further explanation and examples of how to distinguish among these categories. (Report the following, to the best of your ability, as an unduplicated count for each category during the current reporting period. This means that each victim/survivor who requested or received services during the current reporting period should be counted only once and in only one of the listed categories. For purposes of this question, **victims/survivors** are those against whom the sexual assault, domestic violence, dating violence, and/or stalking, was directed. If the victim/survivor experienced more than one victimization, that person should be counted only once under the primary victimization.)

[for developers: If a grantee enters a reason in “other” the following will pop up: “Victim declined services,” “victim did not complete program,” and “victim could not be contacted” are all inappropriate reasons and should not be reported in the “other” category. They indicate a misunderstanding of when to report victims as partially served or not served. Please refer to the separate instructions for further explanation and for examples.]

28. Demographics of primary victims/survivors served or partially served

(Based on the primary victims/survivors reported in 26A and 26B, provide the total numbers for all that apply. Because victims/survivors may identify in more than one category of race/ethnicity, the total for "Race/ethnicity" may exceed the total number of victims/survivors reported in questions 26A and 26B. However, the total number of victims/survivors reported under "Race/ethnicity" should not be less than the total number of victims/survivors reported in questions 26A and 26B. The total number of victims/survivors reported under "Gender" and the total number reported under "Age" should equal the total number of victims/survivors reported in questions 26A and 26B. Count each victim/survivor only once for each type of service that victim/survivor received during the current reporting period; do not report the number of times that service was provided to the victim/survivor. (Report the total number of victims/survivors and accompanying family members who received emergency shelter and/or transitional housing provided with Youth Services Program funds during the current reporting period. This means that each victim/survivor and each family member who received shelter services during the current reporting period should be counted only once. Report the total number of bed nights provided in emergency shelter and/or transitional housing to victims/survivors and family members. The number of bed nights is computed by multiplying the number of victims/survivors and family members by the number of nights they stayed in the shelter. The number of bed nights will typically be significantly higher than the number of victims/survivors and family members. For example, one victim/survivor and her three children all stayed in the shelter for 10 nights. The number of bed nights would be four multiplied by ten, for a total of 40 bed nights.)

Victims/survivors who receive services such as crisis intervention or victim advocacy over the telephone, in addition to basic hotline information and/or referrals, should also be reported in question 30A. Hotline calls that include victim advocacy or crisis intervention services are those that require more time than the average call and involve a more intensive focus on the immediate needs and situation of the victim/survivor. For examples of when to report only the hotline call and when to report both the hotline call and a service or services in question 30A, see separate instructions.)
