Please note that the total quarterly sales values, on a shipment basis, should be reported two ways:

(1) **Delivered** to U.S. customers (paper companies)--

Please report transactions on a delivered sales basis. The total quarterly quantities should correspond to sales values shown on a delivered shipment basis. Total dollar figures should reflect the FINAL NET amount paid to your firm (i.e., should be net of all deductions for discounts, allowances, rebates, and the value of returned goods).

And, to the extent possible,

(2) Estimated f.o.b. U.S. plant(s), excluding all U.S.-inland freight, to U.S. customers (paper companies)--

Deduct from the delivered price (a) an estimate of U.S.-inland freight and shipping charges from your U.S. shipping point(s) to the U.S. customers and (b) an estimate of any U.S.-inland freight from your firm's U.S. plant(s) to its non-plant U.S. shipping points, and report the resulting estimated f.o.b. U.S. plant sales value. **Please report transactions only where your firm can report values on an (estimated) f.o.b. U.S. plant(s) sales basis**.
