

Survey Participant,

The Federal Housing Finance Agency's (FHFA) Office of Housing and Community Investment (OHCI) is conducting research and outreach initiatives to determine ways to enhance the Federal Home Loan Banks' (FHLBanks) capacity to meet the nation's unmet economic development credit needs. At the conclusion of these processes, OHCI expects to issue for public comment a proposed amendment to the Community Investment Cash Advance (CICA) Regulation (Code of Federal Regulation Part 952) in late 2011. Amending the regulation will update the regulatory standards to reflect current community and economic development investment strategies and priorities, and clarify a regulation that is difficult to comprehend.

As part of the outreach, six FHLBanks (Pittsburgh, San Francisco, Atlanta, Boston, Dallas, and Des Moines) have committed to conduct open-forum economic development discussions in their districts. These discussions will consist of a cross section of FHLBank members and end-users, who will provide comments on unmet credit needs and their experiences with current FHLBank economic development products and programs.

Along with the open-forum discussions, we are requesting your participation in the FHFA's online economic development survey. As someone who has direct experience with implementing and monitoring economic development programs, we are asking you to complete the survey. This survey should take approximately 10 to 15 minutes to complete.
