Paperwork Reduction Act Public Burden Statement:

This reporting requirement is approved under the Paperwork Reduction Act of 1995, OMB Control No. 1205-0464. Persons are not required to respond to this collection of information unless it displays a currently valid OMB number. Public reporting burden for this collection of information is estimated to average 16 hours per quarterly report per grantee, including time for reviewing instructions, searching existing data sources, gathering and reviewing the collection of information, Respondent's obligation to reply is required to maintain benefits. The reason for the collection of information is general program oversight, evaluation and performance assessment. Send comments regarding this burden estimate or any other aspect of this collection, including suggestions for reducing this burden, to the U. S. Department of Labor, Employment and Training Administration, Youth Office, Room N4459, 200 Constitution Avenue, NW, Washington, D.C. 20210 (Paperwork Reduction Project 1205-0464).

Welcome!

The U.S. Department of Labor, Employment and Training Administration has created the YouthBuild MIS System to allow grantees and sub-awardees administering and participating in YouthBuild grants to create, monitor, and update records of participants, grants, assessments, and activities. It also allows grantees to generate Quarterly Reports and follow-ups to performance.

This YouthBuild MIS system supports the collection of individual participant data, sub-grantee/sub-awardee information, and grantee narrative information pertaining to the grant's goals/objectives, planned and actual progress, etc. This system also provides the capability to generate aggregate level demographic data and narrative information into Quarterly Progress Reports.

To access a specific module, please select the corresponding tab.

To return to the Welcome page, click the "Home" link at the left corner of the YouthBuild MIS system window.

For general information on how to use this program, click the "Help" link.
