OFFICE OF THE DIRECTOR

Dear Resident:

Thank you for participating in the **Survey of Income and Program Participation**. The response(s) you gave are helping policy makers make informed decisions about the status of government programs designed to aid millions of people around the country. Because your household was selected to represent the U.S. population, your continued participation in this survey is important. We appreciate your participation greatly.

Enclosed you will find a change of address card and a postage-paid preaddressed envelope. **In the event that you or some member of your household have moved or plan to move, please fill out the card and return it to us.** Without updated responses from all respondents each year, our vital survey information would quickly become out dated. **In return for your cooperation in updating your address, your household will receive a \$10 debit card.**

As with your response to the survey itself, all information provided by you on the change of address card will be held confidential under Title 13 of the United States Code, which carries severe penalties for unlawful disclosure. This information will only be used to contact you during the second phase of the survey.

Thank you in advance for your help.

Sincerely,

Robert M. Groves  
Director, U.S. Census Bureau
