U.S. PRODUCERS' QUESTIONNAIRE

SEAMLESS REFINED COPPER PIPE AND TUBE FROM CHINA AND MEXICO

This questionnaire must be received by the Commission by no later than August 9, 2010

See page 4 of the Instruction Booklet for filing instructions.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its antidumping investigations concerning seamless refined copper pipe and tube from China and Mexico (Inv. Nos. 731-TA-1174-1175 (Final)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII. **This report is mandatory and failure to reply as directed can result in a subpoena or other order to compel the submission of records or information in your possession (19 U.S.C. § 1333(a)).**

PART I.—GENERAL INFORMATION

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 50 hours per response, including the time for reviewing instructions, searching existing data sources, gathering the data needed, and completing and reviewing the questionnaire. Send comments regarding the accuracy of this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Office of Investigations, U.S. International Trade Commission, 500 E Street, SW, Washington, DC 20436.

I-1a.	<u>OMB statistics</u> Please report below the actual number of hours required and the cost to your firm of preparing the reply to this questionnaire and completing the form.
	hoursdollars
I-1b.	<u>OMB feedback</u> We are interested in any comments you may have for improving this questionnaire in general or the clarity of specific questions. Please attach such comments to your response or send them to the above address.
I-2.	Establishments coveredProvide the name and address of establishment(s) covered by this questionnaire (see page 3 of the instruction booklet for reporting guidelines). If your firm is publicly traded, please specify the stock exchange and trading symbol.
I-3.	<u>Petition support</u> Do you support or oppose the petition?
	☐ Support ☐ Oppose ☐ Take no position

III-11. Operations on seamless refined copper pipe and tube.--Report the revenue and related cost information requested below on the seamless refined copper pipe and tube operations of your U.S. establishment(s). Do not report resales of products. Note that internal consumption and transfers to related firms must be valued at fair market value and purchases from related firms must be at cost. Provide data for your three most recently completed fiscal years in chronological order from left to right, and for the specified interim periods.

Note: The data reported in this table should include **both** <u>industrial</u> and <u>plumbing</u> seamless refined copper pipe and tube. Questions V-2 and V-3 request that you report certain financial data separately.

² Please list the expense categories and amounts of any profits on internal inputs or inputs from related firms that are reflected on your books but which are eliminated from the costs reported below.

³ Less discounts, returns, allowances, and prepaid freight. The quantities and values should approximate the corresponding shipment quantities and values reported in Part II of this questionnaire.

⁴ COGS should include costs associated with internal consumption and transfers to related firms.

PART III.--FINANCIAL INFORMATION--Continued

III-12. <u>Asset values</u>.--Report the total assets associated with the production, warehousing, and sale of seamless refined copper pipe and tube. If your firm does not maintain some or all of the specific asset data in the normal course of business, please estimate it based upon some rational method (such as production, sales, or costs) that is consistent with your cost allocations in the previous question. Your finished goods inventory value should reconcile with the inventory quantity data reported in Part II. Provide data as of the end of your three most recently completed fiscal years in chronological order from left to right.

Note: The data reported in this table should include **both** <u>industrial</u> and <u>plumbing</u> seamless refined copper pipe and tube. Questions V-2 and V-3 request that you report certain financial data separately.

	☐ No	Yesl	Please describe and quan	tify if possible.					

IV-16.	Business cycles
	(a) Is seamless refined copper pipe and tube market subject to business cycles or conditions of competition (including seasonal business) distinctive to seamless refined copper pipe and tube?
	☐ No (skip to question IV-17.) ☐ Yes Please describe below and then answer part (b).
	(b) If yes, have there been any changes in the business cycles or conditions of competition for seamless refined copper pipe and tube since January 1, 2007?
	☐ No ☐ Yes Please describe.
IV-17.	<u>Supply constraints.</u> Has your firm refused, declined, or been unable to supply seamless refined copper pipe and tube since January 1, 2007 (examples include placing customers on allocation or "controlled order entry," declining to accept new customers or renew existing customers, delivering less than the quantity promised, been unable to meet timely shipment commitments, being unable to supply product due to patent constraints etc.)?
	☐ No ☐ Yes Please describe.
IV-18.	Raw materialsPlease describe any trends in the prices of raw materials used to produce seamless refined copper pipe and tube and whether your firm expects these trends to continue.

V-1. <u>COMPARABILITY OF INDUSTRIAL AND PLUMBING SEAMLESS REFINED</u> <u>COPPER PIPE AND TUBE</u>.

(a) Do <u>industrial</u> and <u>plumbing</u> seamless refined copper pipe and tube have the same physical characteristics and end uses?
□ No □ Yes
Please describe the similarities and/or differences between the physical characteristics or end use
(b) Are <u>industrial</u> and <u>plumbing</u> seamless refined copper pipe and tube interchangeable?
□ No □ Yes
Please describe what makes these two products interchangeable or not interchangeable.
(b) Are the manufacturing processes to produce <u>industrial</u> seamless refined copper pipe and tube similar to those to produce <u>plumbing</u> seamless refined copper pipe and tube?
□ No □ Yes
Please describe the similarities and/or differences between the two manufacturing processes.
(c) Do <u>industrial</u> and <u>plumbing</u> seamless refined copper pipe and tube share the same channels of distribution?
□ No □ Yes
Please describe the similarities and/or differences between the channels of distribution.
(d) Do you or your customers perceive <u>industrial</u> seamless refined copper pipe and tube and <u>plumbing</u> seamless refined copper pipe and tube to be similar products?
Yes No, please describe the perceived differences between the two products:

PART V.-- ALTERNATIVE PRODUCTS--TRADE AND RELATED INFORMATION--Continued

(e) Are there generally differences in price between <u>industrial</u> and <u>plumbing</u> seamless refined copper pipe and tube?
□ No
Yes, <u>industrial</u> seamless refined copper pipe and tube are generally higher in price than <u>plumbing</u> seamless refined copper pipe and tube.
Yes, <u>industrial</u> seamless refined copper pipe and tube are generally higher in price than <u>plumbing</u> seamless refined copper pipe and tube.
Please explain:
