

U.S. Department of Justice Office on Violence Against Women SEMI-ANNUAL PROGRESS REPORT FOR

Court Training and Improvements Program

Brief Instructions: This form must be completed for each Court Training and Improvements Program (Courts Program) grant received. A grant administrator or coordinator must ensure that the form is completed fully with regard to all grant-funded activities. Grant partners, however, may complete sections relevant to their portion of the grant. Grant administrators and coordinators are responsible for compiling and submitting a single report that reflects all information collected from grant partners.

Following are some guidelines regarding which sections of the form must be completed by Courts Program grantees:

- Supplemental training projects must complete sections A, B, and H and in most cases will complete subsection C1; they will not complete subsection C8 or sections D through G.
- Development projects must complete sections A, B, and H and subsection C3, and in most cases will complete subsection C8; these grantees should read the introductory question in each of the remaining sections and subsections (C1-C2, C4-C7, C9, and D through G) to determine whether they must complete that section, based on the specific activities engaged in under their Courts Program grant during the current reporting period.

For example,

- 1) If you are a supplemental training project and have used Courts Program funds to develop a curriculum for family court judges in your state (but have not actually delivered training during the current reporting period), you will complete sections A, B, C5, and H.
- 2) If you are a development project and have only used your funds for planning during the current reporting period, you will complete sections A, B, C2, C3, and H.
- 3) If you are a development project and used funds to establish a specialized civil protection order docket and to provide training to your court staff, you will complete sections A, B, C1, C3, C8, F1, and H.

The activities of volunteers or interns should be reported if they were coordinated or supervised by Courts Program-funded staff or if Courts Program funds substantially supported their activities.

For further information on filling out this form, refer to the separate instructions, which contain detailed definitions and examples illustrating how questions should be answered.

Report on products that were newly developed during the current reporting period whether or not they were used or distributed, and on products that were previously developed or revised but were used or distributed during the current reporting period. Do not report the number of products printed or copied; only report the number developed or revised—in most cases that number will be one for each product described—and/or the number used or distributed. Were your Courts Program funds used for a court-based program to provide victim services to victims/survivors during the current reporting period? Only development projects that used Courts Program funds to provide victim services during the current reporting period should complete this section.

Check yes if Courts Program-funded staff provided victim services or if Courts Program funds were used to support victim services during the current reporting period. Report all victims/survivors served and victim services provided with Courts Program funds, whether by legal services, a victim services agency, or victim services within prosecution or the court system. Report criminal, civil, and family cases in sections E and F only.

- Yes—answer questions 38-44
 No—skip to section E

38. Number of victims/survivors served, partially served, and victims/survivors seeking services who were not served

Please do not answer this question without referring to the separate instructions for further explanation and examples of how to distinguish among these categories.

(Report the following, to the best of your ability, as an unduplicated count for each category during the current reporting period. This means that each victim/survivor who was seeking or who received services during the current reporting period should be counted only once in that reporting period. For purposes of this question, victims/survivors are those against whom the sexual assault, domestic violence, dating violence, and/or stalking was directed. If the victim/survivor experienced more than one victimization, that person should be counted only once under the primary victimization. Do not report secondary victims here.)

[for developers: If a grantee enters a reason in “other” the following will pop up: “Victim declined services,” “victim did not complete program,” and “victim could not be contacted” are all inappropriate reasons and should not be reported in the “other” category. They indicate a misunderstanding of when to report victims as partially served or not served. Please refer to the separate instructions for further explanation and for examples.]

40. Demographics of victims/survivors served or partially served

(Based on the victims/survivors reported in 38A and 38B, report the total numbers for all that apply. Because victims/survivors may identify in more than one category of race/ethnicity, the total for "Race/ethnicity" may exceed the total number of victims/survivors reported in 38A and 38B. However, the total number of victims/survivors reported under "Race/ethnicity" should not be less than the total number of victims/survivors reported in 38A and 38B. The total number of victims/survivors reported under "Gender" and the total number reported under "Age" should equal the total number of victims/survivors reported in 38A and 38B; those victims/survivors for whom race/ethnicity, gender, and/or age are not known should be reported in the "Unknown" category.)

