U.S. PRODUCERS' QUESTIONNAIRE

STAINLESS STEEL PLATE IN COILS FROM BELGIUM, ITALY, KOREA, SOUTH AFRICA, AND TAIWAN

This questionnaire must be received by the Commission by no later than March 16, 2011

See page 4 of the Instruction Booklet for filing instructions.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its five-year reviews concerning stainless steel plate in coils from Belgium, Italy, Korea, South Africa, and Taiwan (Inv. Nos. 701-TA-376 and 379 and 731-TA-788, 790-793 (Second Review)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII. This report is mandatory and failure to reply as directed can result in a subpoena or other order to compel the submission of records or information in your possession (19 U.S.C. § 1333(a)).

PART I.—GENERAL INFORMATION

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 50 hours per response, including the time for reviewing instructions, searching existing data sources, gathering the data needed, and completing and reviewing the questionnaire. Send comments regarding the accuracy of this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Office of Investigations, U.S. International Trade Commission, 500 E Street, SW, Washington, DC 20436.

PRICE DATA

This section requests quarterly quantity and value data, f.o.b. your U.S. point of shipment, for your commercial shipments to unrelated U.S. customers since 2005 of the following products produced by your firm.

Product 1.—Grade 304, thickness 0.25 inch (0.24-0.295 inch), width 48-60 inches, in coils.

Product 2.-- Grade 304, thickness 0.1875 inch (0.1870-0.2325 inch), width 48-60 inches, in coils.

Product 3.-- Grade 304L, thickness 0.25 inch (0.24-0.295 inch), width 48-60 inches, in coils.

Product 4.-- Grade 316L, thickness 0.1875 inch (0.1870-0.2325 inch), width 48-60 inches, in coils.

Please note that total dollar values should be f.o.b., U.S. point of shipment and should not include U.S.-inland transportation costs. Total dollar values should reflect the *final net* amount paid to you (i.e., should be net of all deductions for discounts or rebates). See instruction booklet.

IV-20.	materia of ener technol	es in factors affecting supplyHave any changes occurred in any factors other than raw als affecting supply (e.g., safeguard or other trade actions; changes in availability or prices gy or labor; transportation conditions; production capacity and/or methods of production; ogy; export markets; or alternative production opportunities) that affected the availability-produced stainless steel plate in coils in the U.S. market since 2005?
	No	YesPlease note the factors that changed, the time period(s), and the impact such changes had on your shipment volumes and prices.
IV-21.	Availa	bility of supply (U.Sproduced)
IV-22.	(a)	Do you anticipate any changes in terms of the availability of U.Sproduced stainless steel plate in coils in the U.S. market in the future?
		☐ Increase ☐ No change ☐ Decrease
	(b)	If you anticipate changes in supply, please explain.
	coils si declini	tionHas your firm refused, declined, or been unable to supply stainless steel plate in nce 2005? (Examples include placing customers on allocation or "controlled order entry," ng to accept new customers or renew existing customers, delivering less than the quantity ed, unable to meet timely shipment commitments, etc.) YesPlease note and document the time period(s) (i.e., month and year), country of origin, and the customer involved; and the amount and type of product involved.
		The or product involved.

IV-23.	Availability of supply (nonsubject)Has the availability of NONSUBJECT stainless steel plate in coils (<i>i.e.</i> , stainless steel plate in coils imported from countries other than Belgium, Italy, Korea, South Africa, and Taiwan,) changed since 2005?				
	☐ No ☐ YesPlease explain.				
IV-24.	Export constraints Describe how easily your firm can shift its sales of stainless steel plate in coils between the U.S. market and alternative country markets. In your discussion, please describe any contracts, other sales arrangements, or other constraints that would prevent or retard your firm from shifting stainless steel plate in coils between the U.S. and alternative country markets within a 12-month period.				
IV-25.	<u>Foreign contracts.</u> Do you have existing contracts for stainless steel plate in coils with subject foreign producers?				
	☐ No ☐ Yes Please describe the duration of such contracts and when they are set to expire.				
IV-26.	<u>Product changes</u> Have there been any significant changes in the product range, product mix, o marketing of stainless steel plate in coils since 2005?				
	☐ No ☐ YesPlease describe and quantify if possible.				

IV-27.	Anticipated product changesDo you anticipate any changes in terms of the product range, product mix, or marketing of stainless steel plate in coils in the future?				
	□ No	YesP	lease identify, including	g the time period.

	□ No	Yes	Please describe any such	n change.		

IV-31.	Price comparisons.— (a) Please compare market prices of stainless steel plate in coils in U.S. and non-U.S. markets. Provide information as to time periods and regions for any price comparisons.					
	(b) Do U.S. market prices of stainless steel plate in coils vary by region in the United States?					
	No Yes—Please report time periods and regions for any price comparisons (e.g., do prices across regions move in tandem or separately, is there a region that is typically more/less expensive than others and why, etc.).					
IV-32.	Market studiesPlease provide as a separate attachment to this request any studies, surveys, etc. that you are aware of that quantify and/or otherwise discuss stainless steel plate in coils supply (including production capacity and capacity utilization) and demand in (1) the United States, (2) each of the other major producing/consuming countries, including Belgium, Italy, Korea, South Africa, and Taiwan, and (3) the world as a whole. Of particular interest is such data from 2005 to the present and forecasts for the future.					
IV-33.	<u>Barriers to trade</u> Are your exports of stainless steel plate in coils subject to any tariff or non-tariff barriers to trade in other countries?					
	☐ No ☐ YesPlease list the countries and describe any such barriers and any significant changes in such barriers that have occurred since 2005, or that are expected to occur in the future.					

PART IV.--PRICING AND MARKET FACTORS--Continued

IV-34. <u>Interchangeability.--</u>Is stainless steel plate in coils produced in the United States and in other countries interchangeable (*i.e.*, can they physically be used in the same applications)? Please indicate below, using "A" to indicate that the products from a specified country-pair are *always* interchangeable, "F" to indicate that the products are *frequently* interchangeable, "S" to indicate that the products are *sometimes* interchangeable, "N" to indicate that the products are *never* interchangeable, and "0" to indicate *no familiarity* with products from a specified country-pair. ¹

Country-pair	Belgium	Italy	Korea	Mexico	Taiwan	Other countries		
United States								
Belgium								
Italy								
Korea								
South Africa								
Taiwan								
¹ For any country-pair producing stainless steel plate in coils which is <i>sometimes</i> or <i>never</i> interchangeable, please explain the factors that limit or preclude interchangeable use:								

PART IV.--PRICING AND MARKET FACTORS--Continued

IV-35. **Factors other than price.**--Are differences other than price (*i.e.*, quality, availability, transportation network, product range, technical support, *etc.*) between stainless steel plate in coils produced in the United States and in other countries a significant factor in your firm's sales of the products? Please indicate below, using "A" to indicate that such differences are *always* significant, "F" to indicate that such differences are *frequently* significant, "S" to indicate that such differences are *never* significant, and "0" to indicate *no familiarity* with products from a specified country-pair. ¹
