| Explanation of difference | | |
| Program change | NA | |
| Adjustment | NA | |
| Other change** | | |
| <p>The purpose of this change sheet is to request a revision to the contact materials for the 2009 Baccalaureate and Beyond Longitudinal Survey (B&B:09), which is currently being conducted, specifically for contacting B&B:09 survey non-respondents using a stop-frame informational video. The primary forms of contact have been email, mail, and phone calls. This video contains OMB-approved information used in these more traditional forms of contact. We are attempting to engage the interest of the last 3,000 study non-respondents, who have not responded to repeated contact, using this innovative way. This request reflects no change in burden to B&B sample members. Further, this request does not propose any change to data collection materials previously approved by OMB.</p> | | |
