NEA REGIONAL TOURING PROGRAM ADVANCE REPORT

Regional Information Project

Revised, April 2008

A. REPORTING TIMELINE:

The Arts Endowment and NASAA will need information on each of the 31 fields listed in the attached "Reporting Conventions" for each award/activity by the first Friday in September.

RAOs should have obligated all or most of their NEA Regional Touring Program (NEARTP) money by September 1. If all NEARTP funds have not been obligated by that date, then a second advance report accounting for all of these funds should be submitted as soon as possible, but no later than the last Friday in June.

B. WHAT WE WILL NEED:

1. Data on multi-state arts presenting/touring awards/activities within your region that utilize NEA Regional Touring Program funds.

For multi-state arts presenting/touring awards/activities within your region that address the intent of the NEA Regional Touring Program but do not utilize NEA RTP funds, see the Final Descriptive Report Form Instructions page 11, item #29 "Other NEA Source" and Attachment 1, "Codes for Other NEA Source Field."

2. Data on multi-state arts presenting/touring awards/activities within your region that utilize other funds, and matching funds.
3. Completed Totals Page (front and back).

(Note: Other activities, such as in-state touring and touring outside your region, should not be included in this advance report, although they should be included in your Final Descriptive Report.)

DATA NEEDED INCLUDES:

- **Existing National Standard fields** for which information should be available at the time of the award. These include 1-19 from the attached list of reporting conventions.
 - We will also need the following **twelve additional fields**, 20-31 from the attached list of reporting conventions, for which information should be available at the time of award:

31. **Other Share:** The dollar portion of Other Funds.

NOTE: It is understood that information provided under the above system will be subject to change.

This information collection will not replace the final descriptive reports that regional organizations are currently required to submit within 90 days after the end of the NEA grant period.

** Although separated zip code data helps NASAA to verify congressional district and MSA information, we can accommodate agencies that store their zip code information in a single field. Those agencies should submit a single ten-digit field (5 digits plus hyphen plus four digits) in field 24 and leave field 25 blank.