If a victim/survivor experienced more than one type of victimization and/or was victimized by more than one perpetrator, count the victim/survivor in all categories that apply. The total number of relationships in the sexual assault column must be at least [insert 38A + 38B], the sum of sexual assault victims/survivors reported in 38A and 38B; the total number in the domestic violence column must be at least [insert 38A + 38B], the sum of domestic violence victims/survivors reported in 38A and 38B; the total number in the dating violence column must be at least [insert 38A + 38B], the sum of dating violence victims/survivors reported in 38A and 38B and the total number in the stalking column must be at least [insert 38A + 38B], the sum of stalking victims/survivors reported in 38A and 38B.)

Count each victim/survivor only once for each type of service that the victim/survivor received during the current reporting period; do not report the number of times that service was provided to the victim/survivor. The total for each type of service should not be higher than the total of 38A and 38B [insert 38A + 38B].)

(Report the number of new sexual assault, domestic violence, dating violence, and/or stalking-related cases filed in your Courts Program-funded court during the current reporting period. Cases involving multiple charges should be characterized by the most serious offense or charge.)

Misdemeanor and felony domestic violence cases may include any assaults, battery, vandalism, or other offenses that occurred in a domestic violence incident. Your state law does not have to name an offense “domestic violence” for a case addressing that offense to be counted here. Similarly, cases addressing sexual assault and stalking offenses should be counted, even if your state law uses other names for these types of offenses, such as “sexual battery” or “harassment.”

An example might include an initial increase in the number of offenders/resp reviewed by the court for failing to attend BIP, followed by a decrease in that number due to greater compliance with the condition to attend BIP. You attribute this improved compliance to the updated reliable information obtained by the compliance monitor, including information provided through regular contact with victims/survivors, and consistent sanctions imposed by the court for failure to attend BIP or to comply with other court-ordered conditions.)

NARRATIVE

All grantees must answer question 68.

PLEASE LIMIT YOUR RESPONSES TO THE SPACE PROVIDED.

68. Report on the status of your Courts Program grant goals and objectives as of the end of the current reporting period.

(Report succinctly on the status of the goals and objectives for your Courts Program grant as of the end of the current reporting period, as they were identified in your grant proposal or as they have been added or revised. Indicate whether the activities related to your objectives for the current reporting period have been completed, are in progress, are delayed, or have been revised. Comment briefly on your successes and challenges, and provide any additional explanation you feel is necessary for us to understand what you have or have not accomplished relative to your goals and objectives. If you have not accomplished objectives that should have been accomplished during the current reporting period, you must provide an explanation.)

All grantees must answer questions 69 and 70 on an annual basis. Submit this information on the January to June reporting form only.

PLEASE LIMIT YOUR RESPONSES TO THE SPACE PROVIDED (8,000 CHARACTERS).

69. What do you see as the most significant areas of remaining need, with regard to meeting the needs of victims/survivors of sexual assault, domestic violence, dating violence, and/or stalking and their families and increasing offender accountability?

(Consider geographic region, underserved populations, service delivery systems, types of legal issues, and challenges and barriers unique to your court, your court system, and your jurisdiction.)

70. What has Courts Program funding allowed you to do that you could not do prior to receiving this funding?

(For example, funding has enabled your Courts Program-funded court to exchange case information between criminal, civil, and family divisions of your courts in cases involving domestic violence, resulting in fewer conflicting orders, and improved victim safety and offender accountability; it has contributed to fewer continuances, a reduction in the number of hearings to reach resolution of family matters, or in fewer motions for contempt and motions to modify court orders in cases involving domestic violence.)

Questions 71 and 72 are optional.

PLEASE LIMIT YOUR RESPONSES TO THE SPACE PROVIDED (8,000 CHARACTERS).

71. Provide any additional information that you would like us to know about your Courts Program grant and/or the effectiveness of your grant.

(If you have any other data or information that you have not already reported in answers to previous questions on this form that demonstrate the effectiveness of your Courts Program-funded program, please provide it below. Feel free to discuss any of the following: systems-level changes, community collaboration, the removal or reduction of barriers and challenges for victims/survivors, promising practices, positive or negative unintended consequences.)

72. Provide any additional information that you would like us to know about the data submitted.

(If you have any information that could be helpful in understanding the data you have submitted in this report, please answer this question. For example, if you submitted two different progress reports for the same reporting period, you may explain how the data was apportioned to each report; if you funded staff - e.g., advocates and attorneys - but did not report any corresponding victim services or court cases, you may explain why; or if you did not use program funds to support either staff or activities during the reporting period, please explain how program funds were used, if you have not already done so.)
